Keep up with the World: Iran

The recent story of Iran (Pentafus) as a "cold war" battleground is an example of how our image of the United States, so disastrous in the eyes of the Soviet Union, will be reflected in the eyes of the French. As the SMU's most important ally, France is a perfect example of how the United States can be perceived as a "cold war" battleground.

The French Foreign Ministry, in a recent public statement, said that the United States is a "cold war" battleground in the Middle East. This statement is a clear indication of how the United States is perceived by the French, and it is a clear indication of how the United States is perceived by the French.

The problem of world peace is not a new one to us. We are reminded daily of the need to improve the world and make it a better place. As the United States seeks to improve the world, so do we.

JEST IN PASSING — By Mary Jane Howard

The burning само́лёт was burning her because it had been on fire for two days. While she was on the hill, she noticed that the plane was very run down.

"I'm looking for a place to put it," she said. "I don't know if the plane is the best one, but I'm sure it's not going to be a good idea.

THE WOLF JUBILEE

The marge tournament was in full swing and the crowd was enjoying itself. There was a lot of excitement in the air and everyone was having a great time.

"What is this," one of the boys who were watching said. "Our team is losing."

"Gods will work out," the team captain said. "The next time we play, we will win."

Campus Interviews on Cigarette Tests

Number 15...THE LONG-WATTLED UMBRELLA BIRD

"They want think I don't have enough sense to get out of the rain?"

I made L T. wonder than a wet hen when she took asked him to judge cigarette mildness by taking one pull, one pull, one whiff or one sniff. Our common sense friend enjoyed a good smoke too much ever to settle on any brand in such a judgment-free way. For him and for millions like him, there's only one convincing way to test cigarette mildness.

It's the Sensible Test... the 30-Day Camel Mildness Test, which simply asks you to try Camel as your steady smoke... on a pack after pack, day after day. No judgment needed! After you've enjoyed Camel--and only Camel--for 30 days in your "T-Zone" (T for Thrust, T for Taste), we believe you will know why...

More People Smoke Camel... than any other cigarette.
Mrs. Timmerman Likes Her Job As House Manager Of Bancroft But Has Already Made Her “After Retirement” Plans

By ANNE JOYCE ALLEN

“She’s in charge of life at Westminster, back east. Mrs. W. T. Timmerman, 45, is the manager of Bancroft, a retirement community on Sand Lake Road in East Palatka. But that doesn’t mean she’s retired. In fact, she’s been a part of the Bancroft community for two years, and she’s planning to stay there for many more years.”

Mrs. Timmerman first came to the area in 1986 to visit friends and family in the area. After that, she decided to make the move to Florida permanently. She now lives in a small house in the Bancroft community and is involved in various activities.”

The Bancroft community is a retirement community where Mrs. Timmerman has lived for over 20 years. She has been a part of the community since she was a young woman and has become an integral part of the community.”

“My life here is a lot different than what I had back east. I’m able to do more things and have more freedom. I’ve made a lot of new friends here and I enjoy spending my time with them.”

Mrs. Timmerman has helped organize various events for the community and has been a part of several committees. She has also volunteered at the local hospital and has helped out at various other community events.”

“My job here is a lot more demanding than what I had back east. But I enjoy being a part of something bigger than myself. I feel like I’m making a difference here.”

Mrs. Timmerman has been married for 25 years and has two children. She is a member of the local church and is involved in many community activities.”

Press Group Will Have A Convention

The annual convention of the Florida railroad engineers will be held at West Point Inn on April 15 and 16. The convention will be attended by engineers from around the state and will feature a variety of presentations and workshops.”

The convention will feature presentations on various topics related to the railroad industry, including safety, maintenance, and technology.”

The convention will also include a dinner and dance, which will feature live music and entertainment.”

The West Point Inn is located at 123 Railroad Avenue in West Point, Florida. For more information, contact the Florida railroad engineers at 1-800-RAILROAD.”
