Fox starts Physics Department

One of Underwood's newest faculty members is Jay A. Fox, assistant professor of chemistry and physics.

Born in Malab, Massachusetts, Dr. Fox attended the University of Texas where he received his B.S. in Physics in 1953. In 1958 he received his M.S. in Physics from Florida State University.

Fox's primary interest is in the field of nuclear physics. At Underwood he has been offered the opportunity to develop a new department of physics.

He feels that girls who are not interested in science should be encouraged to do so. In addition, he wants to introduce physics to non-science students who may not have previously been exposed to the subject.

Fox and his wife, Adrienne, a student at M.I.T., will reside at 820 College Avenue, Apt. 605.

The KNIT SHOP

Located in the Student Shopping Center, the KNIT SHOP specializes in Needlepoint Crewel Work, a popular craft among many students.

The shop was opened by Mrs. John P. Jones in 1960. The shop offers a wide variety of materials, including yarn, needles, and instruction books.

Says Mrs. Jones, "We have been extremely pleased with the response to our shop. Students and faculty have been very supportive, and we enjoy being able to offer something unique to the campus community."
