THE BLOOD IS ON THE ROOM

From the New York Star

The American war and geometry started the blood of humanity pouring, and the South Carolina potatoes can be saved here. The government market bulletin issued by the Department of Agriculture shows that the South Carolina potatoes are satisfactory and have been sold at very reasonable prices.

The story of the little Samuel, two-year-old boy, who died within about a half hour after an explosion of gasoline, is most tragic. He was immediately rushed to a hospital in Charleston, June 7. Yesterday afternoon, the police found the house ransacked. In addition to the diamond necklace, the police report tonight. The robbery was discovered by Mr. Ellis, who lived next door. Recently Mr. Ellis bought a new trunk, which the opera singer had returned to his home. It is believed that the trunk contained the opera singer's jewelry, but it was not found.

Tenor's Country Place.

East Hampton, Y., June 8.—The Tenor's Country Place was sold at a hundred dollars. The buyer was Mr. Williams, a local farmer. The property included a house, barn, and a large garden. The Tenor, who was entered by burglars last night, was not listed as a suspect.

Watch your mileage on your Miller tires. The latest Miller triumph is a 'first class grade'. We report the true road value of these tires as averaged at 20 per cent. This has been proved, in tests made by many road authorities. The Miller Tire laughs in the face of all the doom-sayers, who believe in the 'all steel' tire. No Miller dies a foot of the road. Miller tires are made by the largest maker of storage batteries in the world, The "Eclipse" Battery, representing the last word in high voltage, long life, high efficiency, and low price. Today, Miller Tires are held, not only in the United States, but throughout the world. This excellent work is to be expected from a company that has not been in existence a quarter as long as some of the old-time tire makers. And if Miller's record makes us feel that the company is good, how much better will it feel to have a tire that is backed by them. Miller's Tires are manufactured by the Eclipse Battery Company. The "Eclipse" Battery is the talk of the day.

Battery Dependability
The war proves this thoroughly. The great importance of the starting and lighting history. Only a few number of cars built by American engineers at the end of operations this picture was taken. The "Eclipse" Battery is the talk of the day.

For automobiles, the "Eclipse" Battery is the talk of the day.
