WIND AND RAIN

CAUSE DAMAGE

Reports From All Sections of the County on the Storm

Yesterday morning between 2 and 2:30 o'clock a severe wind and rain storm visited the city resulting in some buildings being blown down, trees uprooted and causing much alarm. Reports from the county indicate that the storm was general, fell in torrents and driven by the wind came in all kinds of cracks and crevices and many had to leave their homes because of the rain coming in. Following the passage of the storm, yesterday morning dawned clear but the weather was very disagreeable and the wind was still going at a lively gale.
In the negro settlement "Brooklyn" new Baptist Church which the colored people were erecting was demolished. The roof had not been put on the building, the rafters having just been put in place. Many smaller outbuildings were turned up and limbs of trees were everywhere. Reports from the other sections of the county in so far as the Lantern was able to obtain them follow:
Additional reports received since yesterday morning shows that two negro houses near the residence of Mr. J. L. Glenn were blown down by the storm yesterday morning. The barn and outbuildings were turned up and the Wilson place on Lacy street were roofed. The roof of the building over the R. of P. Hall on the hill was damaged and water got into the lodge room.
CHURCH DAMAGED AT ORR'S STATION.
Orr's Station March 25th: The severe wind and rain storm which swept over this section early this morning lifted Carmel Presbyterian Church from its foundation and set it a distance of about two feet. Many trees were blown down and the high wind was accompanied by a heavy downfall of rain.
HEAVY RAIN AT BLACKROCK.
Blackrock March 25th: A heavy rain storm accompanied by a heavy pour swept over this place early this morning. Trees were blown down and several of the smaller outbuildings were damaged considerably. Outside of these and the leveling of fences and springing of leaks no great amount of damage was done.
BLEW DOWN A CHIMNEY.
Ridgeway March 25th: A heavy rain in company with a driving wind storm swept Ridgeway early this morning. One of the chimneys of Dr. W. M. Wylie's house was blown down. Several trees were laid over with the ground and many fences are down. No other damage of any consequence has been reported.
LITTLE DAMAGE AT LANDO.
Lando March 25th: The big down-pour of rain which visited this place early this morning came along with a high wind. Two electric wires were down as a result of the storm. Some trees were uprooted but no other damage was done. The rainfall was the heaviest for some time.

GENERAL SESSIONS COURT OVER.

Adjudged on Wednesday at Noon—Common Pleas Begin on Monday.

Court of General Sessions adjourned sine die Wednesday at noon. The case of C. T. Allen, charged with the possession of property under lien, which was being tried as the Lantern went to press on Tuesday, resulted in a verdict of not guilty. Thomas Washington, charged with assault and battery with intent to kill, resulting in a verdict of not guilty. The last case was that against Henry Stinson, charged with rape, it also resulting in a verdict of not guilty. This completed the work of the Court of General Sessions and it was adjourned sine die. Judge Klugh left on the noon train for his home in Abbeville and he will return on Monday to preside over the Court of Common Pleas which will begin work on that day.
The grand jury finished their work late Tuesday afternoon and came into court with their final report and were dismissed. The report follows:
To the Hon. J. C. Klugh, presiding judge.
We, the grand jury of Chester county, beg leave to submit the following report:
1. We have passed upon all bills given us by the solicitor and have reported the same to the court.
2. We have examined various matters that have been brought to our attention, calling such as seemed of sufficient importance to the attention of the court and discharging others that we deemed of insufficient importance.
3. In this connection we beg to recommend that in the future all cases of trivial character be handled in the magistrates' courts so as to avoid expense and waste of time in the higher court.
4. We beg to acknowledge receipt of itemized statements from the county supervisor and clerk of court, accounting for funds in their hands, and we find the same accurate and correct so far as we are able to ascertain.
5. We have examined all the county orders by committees appointed from our number for the purpose and find these offices well kept. We would recommend, however, that the county employ an expert for this purpose, as provided for by local enactment, and that he give each office a careful examination, such as we have not been able to give.
6. We beg to submit that we have conferred with the supervisor and all of the county commissioners with regard to alleged sale of liquor in this county, such having been referred to the county commissioners and they have handled us, and have also called to others, but are unable to get any information as to the guilty parties. We are convinced, however, that if liquor is being sold in the county in violation of law, and we call upon officers and citizens to exercise their best endeavors to see that the law on this subject is carried out.
7. We have been informed that the Southern Power Co. continues to disregard warning with reference to fields in the county commission's report work on the Sabbath day at their works on Catawba river, and we urge the proper officers to take this matter up.
8. We also understand that the Southern Power Co. wires on their pole line near El Bethel church, where a line crosses public road, are so low as to make it dangerous to pass beneath, and we recommend that the matter be looked into.
9. We would recommend that a janitor be regularly employed to attend to the various offices at the court house, performing such duties as cleaning up, making fires, etc., and that the remainder of his time be given to the care of the court house grounds. We further recommend that the water spigots in the closet in the rear of the court house which is the only spigot for drinking purposes on the property, be removed to a more suitable location in the building.
10. On account of the distance to the chain gang camp and the condition of the roads we have not visited the county chain gang, but have appointed committees to make such a visit in due season and will have

Are You Interested In a Nice Appearance If you are

you are respectfully invited to come and see the unusually beautiful display of all wool fabrics now being shown. The styles, too, are prepossessing and clever, and just the kind to enhance the appearance and make it unusually attractive.

A Nice Appearance is sought after by everybody and a nice appearance is almost impossible without the aid of nice appearing clothes.

J. L. Taylor & Co. of New York specialize on beauty. If you will look over their fall wool samples and styles you will observe that the keynote of all is beauty. All the latest shades and effects are shown and every known elegance of line is displayed in the style designs. The all wool fabrics have that soft, pleasing appearance which is so essential to nice appearing clothes, and the prices, too, are very moderate and within the reach of all. Get your clothes made to your individual measurement and let them be Taylor made. Be sure and ask for the Taylor all wool line.
