WORK FOR FUTURE SEEN AT MEETING

Cotton Association Faces Large Program—Farmers From All Sections Gather in Montgomery for Annual Convention.

Montgomery, Ala., April 16.—It would be a dull affair, indeed, at the meeting here, if failed to see the almost marvellous work this association has set out to do...

And the accomplishment of this purpose as caught from the vision awakened by what is seen and heard at this meeting means a restoration of the wealth and culture, and glory of the Old South. It means in the burning words of Senator D. Smith the full use of the monopoly which nature has given South.

Senator E. D. Smith is really the only speaker who has been eloquent. He has aroused the convention to a high pitch of enthusiasm. He was an appeal to the emotions and was a relaxation from the more formal minded talks which have made the 700 to 800 men who have made up the audience seriously realize the mistakes and detriments of the past and the independence and wealth which will follow from cooperation in the future.

Aaron Sapro of California, attorney for about 15 cooperative organizations of growers of fruits and nuts, struck the keynote of the meeting and got prolonged cheering when he urged the formation of a marketing association.

SUIT TO SET ASIDE PICKFORD DIVORCE FILED

Attorney General of Nevada Files "Interest of State" in Florida Papers.

Minden, Nev., April 16.—A suit to set aside the decree of divorce granted by District Judge Langen to Gladys E. Moore known as Mary Pickford from Owen Moore was filed here today by Leonard B. Fowler, attorney general of Nevada.

SCRIPTURES OF THE CHRISTIANS

The word "Bible" or "Holy Scriptures" is the customary term in the church and theology for the ecclesiastically acknowledged collection of the Old and New Testament writings.

The Bible, therefore, may be said to designate up to any date, a collection of the more recent collection, but not the more ancient, and made up of Greek writings is the early Christian or New Testament literature.

Concerning the oldest history of the text of the Old Testament written, there exists almost no positive evidence. The books were written, probably, up to King Darius, had been advanced. A popular one at present is a "meat like packet, bound in the leather of a cow, the rule for the junior program of Columbia next week, it was announced tonight, is strictly overall for girls and men.

Before 1525 Tyndale had completed an English version of the New Testament. The excellence of his translation is evidenced by the fact that the present version of a very large number of the Bible is taken verbatim from Tyndale's translation.

PROMINENT RUSSIANS FOUND DEAD ON YACHT

Eleven Members of Fairfeld and Skidaway Families on Ostara Stranded in Banks.

Buchanan, April 16.—The discovery on the yacht Ostara, stranded at Salt Lake on one of the mouths of the Danube, by the party aboard, 11 noted Russian men and women, each shot through the head, and not a living soul aboard, has presented to the Romanian authorities one of the most mysterious tragedies of the Balkan Sea.

OVERALLS GAIN MANY RECRUITS

Cheese Club Starts It in New York—Students in Line in Great Numbers. Goods Bought in Wholesale Lots.

New York, April 16.—Thousands of recruits in New York flocked today to the standard of "General Overall" whose march against the blue denim brigade, which had its inception here among members of the Cheese club of dramatic press agents, critics and theatrical writers, obtained reinforcement today.

How strong is the popular indignation against the fancy pricing was asked for ordinary clothing was evidenced by the number of applications made to the Cheese club for its overall parade today that was postponed in order to make the article an important feature.

Reinforcements also have been promised by the Rotary club of New York and New Jersey. A conference tomorrow in Astor Park the momentous question will be discussed by 22 clubs in the two states.

Meeting Hard Conditions

We know, of course, that there are certain conditions in life which must be met with high courage and determination. It does not make very much difference about our personal feelings on secondary or the slightest of these things, it is the important ones that we realize that we are called upon to hear them. Indeed, it is the under-stander's responsibility of life that we measure our strength and character and help to mold us into better men and women.

It is in the manner of our acceptance of those duties and responsibilities that are actual hardships to us that we learn to gauge our real strength. We may become discouraged at times, but wonder why it is that we should be singled out for such a task. It is only nature that we have to accept. It is a useless strain upon ourselves and an experience that embitters us and that we should not have to undergo. In many ways the fight seems an equal, isn't it? but it is better far to try to understand that aggressiveness.

MEXICO WANTS TO SEND TROOPS THROUGH STATE OF ARIZONA TO SONORA

Request Made of U. S. Government. Creates Sharp Discussion in Senate. Is Referred to War Department.

Washington, April 17.—Application of Mexican federal army officers for permission to move forces through American territory to attack Sonora in the north, created sharp discussion today in the senate and before the committee investigating Mexican affairs.

THE NICKLE DOOMED

Can't Buy Anything With Coins Any More, So 7 or 8 Cent Piece Is Proposed.

Washington, April 17.—The senate is today considering a bill providing for the coinage of seven and eight cent pieces. A nickel won't buy anything more, not even a ride on a street car, for that matter, because the nickel piece is being sold at a price which will buy something.

NEW OUTLAW UNION IS DEMANDING RECOGNITION

Chicago, April 17.—Recognition of the Chicago Yardmen's association as the governing body of railway switchmen was demanded today by the new outlaw union.

John Grabau, president of the association, announced after the meeting that he had been unanimously elected and that the original demands presented should stand. He denied reports that it was planned to call off the strike and asserted that there had been no "desertions" from the ranks of the strikers.

While the rebel union leaders maintained that the walkout was being conducted in a peaceful manner, a telegram to presidents of yardmen's association locals throughout the country requesting them to attend a meeting in Chicago on Monday.

Recognition of the "rebel" organization as the governing body of switchmen would mean approximately 60,000 members from the Brotherhood of Railroad Trainmen and the Union of North America, union leaders said.

FORT MILL VOTES STREET IMPROVEMENT BONDS

Fort Mill, S. C., April 16.—In the election here today on the question of issuing \$10,000 bonds to be used for street improvement, the vote was favorably by a margin of 27 to 2. There were 78 electors qualified to vote in the election, but little interest was taken in the balloting.

TUESDAY, APRIL 20.

There are doubtless a number of citizens in Chester county who are not satisfied with the way the Chester County Highway Commission has handled the building of the roads in the county. This was to be expected. We do not suppose anyone ever had the idea that any man or set of men could build highways and please us all. We know in the beginning, or at least we should have known, that being human the members of the highway commission would make some mistakes. However, notwithstanding any mistakes that the commission may have made, it must be admitted that Chester county has, at the present time, many miles of excellent highways and the people of our county are being benefited by them, either directly or indirectly. To argue that the roads built by the commission have not enhanced the value of the lands located thereon, and in close proximity thereto is to admit that one is not conversant with land values in Chester county. For instance, the man who has a farm on one of the highways can come and go when he pleases, regardless of the weather conditions. He can haul his fertilizer or other commodities that he may need any day in the year he sees fit. This feature in itself is worth thousands of dollars to the people of Chester county.

There are hundreds of farms in Chester which are not located on the highways and those who happen to own these farms are losing because the roads to them are not improved and they will continue to lose so long as the roads remain unimproved. Since the present highway commission is nearing the completion of the present roads, the time has come when the people should consider the expenditure of more money for more good roads. The news believes that by far the majority of people who are not on the improved roads are in favor of more good roads and we see no sensible reason why any man who now has a good road should not keep his brother from also having the same advantage. Such being the case it is not time to begin considering another bond issue.

Some of our present improved roads have been built long enough to show whether or not they are an experiment. They have been in use long enough for the people to know whether or not they are beneficial for us to know whether or not they enhance the value of property. With these facts before us it is the part of wisdom to build more roads.

MOB HANGS NEGRO

CARTURED IN KANSAS

Taken From Jail at Pittsburg After Being Identified as Assaulter of Girl.

Pittsburg, Kan., April 19.—A mob estimated to have numbered 1,000 persons late today surrounded the jail at Mulberry near here, seized a negro identified as telephone attacked a young white girl this morning and hanged him to a telephone pole. The mob made no attempt to molest a white youth, who with negro was captured by a posse late today.

Immediately after the lynching the youth was removed from the jail by the authorities, who did not announce their destination.

The attack upon the young woman took place while she was on her way to Mulberry from her home near that place. She was found tied to a tree by a small boy who was playing in the vicinity. Her throat was slashed. According to physicians, she probably will recover.

After their capture by a posse, the youth and the negro were taken back to Mulberry, where officials announced both the young woman and the youth identified the negro as the assailant.

HAIRSTON IN TOILS

Said to Have Killed Former Sheriff.

Winston Salem, N. C., April 19.—"Bunk" Hairston, who sheriff's deputies say fired the shot which killed ex-Sheriff Robert Joyce in a revolver battle at Walnut Cove, N. C., Sunday night in which besides Joyce, two negroes were killed and a third Deputy James Matthews and a third negro were seriously wounded, was arrested late this evening by a posse.

Hairston, in whose place the shoot-

ing took place escaped immediately after the shooting.

All night he was trailed through the mountains and was found late this evening 20 miles from Walnut Cove. Robert Covington who was brought here for medical treatment, died late this afternoon. Two of Covington's brothers, Joe and Henry Covington, were instantly killed in the fighting. Special Deputy Mat. there who was shot in the neck and badly beaten, is improving and physicians say he will recover.

PALESTINE TURN TO WHITE COAL

Plan Proposed by Chicago Engineer.

New York, April 17.—The development of Palestine into a "white coal" country obtaining its energy, light and heat from harnessed water falls is a plan proposed by Isaac Herbat, consulting engineer of Chicago and member of the executive board of the Zionist Society of Engineers.

Mr. Herbat proposes that Palestine shall be made an electric land by the erection of two hydro-electric plants near the upper Jordan and Lake Tiberias, receiving their water power by two canals with a total length of 38 miles. These two plants would produce 100,000 horsepower or 80,000 kilowatts an hour, which for the same amount of energy would require 1,750,000 tons of coal a year at four times the cost, according to his report.

"Some claim that no industries can be developed in Palestine because of the lack of coal, but we can have electricity, which far exceeds coal in quality and utility," declared Mr. Herbat. "And water power is endless and perpetual at one-fourth the cost of coal."

Mr. Herbat in his report to the Zionist engineers claims that of all the vast reconstruction projects planned for Palestine, it is of primary importance to begin first the work of converting the Holy Land into a nation of electricity through the utilization of its tremendous water

power.

In addition to providing employment to a large army of workmen, this gigantic construction enterprise, through the building of these two canals, will divert the Jordan from the Hailah swamps, reclaiming 199 square miles of useless land in a very short period converting it into flourishing fields and eliminating the source of malaria and other fevers now common in that neighborhood," he declared.

With adequate electrical power development will advance rapidly, naming the following as likely immediate commercial possibilities: Metal working industries, furniture, food industries, including canning and distilling, technical chemical shops, paper making and printing establishments, including the production of book and wall paper.

Electricity will also help in solving the transportation problem of the Holy Land, according to Mr. Herbat. "With electricity available many electric tramways for high traffic can be laid out soon," he explained. "Taking into account the low moderate cost of such railways, many suburban lines might be operated at a trivial cost per mile, compared with the much more expensive steam railroads."

This promises to be the best amateur play ever put on in Chester and will be an evening of "hoist laugh."

Mr. C. B. Glendon was painfully injured Saturday when he fell from a ladder. He was taken to the hospital. Chester Hardware Company, 18

Gladden had gone up the ladder to secure some articles for a customer when another party slipped and fell against the ladder causing Mr. Gladden to fall about ten feet. He landed on his feet but severely sprained both ankles and shattered a bone in one of them.

From the Columbia State of this date we note—that the price of "dopes" in Columbia has been raised to eight cent, which includes war tax. We understand that in Rock Hill they are charging ten cents, however, we notice an advertisement in one of the papers in which it is stated that a certain firm is still holding to the old price. Chester is divided along the "dope" price—some of the stores charging ten cents and others still holding to the old price of six cents.

The Annual Track Meet of Winthrop College was held last Saturday morning on the athletic field. Miss Mary Love McLure of Chester, made the second highest individual score, in speaking of the Meet the Rock Hill Herald says: "A source of great gratification was the breaking of the world's record, as follows: 60 yard hurdles, held by Teacher's College, New York, won by Miss Mary Love McLure, in 9 1-5 seconds."

Mr. Albert Simpson, who was announced as a candidate for Alderman from Ward 3 by his friends, asks that we state he will not be a candidate. Mr. Phillip Adolfsmeier has been announced in this Ward, but we do not know for certain that he will offer. In the event he does not it will leave the field in this Ward still open. Mr. J. W. Young, who was announced from Ward 3, has also declined to make the race which leaves the field for Mr. John A.

Nichols, who was persuaded by friends to offer for re-election.

The various Democratic precinct clubs of the county are scheduled to meet next Saturday, April 24th, for the purpose of reserving and electing delegates to the County Democratic Convention.

In a hotly contested game of baseball last Saturday the Baldwin Mill team defeated the Great Falls team by a score of 5 to 3. The game was played at Great Falls. The teams will meet again next Saturday at the Fair Grounds in this city. The game will be called at 3:30 o'clock.

It is with much pleasure that The News announces the fact that the City of Chester will soon have a new mayor, Capt. F. M. Boldridge, who spent two years overseas in this work and who has had considerable experience in the States, will soon come to Chester to take charge of the municipal situation and will work in conjunction with Captain Fisher, who has charge of the malaria campaign.

Chester has been in need of a bygone situation and it is to be hoped that our city fathers will arrange to keep Capt. Boldridge here for all time. The News takes this opportunity to congratulate Mayor Westbrook and the other city officials for this advanced step.

A visit to the upper end of York street gives the visitor the impression that Chester is fast becoming a real city. The R. M. Hudson Company, who have the contract for laying out the new streets, began putting down the asphalt in the upper end of York street this morning. When compared with the other things to be done in connection with putting down improved streets it must be stated that the putting down of the asphalt is decidedly the quickest of any part of the work. Weather permitting it is probable that a part of York street will be opened to traffic this week.

STORM CLAIMS LIVES
Thirteen Known to Have Been Killed

Little Rock, Ark., April 19.—The number known to have been killed by tornadoes which struck northwestern Arkansas late last night stood at 15 tonight with at least 26 known to have been seriously injured. "All means of communication with the storm swept region were badly crippled and left almost entirely unconnected to increase the list of causalities."

One of the tornadoes, of which there apparently were two twisted in a winding path about 100 yards wide through Franklin, Johnson, Logan and Yell counties in northern or west central section in Boone county from which few reports have been received.

We are requested to state that Rev. T. L. Blacklock, of Ledger, N. C., a returned missionary from China will speak at the First Baptist church tomorrow evening at 8 o'clock. Rev. Mr. Blacklock has an interesting message, and it is hoped a large number will be out to hear him.

Death of Mrs. C. S. Ford.

Many friends in Chester and throughout the county learned with much sorrow of the death of Mrs. Florence Culp Ford, wife of Mr. Charles S. Ford, which occurred at the home in the Mifflin section Saturday afternoon about six o'clock after a protracted illness of several months.

Mrs. Ford was a daughter of the late Col. and Mrs. J. R. Culp, and was a resident of Chester for several years, where she was greatly beloved by a wide circle of friends. She was a devoted member of the Baptist church and a loving wife and mother.

Mrs. Ford is survived by her husband and the following children: Mrs. Samuel McCormick, Palatka, Fla.; Mr. Strother Ford and Miss Janie Ford, of Mifflin; and Mrs. G. D. Heath, of Fairfax, Virginia; also by the following brothers and sisters: Mr. F. W. Culp, Louisville, Ky.; Mr. John R. Culp, Birmingham, Va.; and Mr. C. H. Culp, Mrs. N. A. Peay and Miss Emma Culp, of Chester.

TEACHERS' EXAMINATION
The next teachers' examination for graded certificates will be held at the court house Saturday, May 1, 1920. The State Superintendent of Education says:

"All persons wishing to qualify as teachers and all prospective teachers should be urged to take this examination on May 1st, therefore, the new law establishing a State Board of Examiners goes into effect. The approaching examination on May 1st is therefore, the last under the old law."

Please examine your teacher's certificate to see if it is still in force. If not have it renewed. If a renewal is possible under the law on or before May 1st.

THIRD CONFESSION
FROM HOWARD KINSEY
Now Completely Exonerated. Let's Stage Who's Serving Long Prison Sentence.

Florence, Ala., April 19.—Declaring that he had not been able to force since the murder of Ed Gentry here more than a year ago

Howard Kinsey of Cleveland, Tenn., made his third confession in regard to the crime this afternoon, according to the County Solicitor Roberts to whom the alleged confession was made.

Kinsey's first confession stated he killed Gentry. Later he testified that Lester Stager committed the crime.

His confession this afternoon, Solicitor Roberts stated, completely exonerated Stager, who is now serving a sentence of 24 years in the state prison, his sentence having been affirmed by the supreme court, while Kinsey's was remanded for new trial after the sentence of 24 years had been passed.
