I pity no man because he has to work. If he is worth his seat he will work. I envy the man who has a work worth doing and does it well.

FLY, FLY AWAY!

Now is the time to begin thinking of your screens—both windows and doors.

There is nothing extravagant about screens—they are much cheaper than doctors, and much safer than death.

Flies and mosquitoes mean sickness, causing much suffering and personal injury. You cannot afford not to have your home well-screened.

We will gladly measure your doors and windows and deliver the screens in a few days. Call us in and have your screens fitted, and taken care of, and have no further worry.

For the past day, we have received many letters asking for advice on the care and maintenance of our screens. We have found that the best way to care for them is to wash them with soap and water at least once a month.
