In the past we have designated our various models by numbers. For instance our five-passenger Touring Car, 1919 Model, is known as model 400-C, seven-passenger Touring Car Model 400-A, etc.

We find that the general public get more or less confused over numbers and letters, and it is our desire to designate all models by appropriate names in the future.

We are now manufacturing five models as follows: Five-passenger touring car, seven-passenger touring car, four-passenger Sport touring car, convertible Roadster for two or five passengers, and a five-passenger convertible Sedan.
