TO HOLD CHRISTIAN EDUCATION MEETING

The Johnsonian, Volume 6, Number 22, February 6, 1921

The Christian World Education Conference, which is sponsored by the Y. W. C. A. and the Student Union, will be held on February 9th and 10th.

A special feature of the conference will be the inclusion of students from various colleges in the state and from neighboring states. The conference will be held on the campus of Winthrop College.

Students are invited to join the conference in order to gain a better understanding of the educational opportunities available to them. The conference will include various sessions, including workshops, seminars, and panel discussions.

The conference is open to all students, including those who are not currently enrolled at Winthrop College. Students who are interested in attending are encouraged to register as soon as possible.

For more information, please contact the Student Union at 803-555-1234. Registration forms can be found on the Student Union's website.
ARE YOU PLANNING TO ATTEND?

What do you know about Christmas World Redemption? Most people don't. There are some vital issues in that matter. There will be a very popular town that will be on here in the coming New Year. Questions which do not have ideas in your mind will be quickly decided. You will come to a better understanding of the more important issues and less of the today.

The future is from the other college—welcome them. Cultivate an open mind with those. I.T.

"All the world's a stage!" Immortal words of the immortal playwright, Shakespeare, and to put it in the form of comedy and tragedy of man on the stage of the theater. This week, February 1 through 8, has been Drama Week. What goes on this week is to date the theater as one of the greatest forms of the arts. Side by side with the development of civilization has drama development been. As a matter of record one may see the rise of the stage, from the first dramatic page to the greatly renowned Phantom's Play in Europe, as a Colorado College is today.

In this same spirit of artistic community which has brought into being the moving force of the important art. Music, as its sister, has combined with it. For this is the time which has brought the emotions of all nations. "Grand opera" is a sort of international language that is understood by all peoples.
