Dear Sir:

You know Dimitri Petrovich, the head of the political department, doesn’t he?

I admit that he is quite an interesting fellow, but you don’t know about her. She was born in Grishkov and she stayed there until she was seven years old. Her cousins and uncles are still there, and Dimitri goes there every summer and stays there. In the past years the Greeks have been preparing for invasion, and芍.sion, and God only knows what lies ahead. During this time the Greeks are starting to make every effort to defend themselves. For the sake of their country they might have to sacrifice something. I understand what you’re saying about her crying in the night, and I agree with you. But after all, isn’t she quite a lady?

**Hey Guard!**

Since we wrote last, the weather has been quite unseasonable. And while we do not really get aquainted with their real purpose, we do realize that there must be something in the air that we do not have. This is something that we really have to work on. In the first place, we do not know how long the weather will continue, and that is a privilege we truly envy. Something you found yourselves projected into a world of new spring greens, especially the trees. Thus mixed with our gratitude for the coming of spring is a sense of uncertainty. This is the world we are truly priviledged to find pretentious of everything. One of our favorite spots, and we are sure it is yours, is the campus Eden, Miss Patricia Edwards is holding Walk. We are eagerly looking forward to "blossom time" there.

**The Mighty Blockhead**

"The Mighty Blockhead" (no reference to Middlesex College) is a collection of short stories by H. C. Bailey. It contains many more stories than the original "The Apprehensive Dog," which was published in the same month. This collection seems to be a sequel to the earlier work. It is a very entertaining read, with a lot of humor and wit. The stories are well written, and the characters are well developed. It is a must-read for fans of the author's work.

Inter-Class Basketball Winners

Names Six To Variety

Three Sophs, Senior, Junior, Freshman on Team;

Three sophomores, a senior, and a freshman were awarded crowns yesterday afternoon in the form of a basketball tourney, which climaxed the basketball season at Winthrop. The seniors evidently have it on the ball, and literally speaking, too. This makes the second consecutive year they've "brought home the bacon" as winners of the annual interclass and defensive team tourney. The seniors lost to the sophomores in the first game of the afternoon, 29-13.

Woodruff, Turner, Goudelock, and Isabel McCants were perched atop two benches, one was painted "J. W. T." on the other.

The touching drama ended last Sunday afternoon with Walker and Byrd, and finally shook itself about you this week.
