SOUTHAMPTON VICTORIOUS

I believe that God made us to work. I believe that he made us to live and to love and to be happy, living by the sweat of our brow. But I believe that he made us to love our work so much that we would find real and profound pleasure in it; and so labor on until tired out, we might sleep like little children at the end of each day.

—David Belasco
To Housewives:

As a feature of our ELECTRIC RANGE CAMPAIGN, Miss Brown A. Prout, well-known housewife and editor of several women's magazines, will be in Chester tomorrow (Monday, April 16, 1923), and will make a demonstration of the operation of electric stoves in our store room.

April 16, 17, 18, 1923
At 3:30 O'clock

Every housewife in the city is invited to attend this demonstration. We particularly wish those who have elected the installation of an electric range and those who are already using this modern cooking appliance.

The electric range is almost too good to be true. If you should tell all the good things about it, including the few that are not quite as good, you would not believe them without seeing them actually demonstrated.

Housewives who are still sticking to the old wood, coal or oil range are doing themselves and their families an injustice.

Come to the demonstration, come on Monday, April 16, and 17, and 18, and 19, and see for yourselves.

D. E. Collin, Registrar.

G. W. Byars, Mayor.
