PREPARING THE WAY

American firm cautious about U.S. securities

A comparison is beginning to come to the notice of the public that the American firm is cautious about U.S. securities. This is seen in the fact that the firm is making relatively small offers in comparison with the large offers made by other firms. The caution of the American firm is attributed to the fact that it is not convinced that the market is ready for a large volume of new issues.

We wish to announce the installation of a new Mergenthaler Linotype Model 14. The Linotype Company has been making rapid strides toward the improvement of the Linotype and this Model 14 is the “Last Word” in Linotype construction.

The Publishers of News, realizing the wonderful possibilities of this machine and being ever mindful of any improvement we could make for our readers and advertisers, have brought to Chester the second machine of this type to be placed in South Carolina.

This Model 14 is a machine of the Multiple Magazine type, which is the magazine of which there are four, are arranged one over the other so that the operator in about one second can switch from one size type to another, setting eight, ten, fourteen or thirty point type and in varying measures.

The wide awake advertisers can at a glance see how this will mean toward improving ad composition in The News Office—practically every line of type in your ads will be absolutely new each week.

With the addition of this machine The News places at the disposal of its patrons the best equipped newspaper and job printing plant in this section. This means better service more careful composition, and more modern methods of handling advertising and commercial printing that can be secured elsewhere.

Nothing but “Delivering The Goods” has enabled us to secure the very liberal patronage both from our readers and advertisers, so we are prepared now more than ever to “Deliver” by the installation of this latest and most modern composing machine.

The installation and erection of this latest Linotype was not only new to many who came in the office, but was also one on the publishers. Mr. L. M. Cowgill, who was sent here to erect the machine, is beyond doubt right on the job. He knows the Linotype just as a school boy knows the alphabet and a machine certainly goes up when he gets around.

We wish to extend a cordial invitation to our many subscribers and friends to call and see this new machine.

PROMPT SERVICE

"THE MARVELOUS MOTOR"

The Name Still Holds

WHEN the Chandler pioneered the light-six field and changed the trend of the whole motor car industry three years ago, enthusiastic Chandler owners named the Chandler Motor "The Marvelous Motor." It was the marvel of motors. And it still is the marvel motor,—more marvelous now than then. In every fundamental way it is the same motor, though more powerful and more flexible, and three years have served to refine it wherever refinement was possible.

In the midst of extravagant claims for new theories and untried ideas, the Chandler motor stands free from any hint of experiment. From coast to coast men know WHAT this motor does, men KNOW they can DEPEND on it, men KNOW its service quality is enhanced by the fact that it is A PROVEN MECHANISM.

And Chandler bodies, the new big seven-passenger touring car body with its walnut-paneled brougham top and new four-passenger Roadster, are the most beautiful lines that have been seen in this field.

NO THANK YOU
If the Chester county people want to prevent the ordination of the young preacher from the church by which he was associated, they will be able to do so by voting against his ordination at the next annual meeting. The ordination of the young preacher is scheduled for May 1st, and the meeting will be held at the Chester county church on that date.

THURSDAY

Big Shows, 15th to 19th April, 46 Artists, 22 Pieces Concert Band, 30 Big Acts and Night sport.

PETITION PRESENTED
Petition from portions of York, Chester, and Fairfield counties, expressing their opposition to the Ordinance of the Governor and General Assembly, which was passed in February, and which is now being considered by the State legislature. The petitioners pray that the Governor and General Assembly be restrained from enacting any further legislation in the same direction, and that the people of the State be permitted to continue their present system of government.

Alone With the National Spirit

That backward action, his
mark—every class of "Bull"
Durham—still in the
Smoke of the Serenades from
Morris, N. C., and Phila.-ton.
Their crop, born adverse to a
fog, is the tobacco and, as Dunbar
cigarettes that just suit men of
spunk and spirit.

Genuine BULL DURHAM
SMOKING TOBACCO

A "roll your own" "Bull" Durham is the quintessence of
immuniveness—character necessarily,
given up to a wonderul mellow-cured
and, unique flavor, is almost flinty either otherwise.

Learn to "roll your own" with the Durham packet for
trials will do—and you'll get far more enjoyment out of
your own cigarette that just suits its ten of

"There's crisp, brisk ampk to a
fresh-rolled "Bull." Our Ham
"Bull" Durham has made it

Hereby announce myself a
candidate for the office of
Clerk of the County, subject to
the rules of the Democratic party.

J. E. NUNNERY.
