CLASS HISTORY

Does it not seem hard to realize that the class of 1957 was ever a class of silly young Freshmen? That a lot of silly, empty-headed youngsters could ever have developed into noble, handsome, thoughtful and wise-appearing Seniors is indeed something to be thankful for.

Whom shall we thank? Well, various people. First, I suppose, the men comprising the school board, then the Superintendent for his choice of teachers, and the Principal for the care with which he has prepared our schedule of study and insisted upon its faithful execution. Next, the teachers who have so faithfully and patiently worked over our empty brains for the last four years and at last succeeded in not only putting some valuable material into them, but have helped them to acquire the power of giving something out.

It was a bright and wonderful day in September, 1953, when a group of approximately one hundred eighty-one perplexed and bewildered Freshmen pushed our way into the halls of Emmett Scott High School. How were we supposed to know what to do? Those first days will long be the ones that we will remember. Well do we recall the number of blunders we made by going to the wrong classrooms and calling our teachers by the wrong names. But we were determined to make the most of our stay. We organized our homeroom sections and were carefully guided by our sponsors Mrs. Bradley, Miss Martin, Mrs. Ruth Boulware and Mr. T. O. Brunson. During the first year in high school, we visited the historic city of Charleston, South Carolina. The trip was enjoyable as well as educational. The year passed swiftly. By May we had become fully acclimated and were ready for our vacation.

September came again. One hundred fifty-seven of us returned as wise Sophomores. We had more experience, enthusiasm and determination to continue our studies. We felt superior to the Freshmen because we had gone through a year of orientation and could no longer be called greenhorns. This year our assignments were heavy and participation in the school activities were many and varied. The class was represented in various organizations including the basketball team, band and Girl Scouts. As time moved on, we waited patiently for the day when we could expect an assignment to the section of the gymnasium which would tell the whole school we were Juniors.

With the thrill of being Juniors came many new things. This was a very busy year, for we had to prepare for the Junior Class Play and plan for the Junior-Senior

Prom. The class presented "Smiling Through", a three act play, to a packed audience. It was a great success. The next outstanding feature of the year was the Junior-Senior Prom. The class took great pride in decorating the gymnasium in the form of a rose garden, and worked untiringly to make the affair one of many memories. After completing three years of hard work and having a summer vacation, we were Seniors. Only ninety-two remained to enroll at the beginning of the school year. This number indicated a tremendous loss of our former classmates who had fallen by the wayside, but we failed to let our loss retard the progress of the class.

The Senior class started out with a "Big Bang" under the direction of Miss Marie Davison, Mrs. Ruth Boulware and Mr. George Limehouse. The class officers were, President, Arthur Barber; Secretary Daisy McCrory; Assistant Secretary, Alberta Page; Treasurer, Leo Murray; Business Manager, James Frazier; Assistant Business Manager, Ilena Hill.

The first fund raising campaign was selling candies and drinks in the concession stand during the football games at the Rock Hill Stadium. Our next big event was presenting the Senior Class Play, "Mystery At Midnight". The play was humorous and exciting from the beginning to the end. The day we were called to the cafeteria to measure for our rings served as a turning point in our lives. Yes, the time was short and soon we would be walking down the long aisle to end a pleasant high school career and take our places in an adult world.

CLASS PROPHECY

2905-J please:

Hello Geneva, this is Thelma. Yes, Thelma McNeil Hudson I just thought I would call to tell you about the reunion for the class of 1957. Yes, that has been a long, long, time.

Arthur Barber has made it possible to have student government in all schools. He is the National President, and is enjoying his work immensely. Dora Gladden has lately become interested in the telephone business. Annie Lee Wise and Margaret Washington have become some of the best-known teachers of their time. They are now teaching at two of the most widely-known colleges in New York. We found that Leon Digsby is a captain in the Army. Of course, Rebecca Hall Digsby is his wife. You remember Paul Taylor, he's in the Army too. Hazel Roach is a nurse in Beverly Hills, California. She's the only lady working in surgery. How about that? Francina Blake has become a famous poet. Remember those rhymes she always made? James Frazier is a wise lawyer now handling an important case in the Federal Courts in Atlanta, Georgia. Mack Cureton owns one of the largest markets in Iowa. Eddie Meeks is a manager of Harvey Department Store in the South. In fact, it is the largest in the world. Lindsay Davis has become a famous and successful milliner. Mary Helen Johnson is a nurse now serving overseas in the missionary field. Hattie Campbell and Dorothy Knox are nurses in the largest hospitals in the West. They are doing all they can for humanity. Howard Chisolm is a bug collector, and is very interested in the study of insects. He majored in biology and is still the same ole slim jim. Bruce Miller has the honor of being one of the Marines. Oh! gee! He looks handsome in his uniform. Rogerline Hardin has now opened her "Photo-Shop" in Detroit, Michigan. She always did like pictures, and Ilena Hill is her assistant. Robert Craw-

ford owns one of the best known farms of York County. He raises all kinds of crops and is very successful.

Frances Ruth Blake is an airline hostess on one of the most modern planes. I thought she would have been married by now. We find the Center View Flying Corporation under the direction of Robert Graham. Can you imagine that? Thomas Roddey is very happy because he is now a missionary in China. Janette Sitgraves is a basketball coach in one of the largest schools in Tennessee. Annette Boyd is married and keeping her house well furnished. Yes, and just as full of life as ever. Jane McClurkin has established one of the most exclusive dress shops for women in Newark, New Jersey. Yes, I saw Mary Chisholm. She is a millionaire. I couldn't talk to her long. Barbara Thompson is a movie star. You probably saw her latest picture, "I Saw Love At My First Sight." Daisy McCrory is a secretary for a large business firm in the United States, so are Alberta Page and Annie Hardin. They are very efficient, too.

Proctor Roddey is engaged in politics. Would you believe it! He is now running for Vice-President of United States in the Democratic Party. Mary Mills is in New York singing with Willie Ann Jones. Willa Archie and Sylvada Thompson have recently written a book entitled "Advantages of Being Tall." Oh yes; you're talking about Margie Roddey. She became a teacher of stenography and typing and finally open a business college in India. Joseph B. Hall has a jazz band. Boy! They really rock and roll in the 16-98 House. You know he owns that place in Baltimore, Maryland. Do you remember Leon Jackson? He teaches economics at Johnson C. Smith University in Charlotte, North Carolina. Addie Lee Cathcart and Mary Ann Massey teach at California University; Addie is teaching speech and journal-

CLASS PROPHECY

ism and Mary Ann is teaching commercial education. Isabel Wells and Elnora Hall joined the Navy. Dorothy Rowells is a secretary in the President's office in Washington.

Frances Massey and Amy Anderson have their own television show. It is called "It's Time For Fun." Remember Franklin Stinson? He is a bus driver. He drives for the Grey Hound Company. Namon Lewis owns all the banks in Milwaukee, Wisconsin. Oh Brother, I would like to know who his wife is. Leo C. Murray is principal at the Harsh High School in Inman, South Carolina. Gloria Agers is a model on television. Have you seen her? The name of the show is "Fashions and Facts."

Hattie Frances Kirkland is married and she is an ice cream manufacturer. Ramseur Berry went into ice skating business in Paris. Hester Massey and Mattie B. Massey are registered nurses in Omaha, Nebraska. Bettye Patton is a movie actress. Carrie Lee Moore is teaching in an elementary school in Sumter, South Carolina. Willie Mae Jordan has a beauty shop in Philadelphia. We must drop by sometime for a hair-do.

Marion White is a radio announcer on NBC radio net work in Hollywood, California. William Barber, Eddie Meeks Mills, and John D. Barber are F. B. I. agents. Annie B. Cassell owns a dress shop in Chicago, Illinois. She carries the latest fashions. Robbie Mae Mickel is happy with her family in Dallas, Texas. James Cureton is a golf player in Albany, New York. He plays very well. Guess who owns the golf course? Roosevelt Archie; isn't that swell? Joe Lewis Massey is in Charleston, West Virginia and is the president of the Massey Coal Mines. James Cathcart is the vice-president. Fannie Roseborough is married and has five love-

ly children. She owns five houses in Nashville, Tennessee.

Claretta Caldwell is very successful with her family. Lizzie Robinson has become a registered nurse in Sioux Falls, South Dakota and loves her job. Remember Hazel Croquette? He's married to Johnnie Ruth Steele. They are living in Miami, Florida. Of course Johnnie Ruth is a model in a swanky fashion shop and her husband is a teacher. This has been a long conversation but I didn't want to leave out a soul. We missed you at the reunion, Geneva, but I told them what a wonderful music teacher you are at Columbia University. And now I must go because my lunch hour is almost up. This handsome husband of mine is the boss you know, his name is Frank Hudson from Chicago, a pilot and I'm a Mainliner hostess. If I'm not back on the plane in a jiffy it may be a new job for Mrs. Hudson. But I just had to tell you the news. Good-bye, Geneva.

CLASS SONG

TUNE: LONDONDERRY AIR

Dear Emmett Scott, the time has come to leave you,
 The treasured years, joy and guidance all behind.
 Ne'er shall our hearts in absence forget thee,
 Authentic tidings of invisible truths.

O' school of ours, the curtains are slowly closing
 On this our first of life's long journey's end.
 Keep high thy lamp of knowledge trimmed and burning
 Of our dear Alma Mater's sacred halls.

Rogerline Hardin

1941

Alma Mater

Francis Brooks

Handwritten musical score for the class song. The score is written on six systems of two staves each (treble and bass clef). The key signature is two flats (Bb and Eb) and the time signature is 4/4. The lyrics are written below the notes.

DEAR Emmett Scott, To thee, We raise our
 Song! Our voices sing thy Praise the
 Echoes we Prolong — the gold (the gold) the
 blue (the blue) We will ever Sing —
 Ever We sing thy Praise o'er hills and Plains.

2. Dear Emmett Scott
 To thee lead us we pray,
 Open our eyes that we
 Might see the dawn of day.
 The Gold, The Blue,
 We with glory cry,
 Ever we sing thy praise
 Dear Old Scott High.
