Electrical and Personal

Council Meeting

Mayor Robert H. Cate called the meeting to order in the City Hall Tuesday evening. There was a roll call, which was taken and answered. The minutes of the previous meeting were read and approved.

Mr. Abe Jones, who has been away from the city for some time, was present and notified the council that he would be willing to serve on the Council again for the coming year. Mr. Jones was asked if he would be willing to serve, and he said he would.

Mr. Jones was then appointed to the Council, and his appointment was confirmed by the vote of the council.

At the Churches

The News is in receipt of a letter from The Standard Oil Company of New Jersey, with reference to places of historical interest in and around Chester. The oil company wishes this information to publish for the benefit of tourists, who care to visit these places.

Special prices and special terms are being offered on Electric Ranges at this time—such terms and such prices as put the Electric Range in the reach of every wide-awake housekeeper.

The News has supplied the information and among the things mentioned, was the various electric power-sights at Great Falls. Tourists traveling from Charlotte to Columbia were advised to go by way of Great Falls to view the wonderful electric power plants at that place.

Every Bottle of Delicious and Refreshing Coca-Cola has been sterilized in Strong Caustic Soda with water 120 degrees. Coca-Cola Bottling Co.

Mr. Arthur Cornwell will go to Columbia tonight to hear Madame Galli Curci. ' 

The Children here—Let us fit their feet at Cash prices. It will surprise you what real cash will do. J. T. Collins' Spot Cash Store.

Reserved, seats for the Redpath Chautauqua will be put on sale at Opera House Tuesday, May 8th, at 8 A.M.

York, May 2—Two houses which were the seat of war before the American Revolution and which still attract the attention of Constable R. F. Lee during a recent trip through the Peach Ridge section of Cherokee county. The houses are situated about a mile beyond Broad river, which separates York and Cherokee, and each has an interesting history. They are known as the Limehouse and the Patrick house, named for their owners in days long past.

Judging from present appearance both houses will meet of service, according to Mr. Lee. The Limehouse is about 50 years old, and the Patrick house is about 100 years old. Both buildings are in good condition, and the occupants are making good use of them.

Great Falls is a watering place for the Electric Range. It is the newest and most perfect of all cooking appliances. It is being installed by the thousands wherever electricity is available at low prices.

There are more than 1,000 users of Electric Ranges at this time, and they are being put on at the rate of nearly 50 a week.

For a few years ago, it was unusual, but it is now not all unusual. As a matter of fact, it is the newest and most perfect of all cooking appliances. It is being installed by the thousands wherever electricity is available at low prices.

And here is an interesting thing about it—users of Electric Ranges are not only satisfied, but they are joyfully enthusiastic over their ranges.

Gasoline prices reduced

At the opening of a new motoring season, which, from all trade indications, will eclipse all previous years in the amount of gasoline consumed, the tank wage price of "Standard" Motor Gasoline has been reduced one cent a gallon, effective April 27.

This lower price is made possible by a reduction in the cost of our crude oil supply. There is just now, an unusually large surplus of petroleum over current requirements of the trade, which has brought about lower prices at the wells.

"Standard" Motor Gasoline is at once the most essential and least expensive item in the operation of an automobile, whether you have a truck or a passenger car. "Standard" Motor Gasoline is always and uniformly good.

There is a "Standard" pump or filling station near you.
