FRIDAY, APRIL 4.

COMMENDATION.

The present city council of Chester has recently been criticised for various and sundry things—some of them just and probably some unjust. The News has joined in the criticism. We feel that we were justified in doing so and will probably have some more criticisms to make in the future.

But the News feels like this. No matter how many wrong things a man may do we believe he should be commended when he does anything right and the News takes this opportunity to commend the city council and we will add the Mayor, for creating the office of City Recorder at their meeting Wednesday night Mr. Mayor and Gentlemen of the Council. The News feels that you have, in this one act, rendered a valuable service to the citizens of Chester, not only in a direct way but indirectly also.

Mayor Davidson at a recent meeting stated that he was against the city having a Recorder. The News did not agree with the view of the Mayor but, of course, can consider that he was as much entitled to his opinion as the News. However, the Mayor, has since looked thoroughly into the matter and has become convinced that a Recorder for Chester was the proper thing and supported the measure at the meeting Wednesday night. The News could not help but recall the old adage, "A wise man sometimes changes his mind, a fool never."

TRIBUTE OF RESPECT.

Whereas God in His inscrutable wisdom has seen fit to remove from our midst Dr. Stewart Wylie Pryor, it is hereby resolved, that

1. In the death of Doctor Pryor the State, one of her most skillful and successful surgeons; the county, one of its most enterprising and useful citizens; and the Chester County Medical Society, a valued member; and we members, personally a dear and much-loved friend.

2. That we bear affectionate testimony of his Christian character, his unusual skill and success as a surgeon; his untiring ministry to the sick and afflicted and his genial and affable manner.

3. That we express our deepest sympathy to his wife, his children and other kindred.

4. That these resolutions be put in the minutes of the Society, a copy be sent to the bereaved family, and that they be published in the local papers.

W. M. LOVE,
J. P. YOUNG,
W. R. WALLACE,
Committee.

TRIBUTE OF RESPECT.

After a brief illness from influenza, followed by pneumonia, Dr. David A. Colman died December 18th, 1918. In his death this Chester County Medical Society has lost another one of its faithful and devoted members.

Therefore, we resolved:
1. That in the death of Dr. Colman, not only does the Society mourn his loss, but the community in which he labored so earnestly and faithfully. Of charming personality, and quiet dignity, combined with a fine mind and spirit, he was well fitted to adorn his chosen profession.

2. That we recognize the fact that in the short time allotted to him for his life work, he did it earnestly, faithfully and well.

3. That we desire to express to his bereaved wife and children, our deep sympathy for them in their affliction, and we commend them to the God of all comfort and guide and keep them.

4. That these resolutions be spread on our minute book and that a copy be sent to the family and published in the county papers.

W. M. LOVE,
W. R. WALLACE,
J. P. YOUNG,
Committee.

We Are Prepared for "Dress-up Week," April 5th to 10th, at The S. M. Jones Co.

PROFESSIONAL CARD.
Dr. Robt. E. Abell, having been discharged from the U. S. Army, has returned to Chester to resume his work. Practice limited strictly surgery.

COUNCIL MEETING

The regular monthly meeting of the city council was held Wednesday night with Mayor Davidson and Aldermen Nicholas, Chittenden, Cross, Calhoun, Pryor and Byars present. Alderman M. R. Clark was out of town and Alderman McLarnon telephoned that it would be impossible for him to attend on account of pressing business.

The report of the chief of Police was read and the months of February and March showed that there had been a considerable increase in the amount of fines collected during the two months. February, fines amounted to \$397.50 and the March fines were \$418.50. It was explained that a few "Paw-Paw" cases were largely responsible for the increase.

A committee of about forty ladies of the City Missionary Union were present to protest against the showing of vaudeville at the Liberty Theatre. Mrs. T. M. Douglas, president of the Union, acted as spokesman for the committee and presented the matter to the members of the council in a very forceful manner. Her ladies who spoke in connection with the matter were Mesdames: C. Herbert, J. L. Cartherton and Mrs. Robt. C. Love. The ladies stated that the vaudeville which were being shown were very harmful to the people of the community.

They also mentioned the bill board, and asked the council to put a stop to only to the show going on at the theatre but to future vaudeville. Attorney Paul Hemphill suggested that since the ladies of the town had come before the council making complaint that a vaudeville was being shown, that the Mayor call upon the chief of Police to put a stop to the show at once. Alderman Nicholas seconded the suggestion in the form of a motion, which was seconded by Mr. Calhoun, and the chief of Police was ordered to stop the vaudeville show, which was duly done. A circular was sent out by the Mayor Wednesday morning advising "Gangster Night Tonight," was placed in the hands of the Mayor and councilmen.

He stated that the circular was sent to cause the show to be stopped. The Mayor called for a rising vote on the motion of Alderman Nicholas and all six of the Aldermen present immediately rose.

Miss Irene Gregory who recently engaged as assistant to the city clerk and treasurer, has been succeeded by Miss Anna Johnson, and City Treasurer McFarlane asked that he be regularly elected to the position, which was done.

Several minor matters relating to mail amounts of taxes over-paid were discussed and church of "Second past" day paying bills were taken up and discussed separately.

It was decided to turn them over to Attorney R. L. Douglas for collection at the rates established by the Chester fire association.

The city clerk stated that he was in need of several water meters which would cost approximately \$120. On motion of Mr. Cross, seconded by Mr. Byars, the clerk was instructed to purchase same.

The Mayor by request, brought up the matter of painting the buildings at the fair grounds and the city clerk stated that it would cost approximately \$800 to do the work. It was generally admitted by the council that painting the buildings would be beneficial to same and the finances were lacking.

The Mayor stated that a Mr. Woodall had been to him with reference to renting the Opera House. Council discussed that matter and decided that they would not rent the Opera House at the present time.

The matter of electing a Recorder for the city was then taken up and Mr. Cross made the motion that the council elect one, this motion was seconded by Mr. Calhoun, whereupon the councilmen began a general discussion of the matter. Mr. Pryor expressed himself as being against the matter. Mr. Byars stated that he was not in favor of electing a Recorder if it would cost the city more than was at present being paid the Mayor. It was then explained that the motion of Mr. Cross was to the effect that the Recorder should receive a salary of \$300 per annum and that the Mayor would serve without compensation. Mayor Davidson stated that he had expressed himself as being against Chester having a Recorder at the Mass Meeting several days ago. He stated, since that time he had thoroughly looked into the matter and had also discussed the matter with citizens of Rock Hill, where they have a Recorder, and found that all towns where they had a Recorder were well pleased with them. He at first thought a Recorder would be in politics as well as the Mayor but his opinion has now changed and he is now in favor of it.

Mr. Cross then stated he would allow his motion to stand and Mr. Byars nominated Mr. R. L. Douglas for City Recorder. This motion was seconded by Mr. Calhoun. The motion was carried to take effect at the election of a Mayor next month.

City Attorney Paul Hemphill brought up the matter of having the city ordinances printed in book form, which has not been done for several

years. Bids were given in and the attorney was instructed to have the work done by one of the local newspapers.

The various recommendations of the committee which were presented to a mass meeting of citizens recently were mentioned but owing to the lateness of the hour it was decided to handle same at a later date.

A CARD.

I appreciate the confidence my friends have in me in wanting me to be mayor. I value that to be mayor of Chester is a man's job and will take the most of his time if he does his duty. I cannot give the time.

To Business Men

You're a business man, and we do not hesitate to approach you with our proposition in a true business-like fashion.

When you send out letters to advertise your business, you want them to get the attention that your proposition merits.

Frankly, this letter is an advertisement for our business. We are simply taking this means of letting you know that we have just received some new models in Spring suits and coats developed by the famous House of Kuppenheimer.

The advantages offered by these garments will appeal to every business man's sound sense of values. These garments afford all of the qualities and desirable features found in the high-priced custom tailored products, yet they cost considerably less.

It's worth an investigation. The money you save is but one consideration. In addition, you get the latest word in style—models produced by America's foremost designers, and approved by authorities everywhere.

As a business man, we know that you will want to get maximum value for every dollar you invest in Spring outfit.

THE S. M. JONES COMPANY

Remember, Dress up week April 5 to 13th.

LOCAL and PERSONAL

On Board a Transport bound for France some one asked a negro from Sandy River, S. C., how he liked to travel by water. "Ah don't like it, sure," was the reply. "When ah travel ah lak to kink up a dunt—that is the way of the most of the young men of Chester county who are getting back into civilian clothes. They want to 'kick up a dunt' when it comes to style and we've had Hart Schaffner & Marx to make us many of these dunt kicking up models, that it will be a pleasure to show you. The Rodman Brown Co.

Ladies, We Received today a beautiful line of Georgette dresses in the best colors and styles. You are invited to call and see them at The E. E. Cloud Co.

Mrs. H. K. Hoops will leave tomorrow for Monroe, N. C., where she will spend several days with relatives.

The Same Ad that Rodman Brown Co. are running in this issue will be found in this week's Saturday Evening Post.

Miss Jane Ferguson has been her guest, Miss Eva Ferguson of Asheville.

Dresses for Stout Ladies—Just the thing you have been looking for. Colors navy and black. All sizes up to 50. Call and see them. The E. E. Cloud Co.

Mrs. Nannie Simpson has returned to her home in the city after a visit of several days to her daughter, Miss Neola Simpson, who is teaching near Orangeburg.

Special Prices on ladies' coat suits at The E. E. Cloud Co.

Little Miss Margaret Drennan and her brother, James of Richburg and Mr. North Allison of the University of South Carolina spent the week-end with the family of Mr. R. B. Allison—Lancaster Clinton.

April 5th to 13th has been set apart as Dress-up Week in Chester. We are prepared for this dress-up event. Everybody get dressed up at The S. M. Jones Co.

The many friends of Mrs. Leroy Springs regret that she has contracted the influenza, after having escaped during the great epidemic of last fall when so many in Lancaster and mill village were either patients or victims and she was constantly exposed to contagion for a month or more as chairman of the Lancaster chapter of the Red Cross. Her condition is favorable at present and it is expected that she will soon recover. Lancaster Citizen.

Everybody get dressed up "Dress-up Week" April 5th to 13th, at The S. M. Jones Co.

Chairman J. S. Wannamaker of the central committee of the South Carolina Association, advises The News that the all mills of the state will probably start buying cotton seed within the next few days. For cotton seed and many farmers have been using them for fertilizer purposes. Every effort has been made to have the conditions that have operated to close the market removed.

New Shipment Capes and coats at very moderate prices. Call in and see them. The E. E. Cloud Co.

Many citizens of Chester will regret to learn that Mr. R. R. Hafner has decided not to offer for the office of Mayor of Chester. Local politicians say that it would be hard to find a man as acceptable to all parties as Mr. Hafner. He is generally believed that he would make Chester an up-to-date and progressive Mayor. Just who is to be Mayor of Chester during the next term is as yet a matter of speculation. Several names have been suggested but no one has yet announced his candidacy. Chester this year, and none have yet announced their candidacy. Mr. M. R. Clark, present Alderman from Ward 1, is being urged to offer for re-election but has not committed himself.

Dress-up Week—April 5th to 13th has been set apart as Dress-up Week in Chester. We are prepared for this dress-up event and want everybody to get dressed up during "Dress-up Week" at Chester's largest and best store. The S. M. Jones Co.

For Sale—Barred Rock eggs, last year, \$1.50 per setting. R. H. Gwynne, 1500 Hemphill Avenue. St.

FARMERS ASKED TO TAKE BONDS

Special Appeal on Behalf of
Liberty Loan Issue is Sent
Out by Washington Representa-
tive of National Grange

Every farmer in America is expected to support the Victory Liberty Loan, says Thomas C. Atkinson, the Washington representative of the National Grange-Patron of Husbandry, who has sent the following letter to the officers of every farm grange in the United States:

"Victory Liberty is the slogan for the new loan. The drive is to begin April 21, for the sale of six billion dollars in Victory Liberty bonds. These bonds are payable all that is lost in America's spirit. American farmers must respond to this appeal.

"What the farmers of America did to sacrifice and in accomplishment in food production and in bond buying during the war was part of the record. It is a record of which we should be proud. It must be made good by meeting the obligations, which result from the outpouring of American strength which conquered the enemies of Liberty and civilization.

Time to Get Ready.
"It is time to get into this Victory Liberty bond campaign. An appeal of the war has gone unanswered to the full limit when brought to the attention of the farmers. Men, women, what other food to matter what the obstacles to the distribution. The answer has been full and certain. The answer must be the same in this campaign.

"Millions of soldiers must be brought home thousands of sick must be cared for thousands of wounded and mutilated must be made ready for future usefulness. We must arm a nation and mobilize its resources in a war machine of such tremendous power that our enemies surrendered rather than face it and thereby months or years of famine and thousands of lives were saved. Now we must pay the obligations created by the effort. Who says 'No' to this? Just pay for that which prevented a great sacrifice of life and blood.

World Wants Products.
"There has not been the loss of the American farmer's product in the world which needs all our products. American farmers reap on the safe basis of need and service. The investment of the hard earned dollars of American farmers in Victory Liberty bonds is a safe investment with a certainty of return. And the money will be back into circulation making more business increasing the market and the demand for farm products and increasing prosperity. Buy Victory Liberty bonds.

"Make your investment in Victory Liberty bonds. The measure of confidence in American institutions and that democracy for which you have offered the same sacrifice is a symbol of your determination that the war shall not have been fought in vain, an offering of thanksgiving for peace."

HOW WAR BONDS GO UP IN VALUE

History of All Loans for a Century Shows That Advance Has Always Come with Peace

Will history repeat itself? The question is in the minds of many bond buyers these days. Records show that the price of bonds has always advanced during war times of the past but soon after peace was declared advances rapidly.

During Napoleon's war, prices of English 5 per cent annuities rose from 75 to 82 and 84, the high in 1814 to 85, the high and 84, the low in 1824. During the American Civil War, French 5 per cent annuities rose from 75 to 82 and 84, the high in 1864 to 85, the high and 84, the low in 1864.

During Napoleon's war, prices of English 5 per cent annuities rose from 75 to 82 and 84, the high in 1814 to 85, the high and 84, the low in 1824. During the American Civil War, French 5 per cent annuities rose from 75 to 82 and 84, the high in 1864 to 85, the high and 84, the low in 1864.

Four series of Liberty bonds have been issued and the fifth, known as the Victory Liberty Loan, will soon be offered. These securities have behind them the resources of the United States and the protection over deposited the resources, and the bonds are the most secure of the most secure. The investment value of the bonds can never decrease for the interest will be paid and the bonds will be redeemed at full face value at maturity.

MARINES TO HAITI

Brigade Already There Will Be Re-
inforced

Washington, April 12.—Recent activities of brigandage in Haiti has led the navy to reinforce the brigade of marines on duty in that republic. It was learned today that the number of marines have been ordered to join the force already there. A large part of the reinforcement, it was said,

WHAT TIME IS IT?

Tick-tock—
It isn't much of a clock as clocks go. Just an ordinary, everyday affair, such as one sees on the wall of almost any office. Perhaps you've never shared up at it unless you happened to be late for luncheon.

It hangs in the counting room of one of the biggest banks in New York, but there's nothing unusual about it. It says that it was put up the same day an Austrian princeling got himself killed at Sarajevo—and started the war.

It used to keep pretty good time. After we got into the war and got to going good, some one put a little red wax across the face of it so that whenever you looked up to see what time it was you saw the little sign staring at you importunately.

—TIME TO BUY LIBERTY BONDS.

Tick-tock—
This clock was ticking off the minutes when the guns were booming across the Somme and while the French troops were hammering at the gates of Verdun. It was ticking when the Longines were down—when Bernstein went back—when Pershing was over. It was ticking when there wasn't an American soldier in the Western Front, and when there were two million, with more on the way.

Tick-tock—
It was ticking that day four months ago when the German Committee of Public Safety was in session, and when the German people were in a state of confusion.

Tick-tock—

The "military air" in Business

IT'S a great thing, the military bearing; makes you feel like "doing things." The returning fighters have it; it's becoming to all men. The spring clothes we have for you are designed to give a man the "military air," waist-seam models for an erect, chest-out appearance. They come in suits, single and double-breasted. You're sure to like them.

Water As A Medicine.

Until very recently people suffering from fever were denied water. A little cracked ice to relieve the thirst, but no water, said the doctor. Thus the patient, craving water, was systematically starved for each day.

The enlightened physician, in a fever case, prescribes quantity of water. In fact, the effects would be not less beneficial—even more so, perhaps, inasmuch as the waters of the sea are heavily charged with mineral salts that are true medicinal drugs and liable to be injurious when taken so recklessly.

Popular Science.
The water has two good effects. It tends to reduce the fever, and it flushes out the alimentary canal, incidentally getting rid of the bacterial "toxins" that are true poisons.

Nowadays, in all kinds of sickness, the first importance is to accomplish a thorough and immediate cleansing of the patient's inside system. Water, the "universal solvent," is used for the purpose.

Perhaps, by a little medicine, the patient is required to swallow glass after glass of water, as he can manage to pour into himself. The simple treatment, supplemented by four half grain doses of calomel at half-hour intervals, brings quick recovery.

There used to be quite a fad for drinking one or two tumblers of water before breakfast, every day. Excellent idea. But it is not agreeable, and water at the opportune of the air will serve the purpose just as well.

Most people who make a habit of taking drugs to encourage proper functioning of the body will find that a daily pint of water before breakfast is a most serviceable.

The benefits deriving from the waters of mineral springs have for centuries gained popularity and profitable patronage for various "spas" in this country and abroad, but the fact is that the salts contained in

them have little to do with their curative effects. People who go to such places usually imbibe the waters in great quantity day after day, and the "cures" accomplished are due to thorough internal cleansing.

If they drank an equal quantity of ordinary water, it is likely that the effects would be not less beneficial—even more so, perhaps, inasmuch as the waters of the sea are heavily charged with mineral salts that are true medicinal drugs and liable to be injurious when taken so recklessly.

The Drive April 7-10.

Funds for the suffering Jews in Palestine will be solicited within the next few days and it is to be hoped that the people will rally to the cause.

It is well known that the Jews of this country contributed liberally to the various causes during the war and all Americans should recognize, so to speak, their contribution.

In speaking of the return of New York troops recently a New York paper had the following to say:

"To voice the high esteem in which Jewish men of New York, who fought overseas are held by their compatriots of the city a Web-Home Committee of prominent Jewish citizens has been organized. John L. Bernstein, president of the Hebrew Sheltering and Immigrant Aid Society is chairman.

"This committee was organized in special appreciation of the return of the Seventy-seventh Division, in which there are about 14,000 men of Jewish birth. When they land in New York they will find that in addition to the general welcoming celebration organized as a whole, a separate reception awaits them, in which all Jewish New York, and particularly the East Side, where many of them live, will take part.

"The committee intends to carry on an extensive canten service, to have a separate parade arranged for them, and to throw open as a whole, a separate reception awaits them, in which all Jewish New York, and particularly the East Side, where many of them live, will take part.

"Among the other features which the Jewish Welcome Home Committee is preparing for the 'illumination of the East Side and a dinner for the officers of the Seventy-seventh Division. The members will also cooperate with the Mayor's Committee in organizing the general celebration welcome for the entire division.

"After the return of the Seventy-seventh Division, the committee will turn its attention to the erection of a permanent memorial to the Jews of New York who died in France for their country. This will be erected in Seward Park, or in some other location, advised by the city officials."

STOMACH TROUBLE

Mr. Marion Holcomb of Nancy, Ky., says: "For quite a long while I suffered with stomach trouble. I would have pains and a heavy feeling after my meals, a most disagreeable taste in my mouth. If I ate anything with butter, oil or grease, I would get it up. I began to have regular sick headaches. I had used pills and tablets, but after a course of these, I would be constipated. It just seemed to tear my stomach all up. I found they were no good at all for my trouble. I heard

THEDFORD'S BLACK-DRAUGHT

recommended very highly, so began to use it. It cured me. I keep it in the house all the time. It is the best liver medicine made. I do not have sick headache or stomach trouble any more." Black-Draught acts on the liver and helps it to do its important work of throwing out waste materials and poisons from the system. This medicine should be in every household for use in time of need. Get a package today. If you feel sluggish, take a dose tonight. You will feel fresh tomorrow. Price 25c a package. All druggists.

ONE CENT A DOSE

their country. This will be erected in Seward Park, or in some other location, advised by the city officials."

COAST ARTILLERY PLAN

Colleges Will Turn Out Officers for Reserve.

Washington, April 2.—Establishment of coast artillery reserve officers' training corps units at many of the educational institutions which now have military departments have been decided upon by the War Department. Officers were detailed today from the coast artillery corps to confer with the various institutions regarding questions of such units. The intention is to inaugurate
