Miss Annie Witherspoon is in Rock Hill undergoing treatment at the Fennell Infirmary. Mrs. Jennie Steele has returned to her home in the upper Camp Creek section and is greatly improved following an operation at the Fennell Infirmary in Rock Hill. Mrs. Highten near Blackstock, spent a few days recently with her daughter, Mrs. Wm. McLawrie, of the South Lancaster section. Miss Ruby Baskins and Dennis Harper, both of the young people of the Elgin section, were married at Heath Springs Saturday afternoon. Rev. Ewell officiating. The bride is a daughter of Mr. and Mrs. A. J. Baskins and the groom a son of Mr. and Mrs. James H. Harper. The eleven Jersey calves purchased by County Agent Howell in Spartanburg county last week arrived yesterday and will be distributed today among as many club boys. The Lancaster County Jersey club members held a meeting in the office of the county agent today to arrange for a big picnic during July, the exact date not having been decided on yet. The News went to press, but will probably be on or about July 20. Fire during Sunday night, it is reported, destroyed one of the large saw mills operated by Robinson & Aftreiter in the Liberty Hill section. These gentlemen are from the vicinity of Greensboro, N. C., and have been in the county for two years or more. No particulars could be obtained as to how the fire started and the loss sustained. Miss Elizabeth Knight, daughter of Mr. and Mrs. J. M. Knight, of this city, underwent a few days ago at the Fennell Infirmary in Rock Hill an operation for removal of her tonsils and also for adenoids, both of which were successful and the young lady has returned home greatly improved. W. A. Clifton, well known mechanic who has been working with the force engaged in the construction of Dr. T. E. Doster's new home, corner Elbert and Catawba streets, had the misfortune Saturday morning to fall from a scaffold and break the right leg just above the knee. Mr. Clifton was immediately attended by a local physician and later removed to his home in the Dixie section, about eight miles east of the city, the trip being made in a Ford touring car with a cot on which Mr. Clifton lay. The break is considered an unusually bad one, it is said, and will be some time before Mr. Clifton will be able to walk again. Lancaster News.

ing at about 4 o'clock. They expect to remain in Yorkville for a few days and friends for a week or such a matter. Mr. Harrison said that he found the roads very good, but is willing to bet that the roads in Virginia and South Carolina, especially South Carolina, for having it in this regard. Getting his buggy smashed by one coming was the rough experience of Glenn Barnett, negro, on East Liberty street Sunday night as he brought back a cask who had spent the day at his home in the country. A car hit him just as he was turning into a yard on the north side of the street, smashing a wheel and throwing the woman out. The car was driven by a Mr. Adams of Rock Hill, who had swerved to the right in order to pass a car in front. Then a half minute later, while Barnett was holding his horse, came another car driven by William Carroll, smashing two more wheels and the buggy dropped. Though traveling at a moderate speed, the brakes, the impact, the slippery streets and the exploded tire left Carroll's car facing the opposite direction from which it was coming within a few feet of the wreck. Although Barnett, the woman and the horse were more or less bruised none of them appeared to be hurt. The buggy was a wreck. That 120 horse power gas engine that the town has at the water plant to take care of the situation at first was thought to be a very good one out of commission is a dandy. It is of equal efficiency with the electric motor.—Yorkville Enquirer.

TWO GARRETT'S WILL FACE TRIAL

True Bills Found Against Both. Brothers Charged With Killing Rev. E. S. Pierce, Pastor of Five Churches.

Cumberland Court House, Va., June 28.—True bills of indictment charging the murder of the Rev. E. S. Pierce, pastor of the Lutheran church, and the murder of Larkin C. Garrett, prominent Cumberland county official, with first degree murder for the slaying of the Rev. E. S. Pierce, pastor of the five Baptist churches in Yorkville, who was shot to death at his home here on the morning of June 4th, were reported to Judge B. D. White by the grand jury in circuit court late today.

The grand jury in session less than an hour and examined only five bills of indictment. The grand jury was called by William M. Smith, commonwealth's attorney for Cumberland county, who was an eyewitness to the killing and who was called today by special venire.

Seven men composed the jury. When the court convened shortly before noon, Judge White presiding in the courtroom and Judge George L. Handley, who is ill in a Richmond hospital, directed the sheriff to summons a special panel of nine men to constitute the grand jury. The names of the men reported when court reconvened this afternoon. The seventh juror, V. B. Saunders, was secured through Judge George L. Handley in the court. Mr. Saunders was made foreman of the jury, which was composed of W. W. Jackson, David Stuart, W. T. Adams, John Rietman, A. W. Moon, Jr., and W. Guthrie.

The atmosphere of the little court house was charged with an air of mystery and excitement when the grand jury was called to the courtroom. Judge White ascended the bench and formally opened the court session. The court room was filled with spectators and the scene in the vicinity of the county building were lined with automobiles and other vehicles. A squad of police officers from Richmond and a score of special deputy sheriffs were on hand to preserve order but their services were not needed. The crowd was orderly and no disturbance of any importance marked the two brief sessions.

The arrival during the afternoon of Col. Payne B. Deans, private secretary to Gov. E. Lee Trinkle, created some surprise. Colonel Deans, acting as his personal representative to "obtain first hand information as to the situation" and "to keep the commonwealth advised of conditions in Cumberland county."

Following a brief conference with counsel, Judge White sat the trial of the case for July 2nd. The case against the two brothers, Larkin C. and John C. Garrett, is being prosecuted by the commonwealth against the state, served no notice that the state would not be present at the trial. The Garretts are called to trial. A major of the 1st Cavalry, who was in the line of promotion to 1st Lieut. of the 1st Cavalry, was denied when defense counsel presented an affidavit from hospital authorities stating that the defendant was unable to appear in court.

SEIZURE OF LIQUOR IS STRICTLY LEGAL

English Anti-Prohibitionists Have No Legal Ground For Protest.

Washington, June 28.—The statement by Premier Baldwin to the British house of commons that the breaking of British customs seal on British liners arriving at New York with stores of liquor specially sealed afforded no ground for protest to the United States government conforms to the view by American officials from the outset. It has been emphasized in Washington that the seals had no value so far as American territorial waters were concerned and that their breaking by customs officers would not result in any international incident.

In whatever steps the British government might see fit to take with respect to the action of the New York customs officials, it has been pointed out here that the question involved would be the seizure of the liquor and not the breaking of British seals, and there has been no indication of any intention on the part of the British or as yet on the part of any other power to protest against the seizure.

So far as Great Britain is concerned there is no doubt that American officials feel that the precedent established by the Lord Chief Justice of England this month in penalizing the German steamer Cleopatra for bringing spirits into New Castle while enroute to Antwerp, from England would be difficult to get around should the foreign office take up the question of the New York seizure.

In a way contrary to British law when the ship entered British territorial waters regardless of whether the liquor was in the hands of the master it was the purpose of the shipmaster to land the spirits in England or at Antwerp.

In view of all the circumstances it is evident that officials in Washington respect the New York seizure so far as British ships are concerned, to go to court decision in a routine way and without participation by the British government in any diplomatic way in the proceedings.

SUNDAY SWIMMING CONDEMNED BY PREACHERS

Greenville Ministerial Union Starts Campaign Against Swimming Pools.

Greenville, June 28.—The Greenville Ministerial union, a composite of pastors of practically all churches of the city, has begun a war to the death on swimming pools and kindred amusements Sunday afternoon in this section. Proprietors, however, have already struck back and it remains to be seen whether or not pools, shooting galleries, riding delectations and other amusements will be closed.

The ministerial union at a called meeting today passed resolutions denouncing alleged desecration of the Sabbath at Greenville and as-

YOUTH IS VICTIM OF GRANDSTAND ACCIDENT

William Harrell Dies at Rutherford Hospital; Harold Long Has Broken Shoulder.

Forest City, June 27.—William Harrell, the 10 year old son of Mrs. Raney Harrell, died this morning at the Rutherford hospital.

He was one of the victims of the accident which occurred here last Wednesday when the top of the baseball grandstand blew off. It was thought at first he would recover, but his skull was found to be fractured. He never regained consciousness. The funeral will be conducted from the Baptist church by Rev. M. A. Ayers, the pastor.

The other most seriously injured one of the victims, was Harold Long, druggist of this place. He is in the Rutherford hospital suffering with a broken shoulder.

YOUNG ABBEVILLE WOMAN KILLED BY LIGHTNING

Anderson, June 28.—Returning to her home from the fields, where she and her husband had been working, Mrs. Eugene Phillips, about 25 years of age, of Abbeville county, residing some two miles below the town of Honah Path, was struck by lightning and almost instantly killed Monday afternoon shortly before 4 o'clock.

Mrs. Phillips' hair was said to have been considerably burned and her face and other portions of the body were also severely burned. Her clothing was torn into pieces and one of her shoes was torn from her foot.

It is singular that in one of her hands Mrs. Phillips carried an egg which she had supposedly found in the field, and this was not broken, but found clenched in her hand. Mrs. Phillips was said to have carried a steel hoe on her shoulder and it was believed that this instrument attracted the lightning, the full force of which, it is believed, struck the woman.

Some years ago a brother-in-law of Mrs. Phillips lost two of his small children in a similar manner to that in which Mrs. Phillips died.

Supreme Court to Decide.

Winnsboro, June 28.—Yesterday a test case was brought in the supreme court in Columbia as to whether an alleged inconsistency occurred in the wording of the Fair field county bond issue for \$500,000 for permanent good roads. How the supreme court will construe the law is a matter of great interest to the people of Fairfield, where in the November election last fall the voters for the bond issue was six to one against it. If the supreme court decides against the county the building of the roads will have to be postponed till after the legislature meets in January.

DRIVES A CAR AT HIGH SPEED

At Night in Sleep—He Hardly Knew How to Drive—Engine "Died."

(Greenville News).

Can a person get up in his sleep, go to a garage, get an automobile out that he has hardly learned to drive, and race eight miles down a road "wide open" and never run in a ditch?

If that question has been puzzling anybody it has been answered. The stunt was pulled last Tuesday night by George Puckett, 14-year-old son of W. L. Puckett, night watchman in the Woodside building. George's father told the story to a News reporter last night at the Woodside building. The tale ran something like this:

The Puckett home is situated some three miles from the city, just off the Easley road. George has been known several times to get up in his sleep and walk about the house, always waking members of the family, who get him back to bed. Tuesday about midnight he awoke, and without dressing walked out of the house. When somewhat younger George was "afraid of the dark" and even now he does not like to go about after midnight, but after he went straight to the garage on this night, however, and one of the small children heard him start the engine of a well-known make of automobile.

The little one called an elder brother, but before he could get through, however, George was disappearing. George had just learned to drive the car. He did not take the regular driveway to the road, but went through the woods, along the old wagon road, barely wide enough to get through. He did not seem to mind the narrow road, however, as he opened the accelerator. He drove with a crash into a ditch. He fast disappeared towards the Saluda dam.

The boy was next seen as he passed the dam, still going at full speed. A man who saw him, hatless and wearing nothing but a thin night shirt, realized that something was wrong and telephoned officials for help. The road was dark.

In the meantime, Waycross Children and other neighbors of the Pucketts, had been awakened and started in pursuit of the sleeping boy in their automobiles. They passed a number of cars, whose occupants reported seeing the boy driving a car, but the car would not about three miles from home they found George on the side of the road, wide awake and in trouble. His car wouldn't go.

George told his story. He said he could not remember much about it, but it seemed that he supposed one of the beds had come off of one of his shoes and he was going to have it fixed. He did not know how far he had been, but when he awoke he was on the side of the road, and started toward home. His engine had suddenly died.

The parents estimated from information given by other witnesses that the car had driven about eight miles from home and turned around and driven over five miles on the back-track before he woke up.

George had tried to start in daylight, when he was awake, he would probably have been in the ditch before he had driven a mile. He said that after this the night Puckett car will be securely locked and the key hidden before George goes to bed.

17-YEAR-LOCUST IS HEADED FOR GEORGIA

Citizens Will Fill Woods With Their Shrill Notes; More Frightful in Appearance Than to East.

Atlanta, Ga., June 27.—Get ready for the 17-year locust.

These insects are due to make their appearance in Georgia any day now, according to the state agriculturalists.

The states in which they will be heard and seen this year are Georgia, North Carolina, Tennessee, Kentucky, Virginia, as well as some several states. The distribution of the cicadas is being decidedly local.

They will emerge from their 17-year hibernation, winter and summer, and will fill the woods with their thrill notes. The females are dumb.

The cicadas, as they are scientifically known, produce the prolonged shrill notes, which may be called music, by vibrating membranes of special organs on the under side of the abdomen.

The insects are not permanent damage to mature trees, as is asserted, but may seriously injure young trees or nursery stock.

They are not particularly abundant in large numbers over large areas, but orchards and shrubs may be partly protected, say Georgia agriculturalists, by growing crops from the ground up with prethrum powder when the insects have just emerged from the shells in which they emerged from the ground, or sprayed with arsenic emulsion about the same time.

Just what and how much damage may be feared for vegetation and growing crops from the cicada visitation, agriculturalists here do not know. The pest, it is stated, seem to be more frightful in appearance than the locusts of the past, but less numerous of recent years than formerly, due to change of forest conditions probably.

The most disastrous locust year known in the United States, it was stated here today, was in 1874, when enormous swarms invaded the settled portions of the Mississippi valley, covering Colorado, Nebraska, Kansas, Wyoming, Dakota, Minnesota, Iowa, Missouri, New Mexico and Texas.

The loss in this region was estimated at \$50,000,000 in the actual destruction of crops. Other sections have been ravaged in other years by these insects, millions of dollars' damage has been done to the crops, but no disaster as severe as that of 1874 has been recorded.

YOUR TIME AND MONEY

In a very little book, Arnold Bennett, the novelist, points out how money spent can be replaced, but time spent is gone forever.

Mr. Bennett is only a little too liberal in his ideas about money spending. He, of course, being highly talented can get more money easily enough. Most of us can't.

Money, once we have got it, should be spent wisely and carefully. Mr. Bennett is not so all, and without money we can never have independence. Thrift in money matters is highly important. But there is in time still more important. An hour wasted is an hour lost.

Decide as early in life as you can just how much time you can afford to waste, and never waste another hour beyond that limit.

Do not count time spent in play or recreation or in a few weeks of absolute idleness as waste.

Rest is necessary, and play is the best form of rest. A little idleness is necessary when the machine gets run down.

But let not an hour be altogether wasted. The time you are taking from the house to the office or shop, can be spent in reading the news, or in profitable conversation with a book, which can give you information or ideas.

The time you sit about waiting for meals can be spent with a good book. The time you spend always to keep one on hand for that purpose.

Rock Hill Here Next Week.
The two old rivals, Chester and Rock Hill will meet here for two games Monday and Tuesday of next week. The Chester team has been considerably strengthened since the last games with Rock Hill and there is every indication that those two games will be spirited and interesting.

In fact all of the teams on the circuit are gradually improving and the fans can look for better baseball from now on.

The only games that Rock Hill has lost have been next week, which will be followed on the Fourth of July by a game here in the afternoon between Chester and Union.

DIAMOND DUST

Well, we certainly fooled York Wednesday. The Rose City boys thought they had a snap when they came to Chester but were awakened by the score of 8 to 5.

That Ump Wednesday certainly did burn Chester's pitcher on strikes right over the plate, and the fans did not fail to let it be known that they were not satisfied.

That York Ump had been heard of before he got to Chester. It is thought that York is feeding him too many sweets.

A fan who sits in the grandstand right behind the catcher can tell exactly when a ball comes over the plate. Some of them did that thing Wednesday and knew what they were kicking about when the Ump called strikes balls.

Chester was materially strengthened Wednesday. Duganhart, a new boy, pitched excellent ball and was well supported.

O'Neil, Chester's new short stop was on the sick list Wednesday, nevertheless the new-comer played real baseball and was right there with the goods.

Mackey, another new one for Chester, hit the pill Wednesday for three sacks with runners on.

Ray, for York, is a good one but befuddled to handle the willow to amount to much Wednesday. Must have been an off day.

Two of York's runs were no doubt due to the high wind which caused a fielder to be unable to judge the ball.

The Rock Hill Herald says Loudermilk, Chester's manager, runs in from account to advise his twirler too much. Says he should give advice prior to the game.

Rock Hill says, "More practice work and twirling strength will give Chester a team to be reckoned with before the season is over, if they don't shoot it to pieces."

Chester was late getting started but maybe we will do the turtle stuff.

New men on the diamond? For Chester Wednesday were Duganhart, O'Neil, Allison and Mackey.

O'Neil, on short stop for Chester, is a go-getter. He made 'em sick yesterday.

To stop a hard ball, fall, hold a man on third, and put a man out, that is no easy task, but O'Neil did the trick yesterday.

Chester boys played good ball yesterday even if they did lose. A few errors were rather costly.

You can't kick on yesterday's game even if we did lose.

Brooms landed out a nice one but it was too late in the game to do the work.

Yarborough, pitching for Chester, was good yesterday.

Ellis, is said to be York's best pitcher. He is a good one, but Chester managed to hit just the same.

York played jump-up baseball yesterday. They had to do it to win the game.

Pool, center for York, certainly made a nifty catch in deep center. He really robbed a man of a nice hit.

Fifty-fifty ain't bad.

Today and tomorrow we are in York playing York.

Rock Hill took a double-headed from Union yesterday.

Monday and Tuesday we will have Rock Hill with us again. Let's get our fighting clothes on and take both of these games.

Three games in Chester next week. Monday and Tuesday and one the afternoon of the glorious Fourth.

New Baseball Manager For Chester.
"Shag" O'Neil, the new short-stop for Chester has been selected manager of the Chester baseball team to succeed Loudermilk, who has been managing the team since his organization.

Mr. Loudermilk resigned last night and recommended O'Neil as his successor. Loudermilk will continue to serve the Chester team as second baseman, and states that he feels he can best serve the Chester team without the responsibility of the management. O'Neil is a real baseball player and knows the game, and Chester fans can expect good stuff under his leadership.

The league has added a few more boys, in which teams may secure on the bench five days and Chester on the bench five days and Chester is looking for some more try-outs.
