 TUESDAY JUNE 18.

POTATOES NOW ALL SOLD
 Florence County Farmers Realize Large Profits
 Florence, June 11.—Practically the entire crop of Irish potatoes of Florence County farmers has been sold. The sale was consummated through the farmers department of the Chamber of Commerce. The last of the crop was sold today at \$3 to \$3.50 for No. 1s, and at \$5.50 to \$6 for No. 2s. The bulk of the crop were sold at \$10 to \$5.
 Between \$50,000 and \$40,000 in cash money has been paid to the farmers in this immediate section this week for Irish potatoes. Some excellent results have been reported as to yields and financial returns. The crop has been a great success and the cooperative marketing through the Chamber of Commerce has been a feature that has wonderfully appealed to the farmers and as the final returns are received there will be held an experience meeting

of the farmers here to exchange ideas and suggestions and to perfect further plans for a cooperative spirit through the organization for the marketing of other field crops.
WAR RECORD SAVES HIM FROM LONG SENTENCE
 Philadelphia, June 17.—An excellent record made by Anthony Telensky, while serving overseas during the war, saved him yesterday from a long prison term for raising \$10 notes to \$50. The prisoner was wounded fourteen times and in imposing sentences. Judge Thompson deducted a year for each wound. He was given one year in the federal prison at Atlanta. The judge told the defendant his offense called for the maximum sentence of fifteen years, but that he could not overlook his fine war record.
 Telensky is an unmatrimonial Russian and enlisted in a New England regiment shortly after war was declared by this country.

Why Pay the big Prices?

MAN LEFT TIED TO RAILWAY TRACK
 George M. Underwood Loses Leg and Hand.
 Excelsior Springs, Mo., June 17.—George M. Underwood, who lost a hand and a leg last night when bandits tied him to a railroad track five minutes before a train passed, today told the story of his experience and denied that the men had any motive that he knew of except robbery. Underwood is expected to recover.
 "An hour or so after I was released," he said, "as I was walking to the station to catch a train for Carrollton, Mo., my home, two men with a touring car forced me into the car and took my watch and \$70. They drove south and one of the men said: 'Let's kill the ————.' 'No,' returned the other 'we will tie him to the railroad track.'
 "We stopped once at a pile of barbed wire and one of them got several long strands of it. We stopped again and I was forced to get down on the track.
 "A few minutes later, while I was struggling to escape I heard the rumble of the approaching train. I tried to scream, but rags in my mouth throttled my voice. As the engine came within a few rods of me, I threw all my strength into another attempt to extricate. My right hand was free at last and I tore the rag from my mouth, screaming. Then I loosened my right and swung partly free from the track, but my left foot and hand were too tightly bound to be released.
 "Something seemed to sting my entire body. I suppose I fainted for a moment, but soon I was screaming again. A farmer came from somewhere and helped untie the barbed wire around my body."
NOTICE.
 Notice is hereby given that the Assessment Rolls for street paving and improvement on Church street, showing amounts assessed on adjoining property owners, are now on file in this office, and open for inspection.
 Any objection to said assessment and rolls must be filed in writing and my office within one week from publication of this notice.
 J. H. McLURE,
 City Clerk,
 Chester, S. C. June 17, 1920.

Illness, The Ailment.
 A distinguished authority on European matters, Herman Bernstein, who saw much of the country before and during the great war and who has made a sympathetic study of conditions since the war's end, has returned to America with an interesting diagnosis. He says: "The present course of Europe is that the people either have forgotten how to work or have no desire to work." He notes but one, exception, that in this country people realize that only in work lies their salvation.
 "That comes very near fitting the case on this side of the globe as well. Some have been deluded by prosperity and high prices into the notion that individual effort is all right for the other fellow, but wholly unavailing for him who can live on the fat of the land with little expenditure of energy. Labor on farms and in factories is scarce not because there is not abundance of farm hands and artisans, but because too few are tilling diligently day after day; because so many work one day and loaf two without suffering financial hardship.
 Many of the European peoples, Mr. Bernstein reports, act as if the victory over Germany had brought the millennium, and that thousands of them will sleep till hunger wakes them. Let us hope that in this country there will come an arousing before so grim a reminder.—Atlanta Journal.
FOR SALE—The Henry place now owned by Mr. Harrison McConnell, one of the best farms in Chester county, only few miles from town. Price includes eighteen mules and all farm implements. See Pegram & Cassels.

STOMACH TROUBLE
 Mr. Marion Holcomb, of Nancy, Ky., says: "For quite a long while I suffered with stomach trouble. I would have pains and a heavy feeling after my meals, a most disagreeable taste in my mouth. If I ate anything with butter, oil or grease, I would spit it up. I began to have regular sick headaches. I had used pills and tablets, but after a course of these, I would be constipated. It just seemed to tear my stomach all up. I found they were no good at all for my trouble. I heard
THE FORD'S

BLACK-DRAUGHT
 recommended very highly, so began to use it. It cured me. I keep it in the house all the time. It is the best liver medicine made. I do not have sick-headache or stomach trouble any more." Black-Draught acts on the jaded liver and helps it to do its important work of throwing out waste materials and poisons from the system. This medicine should be in every household for use in time of need. Get a package today. If you feel sluggish, take a dose tonight. You will feel fresh tomorrow. Price 25c a package. All druggists.

LOCAL and PERSONAL

Mr. and Mrs. R. R. Hafner and son, Mr. Robert Hafner, leave today for a ten days' visit to New York City and other northern points of interest.

Miss Maud McClure and Miss Ann Lathan are the guests of Mrs. Duncan Jones in Augusta, Ga.

We have 348 acres of land located on the Baton Rouge road for only \$40 per acre. Also 277 acres near Sandy River station at only \$25 per acre more by the first of December. See Pegram & Cassels.

Mr. and Mrs. Carl Hatchell were visitors to Atlanta, Ga., this week.

An election was held in Winnsboro Tuesday in favor of issuing \$100,000 in bonds to be used for the erection of a new school building. There was not an opposition vote cast.

A visit to the fields of Chester county farmers reveals that, with a few exceptions, the crops are in excellent condition, having been thoroughly worked. Of course, there is considerable land which is not under cultivation this year, but the seasons so far have given the farmers an excellent opportunity to get their crops in good shape. Many sections are now beginning to need rain.

Major L. C. McFadden was called to Blackstock today to be present at the funeral of his son, Walter Blaine, son of Mr. and Mrs. Walter Blaine. Major McFadden was accompanied to Blackstock by Mrs. McFadden and his brother, Willis McFadden—Rock Hill Herald.

List Your property with Pegram & Cassels. We do not use any "tricks" in securing your listing—we deal straight from the shoulder and of the many deals we have already made we do not know of a single dissatisfied customer. We do not pretend that we want to buy your place in order to get you to sell your place for you and we do not pretend a thousand and one things in order to get an option. If we cannot do business on the square we prefer not to do it at all.

Regular services will be held at the First Baptist church both Sunday morning and evening. The morning services will be held at eleven o'clock and the evening services at eight o'clock. Both sermons will be preached by the pastor.

The contractors who are paving Chester's streets expect to get the umbrella street opened to traffic within the next few days. This will make approximately two miles of new paved streets completed to date.

Farm for Sale—210 acres six and one-half miles from Chester on the Wilkesboro road. This farm will be worth \$25 per acre more by the first of December. See Pegram & Cassels.

Rev. L. M. White left today for Saluda where he is taking his twins to the hospital in that place.

Many friends sympathize with Mr. and Mrs. Walter Blaine, of Blackstock, in the loss of their son who died Wednesday from lock-jaw. He was only 11 a short while and it is stated here that the cause of the disease is not known. The funeral and interment was held yesterday.

Mr. W. T. Stover, of Heath

Spring, who was seriously injured Sunday afternoon when a train struck the automobile in which she was riding, died at a Rock Hill hospital Wednesday afternoon. There were several other passengers in the car when it was struck but none of them were seriously injured.

Mrs. Horne and daughter, Miss Belva Horne, of Monroe, are the guests of the former's daughter, Mrs. H. K. Hough, on Hampton street.

R. S. McHane, district chairman, has issued the announcement for a meeting to be held in the Chamber of Commerce hall tomorrow night at 8:30 o'clock, at which time Dr. George B. Cromer, of Newberry, will speak on "State Development—Rock Hill Herald.

The friends of W. O. Guy have announced him as a candidate for the office of county treasurer to oppose Mr. Albert T. Henry, who is serving out the unexpired term of Mr. S. E. Wylie. Mr. Guy served as county treasurer from 1896 to 1908. At present this is the only office of which there is any opposition.

Chester friends of Col. Leroy Springs, who has large holdings in Chester, will learn with interest that he has contributed \$50,000 to the \$100,000 endowment campaign being conducted by the Presbyterian synod of South Carolina. This is the largest individual gift to date except that of \$25,000 by Greenville, who gave \$100,000 to the fund.

The News in receipt of a card from Messrs. Gaston, Jones and Pedan at Salt Lake City, Utah, June 12th, advising that all are well and happy. It will be recalled that this trip left Chester recently for the Pacific coast.

Yesterday was about as busy a day as Chester has experienced in some time. Many of the merchants were forced to close their doors, notwithstanding the hot weather, in order to keep their merchandise from becoming unsalable. On every turn the question was asked, "Why don't Chester get that spring in operation?"

The buying and selling of real estate in Chester county for this season of the year is the topic of conversation among the farmers and business men. A number of people, especially those of large holdings, are taking advantage of the high prices being offered and are turning a good deal of their land into cash, which they are investing in "gold edge stuff."

Mr. Alax Frazer bought about 100 acres of land from M. E. White Wednesday located on the Columbia road and adjoining the place where Mr. White is living. The tract fronts the Columbia road for about one-fourth of a mile and is one of the nicest tracts to be found around Chester. Mr. Frazer expects to begin the erection of a nice bungalow on the place as soon as he returns from a trip to Ireland. The deal was made real estate dealers.

A Columbia dispatch of Wednesday says: "The joint legislative committee, charged by the last general assembly with studying the tax situation, with a view of making recommendations as to a change in the system of taxation for South Carolina, held two sessions here today. Because of the illness of Senator

Marion, of Chester, chairman, little beyond an informal discussion of tax matters was attempted."

"Sadie Love" featuring Billie Burke is at Dreamland today also Sunshine comedy.

Rock Hill has been a rath strip of an ice farm for the past two days owing to a break down in the machinery of the ice plant in that city.

The annual convention of the York District, Christian Endeavor union, will be held at Woodlaw Presbyterian church, Sharon, Saturday and Sunday. A most interesting and instructive program has been prepared and a number of noted workers will make talks. Quite a number of Endeavorers from Chester are expected to attend.

See Billie Burke in "Sadie Love" at Dreamland today also a roaring comedy.

Walter V. Sutherland, chief clerk in the office of the comptroller general, was appointed by Governor Cooper Wednesday afternoon as comptroller general, to succeed Rutledge L. Osborne, who resigned Wednesday morning his resignation to take effect July 1. The resignation was placed with the governor with a statement that the salary of the office, \$2,500, was not sufficient for the comptroller general and his family to live on in Columbia. In accepting the resignation, Governor Cooper addressed a letter to Mr. Osborne, in which he expressed his keen regrets at the official's resignation and complimented Mr. Osborne for an unusually good office.

Governor Cooper has instructed the magistrate of Ebenezer township to place a special officer on the concrete road above Rock Hill to arrest speeders on that piece of road. The numbers of automobiles who do not stop when signalled will be taken and the drivers dealt with according to law.

One of the largest real estate deals recorded in this section was that of Mr. J. H. McConnell, who on last Wednesday bought 2586 acres of land, known as the Gen. John Bratton place and the Daniel Hall Place, three miles east of White Oak. These farms were recently bought by Messrs. M. S. Lewis and T. H. White, Jr., from Mr. Stewart, and were sold to Mr. McConnell for around \$160,000. The above farms are considered the best in upper South Carolina and it is estimated that there is \$50,000 worth of improvements on the place.

Those who care to look into the sanitary condition of the various drug stores, cafes, confectionery stores, etc., around Chester can now do so with very little trouble. Captain Goldridge has placed inspection cards on the various establishments and a glance at them will quickly inform you the condition of the place in which you are about to make a purchase. An inspection of the cards in the business section indicates that there are some places that should be avoided by all people who believe in cleanliness. However, we are glad to state that there are a number of places in Chester where the sanitary condition seems to receive careful attention.

BOOST CHESTER

Mr. W. L. Stanley, General Attorney for the Seaboard Air Line Railway, met a committee from the Chester Chamber of Commerce, in Chester this morning with reference to the building of a new passenger station at Chester. It will be recalled that this matter has been delayed on account of the railroad still being under government supervision and the government is not disposed to expend any money for new facilities. Mr. Stanley told the committee that if Chester insisted that he would go ahead with the building but explained that the cost would be very high. However, he agreed that the building would be completed by October first, 1921. We understand the committee agreed to let the railroad more time in the matter.

The Boys a splendid guarantee to go up and down both window shade at Kluttz's, First grade.

Miss Elizabeth Pray, who has been holding a government position in Washington for a couple of years, has returned to Chester to spend the summer. She was accompanied by her sister, Miss Annie Pray, who has been in Washington for the past ten days and who is a graduate of the University of Louisville at Louisville, Ky.

Kluttz's offers a serviceable sweeping broom at 45c.

Yesterday Mr. A. W. Kluttz received a telegram from his son, Sergt. Lav Kluttz, dated at Philadelphia, Penn., advising of his arrival in the United States. Sergt. Kluttz is now enroute to St. Louis, Mo., where he goes to compete in the Olympic track races. From St. Louis he expects to come to Chester for a visit. Sergt. Kluttz has been in Germany for a number of months.

51 Congressmen were at Kluttz's \$10 ones going to see are you attend Kluttz's rug sale. Lasts through June.

The Men's Bible class of the First Baptist church held a picnic on the church lawn last evening which was enjoyed by a large crowd. Rev. Godde, who is well known in Chester, was the principal speaker of the evening. Talks were also made by Rev. L. M. White and Mr. J. M. Wise. Refreshments were served by the young ladies of the church.

50c Pompadour caps, 20 different colors. Kluttz's price 38c.

\$7 To \$8 Georgette and crepe de chine waists, new goods right now from New York. Kluttz's price \$3.98. Based on recent 100 per cent silk reduction price.

Want You To know, men, Kluttz's can sell you a \$60 all wool medium weight blue serge suit, can be worn winter and summer, at \$39.75.

Material is being placed on the ground and work is expected to start soon on the erection of the garage on Valley street, which is to be occupied by Mr. G. W. Bryant, Chester county Ford Dealer. The building is being erected by Dr. R. E. Abel and Mr. J. H. Glenn, who recently bought the property.

Kluttz's Has just received big shipment of new Victoria. Easy terms to responsible people.

PRESIDENT MAY NOT INDICATE HIS 1920 CHOICE

Washington, June 17.—There was growing belief among Democrats here today that the San Francisco convention may begin and end without any definite indication as to who is President Wilson's choice for Democratic presidential nominee.

The men who entertain this belief make no pretense of knowing Mr. Wilson's mind on the subject of candidates they admit that their theory is based on what they believe the president will regard as good political strategy and that it may be knocked out at any moment.

Democrats point out, however, that there are a number of presidential possibilities acceptable to Mr. Wilson. For him to select any one of them as his first choice would unite against that man both during the convention and afterward all the anti-administration feeling within and without the Democratic party, they say.

On the other hand, politicians say Mr. Wilson could allow the San Francisco convention to run along to a point where the nomination of some one man could be easily accomplished. He could then quietly pass the word to his followers to swing the administration backing to that man. If that course were followed the presidential election would probably not be known except to a very few leaders in the convention.

Kluttz is Showing Chester's prettiest display of ladies dresses of all kinds and if you want to knock the "High" out of High Cost of Living" it will pay you to see them.

There will be services at Purty Presbyterian church both Sunday morning and evening. The services will be conducted by Rev. Fay Riddle, of Lenoirville.

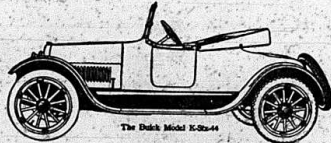

Mr. Frazer, Presley, whose home is on the Wilkesboro road about five miles from Chester, and who underwent a very serious operation at the Seagrass Sanatorium about a week ago, is improving.

THE enthusiastic army of over five hundred thousand Buick owners are in a great measure responsible for the unprecedented demand for Buick Valve-in-Head motor cars today. Their daily experiences in Buick service—Buick economy—Buick endurance, and Buick reliability, prove conclusively to the present and future purchaser that "there is no substitute" for a Buick Valve-in-Head motor car.

These reasons are causing hundreds of persons to contentedly await the delivery of the various Models selected.

Price 1. a. 5. Plant, Michigan	
Model 1920	\$1295.00
Model 1921	\$1395.00
Model 1922	\$1495.00

Tire Cost Is Coming Down

That is, the cost per mile. Miller Tire mileage has in late years almost doubled, through perfection in tire making. In the factory tests—rear-wheel tests under hard conditions—Miller Cores last year averaged 15,000 miles. The new Miller tread has added 25% to the tread wear. Since its adoption, not a single Miller Tire has come back with the tread gone. Both maker and inspector must sign every Miller Tire. Both are penalized if a tire comes back. Every tire user owes himself a test of the Miller Tire. Its exceptional mileage is talked everywhere today. Under this plan, defects have become a rarity. It is giving hundreds of thousands of users new criteria of tire service. It is winning contests—where a score of makes are given million-mile comparisons. Give it a chance to show.

Tread Patented

GERMAN NEWSPAPER IS PLEASED WITH HARDING

Berlin, June 16.—Harding has nothing to fear from the nomination of Warren G. Harding as the Republican candidate for the presidency of the United States, says the *Borsen Zeitung*.

"Nothing hitherto," the newspaper declares, "arrests apprehension that relations with Germany which have been initiated by American commercial and financial interests will be hampered, and, on the contrary, it is probable they will be furthered. The character of American diplomatic relations with other countries has of late been different from American commercial relations. The American business men has emancipated himself more thoroughly than those of other nations from government and politics. He does business wherever business offers. American foreign policies have always been chiefly party policies, and will remain so under Mr. Harding or anybody else."

The Quick Way

The village painter painting the inside walls of the church and was getting on remarkably well with the work, his brush keeping time to a lively jazz tune which he was whistling. The vicar walked in and exclaimed: "John, you should not whistle in church."

"I can work better while whistling, sir," said John.

"Then whistle a hymn tune," said the vicar.

"Very well, sir," replied John, and commenced whistling that well-known tune. "The Hundredth," very slowly, his brush also keeping time.

The vicar hastily went up to him and said: "Whistle the other tune, John, or else the painting will never be done."

IF COSTS ARE TO BE LOWERED

The Federal Reserve Board has postponed the drop in the high cost of living that many expected to follow sales in stores and other evidences of price cutting. It explains that there has been only a slight increase in production and no greater decrease on the part of the public to commensurate invest than heretofore.

Silk shirts apparently still rule, though, at slightly lower price, and the disposition to work is not improved to any alarming extent. Everybody is still keeping up with the Joneses.

The board sees disturbing factors everywhere. The labor situation it calls one of doubt and difficulties, and it sees danger in cancellation of orders in the cotton and wool trade. It has, however, been restricting credit and its efforts have reduced the volume of securities traded in which, however distasteful to Wall Street, cannot help but aid the country.

Boards, even with unlimited powers cannot do everything. There are just two things that can right the financial balance of the country, things that every man must do for himself, two things that the boss finds conspicuously absent. Men must work and men must save if the cost of living is to go down.

If they do not willingly work and save, history shows that something quite disagreeable comes along and makes them. Dearborn Independent.

Notice Of Drawing Petit Jury.

In compliance with an act of the General Assembly of the State of South Carolina, approved the 7th day of February, A. D. 1902, we the Jury Commissioners of Chester County in the said State do hereby give notice that on Thursday, June 20th, 1920, at 10:30 o'clock A. M. in the office of the Clerk of Court of Chester, S. C., we will draw the following jurors, to wit:

Thirty-six (36) petit jurors to serve, during the first week of the Summer Term of Circuit Court.

A. C. FISCHER, Auditor.
A. T. HENRY, Treasurer.
J. E. CORNWELL, C. C. Pleas.

NOTICE.

100,000, TOLL FOR CANCER

Medical Expert Places Figure for 1919.

New York, June 15.—Medical experts estimate of the number of deaths from cancer in the United States in 1919 place the figure at 100,000 and the number of persons afflicted with the disease at present at 600,000. Dr. Frederick Douglas of Boston, a vice president of the Allied Medical Association of America, declared today at the organization's ninth annual convention here.

Sufficient evidence has been gathered, he said, to support the theory that the disease originates in a constitutional or blood ailment, that the individual has within his body the predisposing cause of it and that it requires only certain "exciting cause" to develop. Care is possible, he said, if the exciting are removed and the pre-disposing factors properly treated.

Mrs. Helen L. Parsons, secretary of the Visitation Investigation League of New York, declared the theory of vivisection did not warrant its continuance.

A committee was appointed to conduct a thorough investigation of the vivisection question.

CLERK OF COURT.

I offer myself as a candidate for re-nomination for the office of Clerk of Court, subject to the Democratic primary, and promise, if re-elected, to serve you faithfully as in the past.

J. E. CORNWELL.

SOLICITOR.

The friends of J. K. Henry hereby announce him for re-nomination for the office of Solicitor of the Sixth Judicial circuit.

SHERIFF.

I hereby announce myself a candidate for re-nomination to the office of Sheriff, subject to the rules and regulations of the Democratic party and pledge myself to abide by the results of the primary.

D. GOBER ANDERSON.

TREASURER.

I am a candidate for re-nomination as County Treasurer, subject to the Democratic primary, and will appreciate all support that may be given me.

A. T. HENRY.

FOR AUDITOR.

I hereby announce myself a candidate for the office of Auditor of Chester county subject to the result of the Democratic Primary.

A. C. FISCHER.

FOR SUPERINTENDENT OF EDUCATION.

I hereby announce myself a candidate for re-nomination to the office of Superintendent of Education of Chester county, subject to the result of the Democratic Primary.

W. D. Knox.

FOR CORONER.

I hereby announce myself a candidate for re-election to the office of coroner of Chester County, subject to the result of the Democratic Primary election.

J. HENRY GLADDEN.

FOR HOUSE OF REPRESENTATIVES.

The friends of Mr. R. O. Atkinson wish to announce him as a candidate for re-election to the House of Representatives, subject to the result of the Democratic Primary.

GRASSHOPPER HORDES STOP FREIGHT TRAIN IN WESTERN MICHIGAN

Lansing, Mich., June 16.—Little progress was being made against the grasshopper pest, responsible for destruction of approximately \$4,000,000 worth of grain and crops in the western part of the state, according to reports reaching here today. In a later bulletin, farmers have organized under county farm agents to fight the insects and all available materials are being sent into the affected districts by the state farm bureau.

A report from Beulah today said the grasshoppers had reached the traveling line and that the insects of them are filling the highway. The engineer of an Ann Arbor railroad freight train was forced to station brakes on the pilot of his engine this morning to sweep the insects from the rails before his train could make a grade.

GRIFFIN EXPRESS CLERK IN JAIL FOR TAKING \$2,000 PACKAGE

Macon, Ga., June 16.—B. N. Barrow, night clerk in the office of the American Railway Express company at Griffin, Ga., and the Douglas county jail in default of \$4,000 bond, accused of taking a shipment of \$2,000 in currency.

The indictment was made by A. F. Copeland, special officer of the express company, upon his return here from Griffin, where he went last Thursday with J. H. May, district superintendent, when it first became known that the money, which had been sent June 8 by the First National bank of Griffin to the Willamson

THE TIDE OF IMMIGRATION HAS TURNED TO OUR SHORES

New York, June 14.—The tide of immigration is rising again, according to figures made public at Ellis Island by Frederick A. Wallis, commissioner of immigration, which showed that between June and Saturday night, 9,432 aliens passed through the country's main gateway. The figure announced, however, did not include the 1,319 storage passengers of the Italian liner Duca d'Abruzzi, nor the 1,862 arrivals on the Fabre liner Fabria, both groups being still detained for examination at the station.

"This has been a good week for me to study conditions at the immigration station," said the new Commissioner, "and I have gone quite deeply into the task which confronts us, only to find that we are depressingly short handed, overcrowded for quarters and regrettably tardy in the work of our boards of special inquiry." This drying aloft, along with increased inspection, overcrowded witness rooms and unaccountable delaying of aliens who are eager to get to their destinations and go to work, must be rected soon or we will be swamped by the increasing inflow of immigrants.

"Today I have counted 126 persons coming into an small witness room, just 25 by 30 feet, with a big staircase taking up much of the space. These witnesses are persons residing in America who come to Ellis Island, to testify in the interest of friends and relatives who are being tried before the boards of special inquiry as to their fitness to enter under the law. We need four more boards of inquiry, at least four more than we have now operating. A board consists of three inspectors, an interpreter, stenographers, etc. I am determined to get an adequate force in every division, so that we may cope the literacy test and the passport restrictions, it takes more inspectors than before these laws were passed."

TO START DRIVE ON RATS

Pensacola, Fla., June 15.—Work of exterminating rats will be started here tomorrow as the result of a conference called today to discuss methods to combat possible spread of malarial that local officials have pronounced. Rat catcher will work under supervision of Dr. C. L. Williams, public health service agent, who was sent here by his government. There have been two deaths here from what was pronounced bubonic plague and officials believe the rat flea carries the malarial for the rat. Buildings must be made rat proof. There is no fear of a spread of the disease if proper precautions are taken, he said.

Greater Engine Value

OVER 350,000 farmers bought the "Z" engine. They know it is powerful, dependable and practically fool-proof—truly a great engine. If but now we announce the new addition which could possibly improve the "Z" performance—Bosch high tension, oscillating magneto ignition.

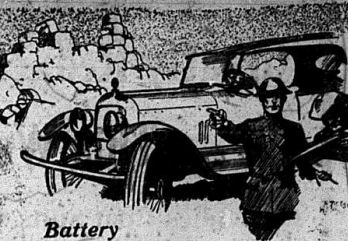

So let us show you in detail this greater engine value. If our service to you is remarkably complete and we are assisted by a nearby Bosch Service Station, 3 H. P. \$195.00, 6 H. P. \$200.00, All F.O.B. Factory.

Chester Machine & Lumber Co.

son National Bank of Williamson. Investigation had shown that the package had not left Griffin.

Barrow, a graduate of a business college in Atlanta, contacted Sunday afternoon after a long grilling. Mr. Copeland said, and took Mr. Copeland and Mr. May, with L. S. Rossar, of Jacksonville, and H. Johnson, of Atlanta, special officers who arrived on the scene Sunday, to his home near Griffin and returned the \$2,000 with the exception of \$5, which he had spent. It was buried near the house.

Mr. Copeland is of the opinion that the mistake of a woman clerk in the Griffin office caused the boy to be tempted so strongly to take the money that he could not resist. Four money packages were in the office when the woman tagged the books over to Barrow on the night of June 8, but only three had been registered by her.

Battery Dependability

The war proved conclusively the great importance of the starting and lighting battery. On a vast number of cars used by American officers in the field of operations the

"Exide" Starting & Lighting Battery

was used as the power supply for automobile starting and lighting.

The "Exide" will serve you just as faithfully as it served the United States Government in time of war. Made by the largest maker of storage batteries in the world, the "Exide" Battery represents the last word in storage battery design and manufacture. The "Exide" costs most to make, but least to use. Come in and let us show you why the "Exide" that is made to meet the specific demands of your starting and lighting is the right battery for your car.
