WASHINGTON, Jan. 21.—What has been the popular demand for the Senate to pass on legislation. The Senate, by a vote of 52 to 3, passed the bill to organize the various Democratic clubs, which had been introduced by Representative Michael. The bill, which was the result of a tentative program fixed by the Democratic Party, was expected to be a major victory for the Democrats.

That is still a proposal to improve the living conditions of people living in the area. The Democratic Party's main goal is to ensure that the people living in the area have access to quality education, healthcare, and housing. The Democratic Party has been working to achieve this goal for many years, and the passage of the bill is a significant step towards achieving this goal.

The bill was passed by a vote of 52 to 3, and it is expected to be signed into law by the President. The bill will provide funds for the construction of new schools, hospitals, and housing developments in the area. It will also provide funding for the improvement of existing schools, hospitals, and housing developments.

MICHIGAN EXPERIENCE WITH MACADAM ROADS

Michigan has had a significant experience with macadam roads. F. Rogers, state highway engineer of Michigan, is optimistic about the prospects of macadam roads. The state has been using macadam roads for several years, and the state's experience has been positive.

A letter from the Belgium chamber of commerce of Paris included in the report suggested 
"An appeal to the principal associations of great industries in the United States "in order to help Belgium resume its industrial and commercial position after the war.'

It is believed said the letter, from conversation with American bankers, that financial arrangements can be made in such manner as practically insure such purchases would be equivalent to cash transactions, thus doing away with any addition to manufacturers' net prices for remuneration on account of financing and commission charges.

Caucus to Pass on Legislation

To Consider Initiative Plan Passed by Attending Committee for Up County

Washington, Jan. 22—While the outcome of this week's session of Congress remains uncertain, the prospects for legislation of local importance are equally vague. The county board, however, will meet Monday, and its members will have the opportunity to discuss the proposed initiative plan passed by an attending committee for the county. The initiative plan, which has been reported favorably by the county board, provides for the establishment of a county hospital in the county. The board has also been asked to consider the establishment of a county road system, and to authorize the issuance of county bonds to finance the construction of county roads.

A Southern Gentleman Is Popular Everywhere

Just think this over a minute.—How many friends have you? Not the fellows who borrow from you—I mean the chaps who will fight for you! Fellows who believe in you—who stick by you through thick and thin. You can count them on one hand, can't you? But listen to this.—I have several million down South here. And why? Because I've been on the level.

I've played fair. I've never lied to my friends; nor cheated them; nor double-crossed them; nor held out on them. They know me by my right name—SOVEREIGN. A Southern gentleman of the South, born and bred in the real Southern stock. I mingle the blood of Virginia and Carolina—the best in the world—all chaste, sweetest, riper, smoothest—tobacco you ever smoked.

And why? Because I've been on the level.
