Says The Rock Hill Herald of Saturday. A lovely affair in progress this afternoon is the party at which Miss Holt and Pauley, of Winthrop factory, are entertaining in honor of two of their friends and brides-to-be, Miss Carey and Miss Holt.

The party is being held at the residence of Mr. and Mrs. W. Rawlinson, on Alken avenue.

Announcement has been made of engagement of Miss Jeter and Mr. Jeter, and the wedding in the early summer will center interest in this state and Virginia, the home of Miss Jeter.

Fighting Men Are Being Dispatched To China

SAM SNODGRASS

1,500 to Leave San Diego On President Grant On April 12, It Is Decided—Americans In North Expedition, Last Evacuating the Trouble Sections.

Washington, April 9.—The third group of 1,500 marines to reinforce American forces in China will sail from San Diego on April 12, or as soon thereafter as possible aboard the Dollar Line steamer President Grant.

The marines are now enroute to that port. Anticipation of arrangements for their departure came today when American sin officers at Peking and Tientsin, and as Minister MacMurray and other Peking diplomats continued consideration of their course in demanding reparations for mistreatment of foreigners by Cantonese Nationalist troops.

The President Grant employed because neither the navy nor army has transports available, will take the entire 1,500 marines and their equipment.

Under the urging of Mr. MacMurray Americans all over north China are moving toward Peking to see the coming of the American troops.

Conflicting reports from Paris and London concerning the status of the allied demands resulting from the Nanking and other outbreaks failed to produce an explanation of course the Washington government will take.

It appears, however, that the burden of the American negotiations appears to have shifted almost completely to the hands of Minister MacMurray. Through correspondence he understands the situation in the administration and is said to be able to act. Possibility exists, however, that he may find it necessary to leave Peking in the event his Peking military colleagues differ radically from the best means of procedure.

BODY OF WOMAN FOUND.

Body of Mrs. Goddard is Found in Pleasant Great Falls by Workers—Coroner's Jury Says Threw Self into Pond.

The mystery surrounding the disappearance of Mrs. Gertrude Nola Goddard, who left her home in Great Falls, about three o'clock on the morning of March 29th, for the ostensible purpose of going for a doctor to treat a sick child, was cleared up last Saturday afternoon between one and two o'clock when workmen at the employ of the Southern Power Company, saw her body near the racks in the pond at the spillway. The workmen were engaged in cleaning debris from the racks when they sighted the body of the woman and immediately gave public notice of the find. Mrs. Goddard was in the water for twelve days before being found.

Coroner J. Henry Gladden went to Great Falls and held an inquest Saturday afternoon. Mr. D. T. Mahaffey being foreman of the Coroner's jury, which rendered a verdict that Mrs. Goddard's death was the result of her having thrown herself into the pond. Owing to the condition of the body Coroner Gladden ordered that the body be immediately prepared for burial, which took place following the convening of the jury.

It will be recalled that Mr. Goddard was not at home at the time his wife left, he being employed in the Republic Mills at night. Mrs. Goddard is survived by her husband and five children. It is said that the family came to this section from Virginia and that they formerly were residents of Kentucky.

FOR MAYOR. I wish to announce myself for Mayor in the office of a candidate for Mayor of Chester, and will appreciate the subject to the rules governing the approaching city election.
