SENATOR BLEASE OPPOSES VICE PRESIDENTS' CHANGES

Washington—Changing the senate rules in the fast-moving... Would Probably Precipitate Recession, War, He Says in Letter to Friend.

Senator Blease declared in a letter received by a friend of his in Washington: There is no question where Senator Blease stands on the much mooted change demanded by Mr. Dawes.

Each car must be equipped with speedometer, in working condition. Drivers must not make noise which attracts persons to their vehicles.

DUKE HELPS NEGRO SCHOOL. Henderson, N. C., May 28.—A gift of \$25,000 was announced today at the commencement exercises of that institution, according to J. M. Avery, secretary of the school.

Woman Asserts She Knows Because She Tried Eight Husbands. New Orleans Times-Picayune.—"A good man nowadays is mighty hard to find," is the complaint of Mrs. George Luigi.

OF Mrs. Luigi's eight husbands, five have been divorced. "It all my fault," she said, "for being on my little strawberry and truck farm near Ionia with the eighth."

London traffic constables now wear white rubber sleeves as far as their elbows to make their signals very easily seen. A well-remembered flax which was no sensitive to the outbreaks of the fungus is being raised in the industry of the Northwest.

YORK NEWS

Items From The Yorkville Enquirer of More or Less Interest to Chester County People.

J. Ernest Stopp of Yorkville, local car-painter-contractor, expects to leave within a few days for Winston, where he has received a contract to build a large rock mill building at a cost of about \$18,000.

Charles R. Caldwell, for the past nine years employed as a cotton buyer in Yorkville, has secured a position as cotton buyer for the Industrial Mills in Rock Hill. He expects to take up his duties of his new position on June 1.

John Cameron & Sons, large peach growers of the Philadelphia country, offered their first Yorkville building for sale to the local market last Wednesday.

Announcement has been made by old Rock Hill that the church of the Oakland Avenue Presbyterian church, Rock Hill, that the church was mentioned in the will of Robert Hill, who died in 1880.

Each public car must be equipped with fire extinguisher. The law requires that every car must be operated carefully; speeding must not be resorted to; vehicles must stay on the right of the highway as required by law.

County Treasurer Thompson and his assistants had yesterday afternoon gotten down as far as the "making out" of checks for the refund of the automobile owners. Mr. Thompson said that he, with his workers, would first get through the list, writing the checks for the refunds, then add up the total of the checks to see that they are correct.

Several well-known Yorkville men, including William Carroll, John Moore and J. M. Avery, were present at the funeral of the late Mrs. J. M. Avery, which was held at the home of Mrs. J. M. Avery, on Monday, May 28.

London traffic constables now wear white rubber sleeves as far as their elbows to make their signals very easily seen. A well-remembered flax which was no sensitive to the outbreaks of the fungus is being raised in the industry of the Northwest.

LANCASTER NEWS

Items From The Lancaster News of More or Less Interest to Chester County People.

Contractor Marvin Bowers spent a day or two at Rockingham, N. C., this week. He reports that in that section everything is getting good and stands of cotton with four and five leaves to the stalk cover knee high in all crops and in cultivation.

Dr. J. L. Daniel, pastor of the First Methodist church, was able to be out on the streets Thursday after being confined to his home for a walk as a result of injury to his side, sustained in a fall. The large tract of land consisting of 450 acres, formerly owned by Mrs. Frank Williams of New York, has recently been purchased by T. C. Green.

Several auto speed trials are being held by the local market last Wednesday. The peaches, while small in size, are of good quality and are being sold for 50 cents a peck to housewives.

Announcement has been made by old Rock Hill that the church of the Oakland Avenue Presbyterian church, Rock Hill, that the church was mentioned in the will of Robert Hill, who died in 1880.

Each public car must be equipped with fire extinguisher. The law requires that every car must be operated carefully; speeding must not be resorted to; vehicles must stay on the right of the highway as required by law.

SHOULD ADVERTISE

Manufacturers Record Calls on Town and Cities to Take Part in World of Their Advantages—Progressive Communities Advertise as Well as Progressive Merchants.

Every progressive, constructive city in the land has something to sell, with profit to itself, just as much as any business concern. Also, each such city has much to buy, and it will find that advertising highly profitable on that line.

On the sales line, the manufacturer is at a disadvantage, for he has to offer many low prices, advantageous rates and value transportation good factory facilities, and a high moral and religious standing, an entire climate, how shall the advertiser get the best of it, if it is not advertised.

TUESDAY, JUNE 2, 1925.

The city of Chester came in for considerable publicity in the Made-in-Carolina section when an article of considerable length was published advising that Chester leads the world in the use of electric ranges per white capita of population.

In part The Observer says: "The attention of the Made-in-Carolina department of the Observer is called to the fact that the city of Chester, S. C., which already boasts the world's record in the proportion of electric range users to white population, is making the most creditable record of all the branches of the Southern Public Utility System."

The Observer also repeats the article recently published in The Chester News which called attention to Chester's claim of having more electric ranges per white capita than anywhere in the world.

Members of the City Council will hold a meeting this afternoon at which time they will discuss certain details incident to needed water works and sewerage improvements in Chester.

The Council realizes the urgent need of the improvements and no doubt readers of The News are quite familiar with the needs of the city along this line, since we have been calling their attention to the matter for the past several months.

### Country Club Meeting.

Those interested in the formation of a country club for Chester met at the Coast House last Friday afternoon and formed a temporary organization for the purpose of securing options on a site, drawing up by-laws, etc.

The meeting came to order and those present, except Dr. R. E. Abell as temporary president, Mr. C. C. Cushman was selected as temporary secretary.

Messrs. Thomas Anrum, Robert Gage and T. H. White, Jr., were appointed a committee of three to look into various sites around Chester and secure options to submit. They were requested to name the three best sites, and to draw up by-laws, and to report at the next meeting.

A committee of five consisting of Messrs. J. M. Hemphill, M. R. Clark, G. R. Dawson, J. S. Coleman and Floyd White were selected to investigate and recommend the best plan of organization and to draw up by-laws, and to report at the next meeting.

Mr. Cushman was selected as temporary secretary. Messrs. Thomas Anrum, Robert Gage and T. H. White, Jr., were appointed a committee of three to look into various sites around Chester and secure options to submit. They were requested to name the three best sites, and to draw up by-laws, and to report at the next meeting.

Mr. H. W. Hafner Passed.

### IN HONOR OF VISITOR.

Special to The News.  
Mrs. Sid Clinton entertained most delightfully Thursday afternoon in honor of Mrs. Barbara of Fort Worth, Texas. She is a granddaughter of Mrs. T. F. Reid, a niece of the hostess.

The "colonial" home was lovely in its adornment of sweet peas and old-fashioned flowers; their fragrance brought back sweet memories to the old ladies of the sixties. As the guests arrived they were met at the front door, and shown in the name-spending a very pleasant and social hour, the guests were introduced into the dining room by Mrs. W. C. Reid, where cake and cream was served.

Those present were Mesdames Barber, C. D. Reid, T. F. Reid, T. L. Bryson, W. H. Garrison, Henry Caldwell, John Craig, E. A. Peay, Ross, Sid Allen, Nones Clinton, Ernest Lock, Frank Craig, W. G. Reid, Alva Westerland, C. D. Reid, J. Miss Helen Reid, Mrs. I. T. Paris, of Camden.

Those assisting in entertaining were the hostess' two daughters, Miss Lucille Clinton and Mrs. Violet Shillingham.

The honor guest was beautifully dressed in black silk with jaegers. The hostess wore a dress of brown satin-back crepe with beaded trimming.

Mr. H. W. Hafner Passed.

They expect to be away over the twentieth of June. The return trip will be made over the Canadian Pacific touching in many of the Canadian provinces—Canden Chronicle.
Rev. A. L. Willis, pastor of West Side Baptist church, is conducting a ten days' meeting in the church, which began Sunday evening last. The program of the week. The services are being held each evening at eight o'clock, and are being largely attended. The public is cordially invited to attend.
The members of the Chester Gun Club have been advised that when the people are going to present to the club a cup which the club expects to award the member making the best score on July Fourth.
The hope of John Featherston, a colored employee of the Chester postoffice, was partially destroyed by fire last Saturday night. His home, which was a good one and did excellent work. Featherston asks the News to express his thanks to the firemen for the work they did on his home.
CITY COUNCIL TO MEET TO DISCUSS IMPROVEMENTS
City Council Will Meet This Afternoon to Discuss Bond Issue for Water Works and Sewerage Extensions in Chester—To Secure Services of Man to Make Survey of City.
The members of the city council will hold their meeting this afternoon at six o'clock at which time the matter of floating bonds for water works improvements will be brought before the body. Members of council, realizing the urgent need of improvements along this line in Chester, have been giving the matter considerable thought in recent months and have come to the conclusion that the situation, and the urgent need of such improvements, should be placed before the people with the hope of getting their approval. Council expects to secure the services of an experienced engineer, who will come to Chester to make a complete survey of the present water and sewerage lines, and also a survey of the proposed improvements. After this is done the appropriate cost will be given and the matter of issuing bonds to pay the proposed improvements will be before the council. A plan of financing the proposed bond issue will also be submitted and when this is done it is thought that the citizens will readily sign the petition calling for an election and that they will vote for the bonds with which to do the proposed improvements.
It is the idea of officials to enter into the steps of the survey, which already is inadequate for the town needs, and to also erect a stand-pipe in East Chester. It is also thought that a water tower would also be taken care of and the laying of sewerage lines in certain sections of the city not now supplied would come under the list of improvements.
The city officials had made arrangements with Mr. R. C. Hester, engineer, to come to Chester to make the survey, but Chester folks who recently read of the sinking of a ship on the Mississippi river will recall that Mr. Norcross was among those who were drowned when the ship went down. In view of this fact officers will secure another man to do the surveying.
Couldn't Stand Still.
While in the Wilkingsburg section of the county Sunday Sheriff J. G. Howze and deputies were riding along in their Ford they saw a negro man, who they also saw the officers approaching and being the proud possessor of a pistol, which he was carrying as he walked. The officers could not resist the temptation to take his ball.
The negro made a dash up steep embankment and reaching the top the dirt gave away and down he came with the result that he broke his leg, between the ankle and knee. His mind of locomotion being out of repair there was nothing for him to do but sit steadily and the officers walked up and giving him the once-over they found the pistol. The negro's name, Pryor Bailey and was brought to Chester and given medical attention.
At Opera House Friday Evening.
The colored schools begin to close for session on Friday evening of this week at the City Opera House, 8:30 o'clock. A beautiful operetta will be rendered entitled "Hara Hara." The play will be highly entertained. The following is a brief synopsis of the play:
ACT I.
Scene—Japanese Garden.
O'Kashi-Kitara, a young student of noble lineage, falls in love with O'Hara San, the girl son of Kamaya. Finding that his love is returned, he seeks her hand in marriage. Reluctantly Kamaya consents to the marriage on condition that it take place in a year's time. O'Kashi-Kitara leaves Japan to study in America, and remains away for almost a year. In the meantime, O'Kashi-Kitara's father, Kamaya, agrees to his suit if O'Kashi-Kitara does not return within the year's time.
O'Hara San has made preparations to marry the old Prince, her lover, returns at the last moment, and all ends happily.
Admission 25 cents down stairs; 15 cents up stairs.
Club Calendar For the Week.
D. A. K. Wednesday at 8:00 p.m. at the home of Mrs. J. G. L. White, hostess.
Senior Forty-two Club, Thursday afternoon, 8:30 o'clock, Mrs. M. C. Strang, hostess.
American Legion Auxiliary Friday afternoon, 4:30 o'clock, Mrs. B. H. McCullough, hostess at her summer home.

EXCITING TIME.
Sheriff and Deputies Have Exciting Time When They Raid Still—Negro Shoots at Sheriff—Tris in County Jail.
Sheriff J. G. Howze and deputies, also one or two constables, and a revenue officer, had an exciting time on the farm of Mr. W. R. Stringfellow last Friday night when they will appear before the justice of the peace to answer the charge of manufacturing whiskey, etc.
The officers had been aware of the fact for several weeks that the negroes were making whiskey in the territory above mentioned but they awaited until they thought the time right and last Friday night they proceeded to visit the place of action, surrounding the negroes and the still. The officers were creating some of the negroes from all sides when Sheriff Howze made a mis-step and stepped on a stick. The stick broke and one of the negroes exclaimed, "Who dat?" No answer came from Howze and said negro pulled his pistol and fired in the direction of the sheriff. The flash of the pistol shined Howze, through the darkness could see from the office direction the shot came and seeing this he pulled down with a shot gun loaded with buck-shot. The shot fired and the negro died. However, into the arms of other officers they ran, but one of them had such speed that he could not stop and officer Stevenson pulled down with a Winchester inflicting a flesh wound in the negro's leg. This immediately caused his knees to quiver and he fell.
The sheriff also inflicted flesh wounds on his would-be assailant, several of the shot breaking the negroes' skin. The trio were brought to town and given rooms in the county jail.
Their hands have been placed at \$1,500 each; five hundred for job county and one thousand for the state. The sheriff has ordered the negroes works on the farm of Mr. L. M. Wooten, one on the farm of Mr. W. R. Stringfellow and the other with Messrs. Robert Grant and R. E. Sims.
From present indications, it appears that the three will have a pleasant time of evaluating the hot rays of the sun this summer and that they will sojourn with the county until their trial comes off.
What makes you look so fazed?" was the cry of an Anderson, Arkansas City in the other day. "Well, it's like this," he replied. "My wife is walking to town to see my neighbor. The negro can do it without attracting attention of the neighbors in the evening. She then insists that I go along with her. I am afraid that the two boys I have lost, eight pounds and she has gained two ounces."

PALE, NERVOUS
West Virginia Lady Says That She Was in a Serious Condition, But Is Stronger After Taking Cardu.
Huntington, W. Va.—"I was in a very bad and nervous condition. In fact, was in a serious condition. My name, Fannie C. Bloss, of 104 Madison Avenue, this city."
"By my left side the pain was very severe. It would start in my back and sides. Part of the time I was in bed and when up I almost feel like doing anything or going anywhere."
"Life wasn't any pleasure. I was very pale. I was nervous and thin, and so tired all the time."
"My druggist told me that Cardu was a good medicine for women. I bought a couple of bottles. I took two bottles, then I noticed an improvement. I was feeling better. I was taking my medicine and I noticed that I had been in a long time."
"Finally I made from mild-suffering medicine for women. I noticed strengthening effect upon my system in general."

A FEW SMILES.
A middle-aged but rich widow, who had a very disagreeable temper, complained to her son-in-law that she was annoyed by the attentions of a certain man.
"Have shall get rid of him?" she asked.
"Happy him" replied the son-in-law.
"Did see him hanged first?"
"First marry him, and it won't be long before he'll hang himself."—Rotterdam Dambard.

CONGRESSIONAL MEETING.
The following announcement appeared in the bulletin of Purity Presbyterian church Sunday:
"An announced last Sunday. The Session calls the congregation to meet next Sunday morning after the sermon to consider the ways and means of building an additional Sunday School equipment, and if the way be clear to authorize procedure to that end. A fine sentiment, and an acute need for the building has arisen, and already about one-half of the necessary funds to build it is in sight. Under the circumstances it would be a very short-sighted policy not to make-up."
"Let us, therefore, as we already have to increase our capacity and facilities to serve the Lord with this much needed building."
"Jimmie: 'If I were asked out to dinner and had it pie for dessert should I treat it with fork?'"
"Mother: 'Yes, indeed, Jimmie!'"
"Jimmie: 'I suppose you don't happen to have an apple pie?'"
"Mother: 'I could practice on, but you, mother?'"
BUY A Cestrian!
The good people of Chester are urged to buy a CESTRIAN, the magazine put out by the pupils of the Chester High school, which is just off the press.
The Cestrian is of about one hundred pages and was all written by various students of the local schools. The Literary Department is exceptionally fine and you will be surprised at the articles written by these high school students.
The price is only 25 cents and in addition to getting your money's worth you will encourage an excellent work among the high school students.
Buy your Cestrian now—only 25 cents.

EASILY CLEANED REFRIGERATORS

The manufacturers of our Refrigerators took special care to construct them so that cleaning is an easy task—a point well worth consideration by the busy housewife.

Chester Hardware Co.

**Diversified Agriculture.**

Diversified agriculture is contributing very materially to the agricultural prosperity of Orangeburg County. For well rounded agricultural growth, Orangeburg probably leads the state. As a demonstration of this, two million cars of poultry, or 35,732 points, were shipped out of Orangeburg recently in one single day. The buyers of this poultry and others of other states that they had never seen such a load of broilers shipped at this time of the year. These two years brought \$270,000; the amount paid for feed and labor for broilers was \$100,000, making a total amount for feed labor and poultry \$170,000.

A. L. Faber received a \$5,000 cash prize for bringing in the greatest amount of broilers to his check amounting to \$11,000. Mr. M. C. Miller, agent states that this is the beginning of the poultry industry. He is planning to ship one car each week next season, beginning in January and ending in June. He has shipped six cars of poultry since last January. The amount brought Mrs. Orangeburg paid as a result of these sales was \$17,200.95. H. M. Miller

**Beaufort, May 20.—**

Friends of J. G. Pittman, shot to death by prohibition enforcement officers at Coosau, this county, Sunday night, have raised a fund and have employed F. M. Scarlett, solicitor of the Brunswick district, to assist the South Carolina authorities in the prosecution of Abner B. Scarborough, federal prohibition officer, and F. P. Harrington, state enforcement agent, now out on bond charged with the killing. If the authorities decide to prosecute the case, according to information given by Mrs. Mabel Leach of Brunswick, daughter of the dead man, who was in Beaufort today.

Mrs. Linker and Mrs. Mary Kline, also of Brunswick, and a niece of Pittman, came to Beaufort yesterday and are engaged in winding up the estate of the dead man, they said. They expect to return to Georgia tomorrow. With them were Frank McInnow and J. H. Pittman, nephew of N. G. Pittman, who will take the dead man's fishing boat, on which he was killed, to Brunswick, Ga.

Thomas Ancrum, Manager.

**THE BOOSTER**

Do you know there's lots of people Settin' round in every town Growin' like a broody chicken 'Knockin' every good thing down? Don't you be that kind of a chile. 'Cause they ain't no use on earth. You just be a booster rooster. Crow and boost for all your worth.

If your town needs boostin' boost 'er; Don't hold back and wait to see if some other fellow's willin'. Sail right in, this country's free. No one's got a mortgage on it. It's just yours as much as his. If your town is shy on boosters, You get in the boostin' biz.

If things just don't seem to suit you And the world seems kinder wrong. What's the matter with a boostin' Just to help the thing along. 'Cause if things should stop again 'We'd better be sorry right; You just keep that horn blowin'— Boost 'er up with all your might.

If you know some feller's fallin' Just forget 'em, 'cause you know That same feller's got some good points— Them's the ones you want to show. 'Cast your loaves out on the waters. They'll come back' 's a sayin' true. Mebbe, too, they'll come back 'buttered'. When some other fellow boosts for you.

In the press of traffic, the driver of a Ford experiences little strain and effort. He finds that its simplified control and quick get-away enable him to thread the crowded thoroughfares with an ease that only a Ford can give.

He finds that the problem of parking, which proves so serious in a large city, is of little consequence to him because of the simplicity with which a Ford may be maneuvered back and forth into a very small space.

Many owners of larger cars use a Ford for daily city driving because of its easy control. Control well-towards this car is increasing year after year because it has proved to be a sound investing investment for everyone.

Karnak is sold in Chester exclusively by Standard Pharmacy and by the leading druggist in every town.

**"THE PROOF OF THE PUDDING"**

Just as "the proof of the pudding is in the eating," just so the proof of an electric range is in its use. As a matter of fact no one except a user can really appreciate the superiority in every respect, including economy of operation of the electric range over other types of cook stoves. The S.P.U. Company has enthusiastic expressions from hundreds of users of electric ranges from all over its system. Some of these are given herewith:

Southern Public Utilities Company, Anderson, S. C.  
Gentlemen:

In reference to your service, I beg to say it cannot be excelled. I have not experienced the loss trouble with my range since it was installed. My bills are very reasonable, being less than wood or coal, not allowing anything for pleasure and convenience which would more than offset the entire bill. In fact, I would not be without one.

Respectfully yours,  
MRS. C. L. STEVENSON

Southern Public Utilities Company, Hickory, N. C.  
Gentlemen:

I am truly satisfied with my electric range. At first I would have sold it for ten cents, but now I wouldn't take five hundred dollars for it. It not only saves a fuel bill for us but a cook's bill, for I couldn't do my work if I didn't have an electric range. It is a joy in more ways than one, and anyone has my deepest sympathy that hasn't one.

Your service has been all that anyone could desire and more.

Sincerely,  
MRS. RONDO-BUCHANON, Hickory, N. C.

Southern Public Utilities Company, Greenville, S. C.  
Gentlemen:

In answer to your inquiry about electric range, I have had our range almost two years. In all that time it has never failed to give the best of service. If I had to go back to the old way of cooking on a smoky range I would want to break up house-keeping at once. I feel ten years younger since I have this dependable way of cooking, and meals are not only easier to prepare but more appetizing cooked the electric way.

I am a booster for electricity. I have range, percolator, toaster, washing machine and iron. They are the only servants I have, but they are always ready day or night to work for me.

Yours truly,  
MR. EDWARD WELTER, R. P. D. 5, Greenville, S. C.

**HOME WOULD NOT BE COMPLETE WITHOUT IT**

Dear Sir:

My home would not be complete without my electric range.

Very sincerely,  
MRS. S. C. CARTER, Chester, S. C.

Southern Public Utilities Company, Chester, S. C.  
Gentlemen:

After eight months of experience with an electric range I have found that cooking, instead of a constant toiling over a hot stove, can be reduced to a pleasurable science. The knowledge that, in preparing a meal on an electric range, a given quantity of food, together with a given temperature and length of time, produces an invariable and successful result, should convince every housekeeper of its superiority for perfect cooking.

Sincerely yours,  
MRS. J. V. BROOKSHIRE, Chester, S. C.

Southern Public Utilities Company, Winston-Salem, N. C.  
Gentlemen:

I have used my range two years and eight months. It is most satisfactory and gives greater pleasure, if possible, now than ever before. I've used four kinds of cooking appliances and never will I use anything but the Hotpoint Hughes if I can help it.

Sincerely,  
MRS. H. E. ROBINSON, Winston-Salem, N. C.

Southern Public Utilities Company, Reidsville, N. C.  
Gentlemen:

In reply to your letter will say that my range is the greatest convenience I have in the house. It gives perfect satisfaction.

Respectfully,  
MR. MONROE ROSCO, Reidsville, N. C.

Southern Public Utilities Company, Anderson, S. C.

A friend called on me this morning to ask my opinion of the electric range. I gave her an unqualified recommendation, and I think it decided he got a range. It is glad to the same for any prospective customer as I am so satisfied I'd like to pass my satisfaction to others. The best I have found very moderate, as in the 16 months of use my bills have averaged \$25.12 per month. I wish you much success in this campaign.

Sincerely,  
MRS. DESSIE H. ADAMS, Anderson, S. C.

South Public Utilities Company, Chester, S. C.  
Gentlemen:

My electric range and the service rendered are excellent. I could not desire better help in my work. It is always ready and dependable, like a good friend.

MRS. A. G. BRICE

**IN USE FIVE YEARS**

In reply to yours of recent date will say we have been using your electric range for more than five years. Have found same and your service all that could be desired by the most exacting.

We have found range and service quite satisfactory.

Yours truly,  
MRS. W. O. GUY, Chester, S. C.

Southern Public Utilities Company, Anderson, S. C.  
Gentlemen:

I am delighted with my electric range. It has proven most satisfactory in every way, and I can most heartily recommend it. I use it for all cooking and it is most economical than an oil stove.

Very truly yours,  
MRS. WILLIAM PETERSON, Anderson, S. C.

**THE LAST WORD IN COOKING.**

Personally, I consider your electric range "the last word" in cooking. It is a luxury and yet a splendid investment. I feel the service you render cannot be excelled. I know when I call for aid it is forthcoming in a most satisfactory manner and no one of the "2,000" appreciate it any more than I do.

Yours truly,  
MRS. L. E. BROWN, Chester, S. C.

**THE ONLY REAL WAY TO COOK.**

"Cook by Wire" is the only real way to cook. If the housewives know how easy cooking is on the electric stove you would have found a great many more electric ranges in homes than you now have.

I find using the electric range inexpensive. And what a joy it is to put your vegetables on, turn the switch, and they cook all alone.

The S. P. U. Co. is "Johnny on the spot" when it comes to service.

Cordially,  
MRS. W. W. PEGRAM, Chester, S. C.
