FRIDAY, JUNE 28, 1909

**AU VEVOIR. VETERANS.**

The reunion is over and the veterans and visitors have returned to their various homes. Chester has done her best to give them all a fine time and the universal verdict was "It is the best reunion we have ever had." The people worked with a unanimity of action spending time and money on most matters for the soldiers and visitors and in decorating. And the result was the best reunion ever held in North Carolina, no city excepted.

And we say to the veterans "Au revoir." Not goodbye for we want them again. Chester loves the men of Dixie, it is grandest, bravest and noblest men who ever lived. Our city feels honored that they have had the privilege of once more entertaining these grand heroes.

The weather was ideal and everything went off perfectly. There was no disorder. The parade yesterday was one of the prettiest we have ever seen and the floats and decorations were so beautiful that the parade was a city twice over. The people were entertained royally and especially the veterans.

The grey line is thinning rapidly. Even the boys of the war are now grey haired, steeper veterans and only a few years at least will any appreciable number be left with locks.

Every moment of the time and to them we say "Au revoir."

A good turn may be done orchard trees which show signs of splitting down the trunk by boring a hole with a three sixteenth inch auger just below the point where the trunk divides and at right angles to the crack and inserting a half inch of wood. Tighten the size mentioned and screwing things up tight with a good sized washer at both ends. The thread end of the bolt should extend above the tree far enough to accommodate the washer and just catch the bar, which will make the bolt about the right length when the bar is screwed tight. The size of the bolt will vary in two or three years and the tree be as good as ever and proof against many a windstorm which, it would not otherwise weather. The same plan, using a five-sixteenth or half inch bolt, works nicely on large shade trees.—American Press.

**Shortage in Winsboro Dispensary?**

Winsboro, June 18.—The grand jury made a report to the judge at this term, asking that they be authorized to employ an expert to examine the books of the county dispensary. That they had recently employed Mr. E. W. Hannahan, of this place, to examine the books, and according to his report to them the dispensary was running with a shortage of about \$800, and that in order to afford or disprove his examination the grand jury has experts to look into the whole matter. His Honor signed an order giving them such authority, and the books will be shortly examined and thoroughly examined.—Special to News and Courier.

**Lovelyville and Dinker Crop News.**

Hardin grass grows long and green. Lee's grass looks blue. Ed and Ruben's grass have mixed, and are covered across the road. Bankhead and Hope in the hollow. Where grass grows tops of feed; Where muskats play hide and seek. In grass that's gone to seed.

**Abell and Treasler on the Road.**

With grass like soft-iron cane. With fertilizer spread over. With frequent showers of rain. Abell and Steele Bankhead and Lowry.

**Are soldiers brave and true.**

They're the grass, with dauntless wit. Like heroes always do.

**Dixey and Trimmitt okay.**

Both splendid spots of land. Both like soldiers' hearts true. Fighting game to beat the band.

**Alex and Ervin have grass galore.**

With McClinty in between. Fighting hard with plow and hoe To conquer General Gibson.

**The Bible says thou shalt not kill.**

But such things come to pass. We farmers hope to do no better To killing weeds and grass.

**I did intend to write some more.**

But stopped my pen in wonder. Those not mentioned in the piece Because I heard it blunder.

**Mr. J. E. Scoggin, of the Rock Hill Herald,**

was among the visitors here for the reunion.

**At a recent meeting of the patrons**

of the Lowryville school, Miss Boyd-Cornwell, was elected principal of the school and Miss Julia Timms, of Lowryville, assistant.

**The Parade.**

The parade, composed of floats, representing the various mercantile and business houses of Chester and organized as a special feature of the reunion was a great success. Yesterday afternoon the parade was formed on Pinckney street. From here it passed through the public square, and following Saluda, turned into Walnut, then into York street and went directly to the Bagball park and several times around the grounds. The floats of the horse show, which continued far into the afternoon.

Long before the appointed hour, crowds thronged the sidewalks and every available corner was taken. At last Chief Taylor arrived, clearing the streets and the parade led by the Mayor, A. A. Gaston, and assistant marshals, Messrs. David Hamilton, Henry DeVega and J. W. Simpson, followed in the following order: Display of floats was E. M. Jones & Co., Jos. Wylie & Co., the Standard Pharmacy, Chester Drug Co., Piedmont Pressing Club, W. R. N. for the veterans, Hamilton's Book store, J. T. Collins clothing, A. M. Jackson, groceries, Chester Machine & Lumber Co., R. K. Moffatt and Lathan Bros., who have erected a canopy over the Western B. Co., Rock Hill Buggy Co., R. G. Smith, very stable, J. W. Frazer, very stable, Chester Farm the postmaster, Home & Clark furniture, Chester Fire Department, Stricker & Spence, blacksmith and repair, McCullough & Ferguson, grocers, and a certain fraction of 1878, Campbell Heating and Plumbing Co., and a large number of others. The display indicated very clearly the interest of the people of Chester in taking in the advancement of their city, and showed splendid and original ideas well executed.

**Reviewing Stand**

A reviewing stand had been erected at the residence of Maj. Reed at the corner of Saluda and Walnut streets, which was occupied by Maj. Reed, Pres. S. C. Mitchell, of the University of South Carolina, Gen. Walter Jones, the Marine band and a company of school girls dressed in white and bearing a miniature little flag of the Confederacy, who sang Dixie. Star Spangled Banner, Bonnie Blue Flag, etc.

**The Cotton Mills of the South.**

Cotton manufacturing is the prominent industry of the South, and its growth has been the great factor in the industrial and commercial development which has attracted the attention of the business world. The Piedmont region has been the center of this industry, not only to its own splendid profit but to the immense advantage of all business interests. It has benefited thousands of people, and the permanent improvement of many sections.

**Horse Show**

As was announced in last issue, the horse show took place yesterday afternoon at the Bagball park.

Immediately after the parade reached the grounds and the ring had been cleared the show began and lasted far into the afternoon. The weather was ideal for such a gathering and only one during the entire program did a delay occur. This was a light shower which caused everybody to seek shelter, but which lasted only a few minutes, the entries were immediately resumed. The show was a great event and received much applause from the enormous crowd banked in the grand stand, and scattered over the entire field. Veterans and their wives, gray hair, and school, girls who were turned out, and in fact the whole city thronged to the occasion. Indeed the whole program was a success beyond belief.

**Prizes were given to the first and second in each event. The prize winners were:**

- Best single harness mare: gelding or stallion, Alex. Frazer, 1st premium \$100, 2nd premium \$50, by W. J. Neely.
- Best single harness gelding, Alex. Frazer, 1st premium \$10, 2nd premium \$5, by W. J. Neely.
- Best saddle mare or gelding, Orens Live Stock Co., 1st premium \$10, 2nd premium \$5, by W. J. Neely.
- Best combination mare or gelding, Alex. Frazer, 1st premium \$10, 2nd premium \$5, by W. J. Neely.
- Best double team, H. McCandless, 1st premium \$10, 2nd premium \$5, by W. J. Neely.
- Best single harness mare: gelding or stallion, Alex. Frazer, 1st premium \$10, 2nd premium \$5, by W. J. Neely.
- Best lady driver, Miss Florence Caldwell, silk parasol by S. M. Jones and Co.
- Best veteran rider, Mr. David Flenk, Stetson hat by Jos. Wylie and Co.
- Best veteran rider, Mr. David Flenk, Stetson hat by Jos. Wylie and Co.
- The races the most exciting of all, followed these events. The first was a keyed to the highest pitch and lustily cheered the racers as they sped around the track. The results were:
  - 1st or pace race, 1 mile, 1:58 m. best 2 in 3 won by John Frazer.
  - 2nd by Wylie and Anderson. Purse of \$40.00 divided \$25 and \$15.
  - 3rd or race for stallions, 1 mile, placed won by John Frazer. 2nd by Young Coleman, same premium as above.
  - The judge of the horse show was Mr. William Graham, assisted by judges Messrs. T. J. Cunningham, and Col. Wharton.
- A. L. Gaston is Commandant.
- The annual meeting of the Sons of the American Revolution was held at the opera house yesterday afternoon. The election resulted as follows: Arthur L. Gaston, Chester, commandant; 1st brigade, commander, D. A. Spivey, Conway; 2nd brigade, M. O. Danziger, Orangeburg; 3rd brigade, H. H. Watkins, Anderson.

**Mayor's Court.**

The following cases were disposed of in the Mayor's Court this morning: Will Douglas, drunk and disorderly conduct, failed appear and his bond of \$5.00 was forfeited.

Beasle Caldwell and Lola Williams arrested by officer William and Gladstone and charged with fighting were fined \$2.00 each. It seems these two flunky mards, hardly out of their teens locked horns in Valpy street for some unknown cause, and working themselves up to a perfect frenzy was fighting like demons when they were taken in charge. Both paid their fines, but cast many a longing and covetous look at their money before they surrendered it to Chief Taylor.

John Amen, a late arrival from Greece and David Blake colored, divided conduct and fighting.—David Blake undertook to ridicule John about his broken speech, which he of course resented, and they came to blows, Blake giving Amen a very painful blow with a rock. The case was dismissed against Amen and Blake was given \$5.00 or 30 days on the public works.

B. O. Cornwell and W. P. Wilks, drunk and disorderly, failed to show up and forfeited their bond of \$10, each.

**Beware of Ointments for Carrh that Contain Mercury.**

As mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescriptions from reputable physicians, as it will damage the eyes and fold to the good you can possibly derive from them. Hall's Catarrh Cure manufactured by J. C. Cheney & Co., Toledo, O., contains no mercury, and is taken internally, acting directly upon the blood and mucous surfaces of the system. In buying Hall's Catarrh Cure be sure you get the genuine. It is taken internally and made in Toledo, Ohio, U. S. A. J. C. Cheney & Co., Testimonials free.

**DeWitt's Kidney and Bladder Pills.**

DeWitt's Kidney and Bladder Pills for all ailments of the kidney or bladder, which always results in such a marked and permanent improvement of many sections.

**DeWitt's Kidney and Bladder Pills.**

The growth of the industry has been remarkable. In 1870 all the plants of the South had but 697,000 spindles, barely six per cent of the total in the United States; now they are credited, in 1908, with 10,000,000 spindles—practically fifty per cent of the number in the entire country. The capital employed has risen from \$21,000,000 to nearly \$300,000,000, and the number of bales of cotton annually used from 210,000 to over 2,100,000. No other manufacturing section has increased its production as large percentage. South Carolina has 3,400,000 spindles as against 1,400,000 in 1900, and North Carolina in the same period has increased its number from 1,100,000 to 3,100,000. Notable increases have also been made in Georgia and Alabama. During the last half of 1908 North Carolina connected thirty mills, a greater number than any other state. Of the cotton manufacturing states, South Carolina is second, North Carolina, third and Georgia fifth, according to the latest available statistics. The Piedmont region is one of the great cotton manufacturing districts of the world and has such prominence in this industry that the territory of the Southern Railway between Danville, Va., and Atlanta, Ga., a distance of four hundred miles has been referred to as one long cotton mill village. Of an intermediate section of this territory the American Textile Manufacturers, demonstrating the Southern Railway as "The Cotton Mill Line," recently said:

**Neck Beautiful**

The most beautiful throat in the world has no charm unless the texture of the skin be fine and the color a creamy white. As the average neck is marred by collar rings and yellowed from the wearing of tight bands and dyed ribbons, one is forced to admit that beautiful throats are few and far between.

**The Way to Make the Summer Girl's Neck Beautiful**

The girl who realizes the importance of securing a swanlike neck will begin her beauty crusade by following a diligent scrubbing, night and morning, using an abundance of very hot water and mild soap. This bath can be made deliciously fragrant by putting in twelve drops of perfume. While rubbing heaps of fragrant lather into the pores, the benzoin will go into its best to bleach the neck to a lovely whiteness. When the throat is pink and glowing from its vigorous path, rinse it in several lukewarm waters.

**Coollest Place in Chester**

**It Saves Delicate Fabrics and Delicate Hands**

By removing the injurious influences of hard water and strong soaps. Makes any water cleaning anything better and easier, so that wear-and-tear rubbing is unnecessary. The most harmless and helpful cleaning powder ever known—

**Lavadora**

"It Softens the Water"

Lavadora makes it easy to wash woollen goods soft like new without shrinking and without fading. Use it in all the dishes and your hands won't get so red and rough—and all the dishes will be preserved wet and bright as new.

Lavadora is safe for bath and shampooing. Destroys unpleasant odors and dandruff. Delightfully refreshing.

LAVADORA CHEMICAL CO.

**Best Way to Shampoo.**

First and most important of it is the water you use. Hard water makes the hair brittle and dry—and dandruff. Try softening it with a spoonful of Lavadora. Water softened with Lavadora gives a most delightfully refreshing, beautifying shampoo. It thoroughly cleanses the scalp, removes dandruff, and rejuvenates the hair, making it soft, silky and fluffy.

Use warm, not hot water, softened with a spoonful of Lavadora. Use a good, pure soap, preferably in liquid form, and lather the hair with it freely. Then rub well into scalp, rubbing the hair thoroughly between the hands from roots to tips. Rinse in several changes of water. First apply water at the last rather cold, to insure against taking off the heat. Then use the last water to have a luster and sheen it never had before.

In the bath, also, Lavadora accomplishes a great for you's comfort and health. It leaves the skin soft, sweet and refreshed, in pleasing contrast with the irritation and smarting which allow a bath in hard water.

A stranger happening to notice a farmer's boy on the other side of the fence, addressed him in the following way: "Young man, your coat looks kind of yellow."

"Yes, that's the kind we planted," was the reply.

"Don't look as if you would get more than half a crop, though."

"We don't expect to. The landlord gets the other half. They're regular tenants. This reply rather exasperated the stranger, and he said with some asperity:

"Hog, there isn't much difference between you and a fool."

"No, only the fence," was the exasperated reply.

**Women Who Are Envid.**

Those attractive women who are lovely in face, form and temper are the envy of many, who might be like them. A weak skin, however, is nervous and irritable. Constipation or kidney position, a dry, scaly complexion, skin eruptions and a wretched complexion. For all this, Electric Bitters work wonders. They regulate stomach, liver and kidneys, purify the blood, give strong nerves, brighten eyes, purify breath, smooth skin, give lovely complexion. A highly charming woman once wrote and beauty to her name. See at the Chester Drug Co. and T. S. Leitner.

**The British Begs.**

It has a distinguished body and wheels like a pretzels line. It likes to travel on the heavens. Like beer upon a stein. John Bull is filled with boiling oil. It is a long, long, long. The scorching's bound to get him. Et he don't watch.

His children stop their crying. If but his name they bear. Beside its nightly vision. Pink rats are caught to fear. John Bull is filled with boiling oil. His aim is put to rest. The scorching's bound to get him. Et he don't watch.

Out. —New York Sun.

How Bert R. Lean, of Chevy, Wash., was saved from a beautiful death is a story to thrill the world. "A hard cold," he writes, "brought on a desperate lung trouble that baffled an expert doctor here. Then I paid \$10 to Dr. H. B. Hill, of a lung specialist in Spokane, who did not help me. Then I went to California, without benefit. At last I used King's New Discovery, which completely cured me and now I am well as ever." For lung trouble, bronchitis, coughs and colds, King's New Discovery whooping cough its supreme. 60c and \$1.00. Trial bottle free. Guaranteed by the Chester Drug Co. and T. S. Leitner.

**A Thrilling Rescue.**

How Bert R. Lean, of Chevy, Wash., was saved from a beautiful death is a story to thrill the world. "A hard cold," he writes, "brought on a desperate lung trouble that baffled an expert doctor here. Then I paid \$10 to Dr. H. B. Hill, of a lung specialist in Spokane, who did not help me. Then I went to California, without benefit. At last I used King's New Discovery, which completely cured me and now I am well as ever." For lung trouble, bronchitis, coughs and colds, King's New Discovery whooping cough its supreme. 60c and \$1.00. Trial bottle free. Guaranteed by the Chester Drug Co. and T. S. Leitner.

"Mother's Day" comes around often, brings early and ends late.

Having doubts in the premises, tar- ing visitors contentedly put umbrellas and parasols by.

It's the one cure for all these troubles. For sore eyes, burns, chapped hands, its supreme. Infallible for all. Only 30c at the Chester Drug Co. and T. S. Leitner.

**Go South, Young Man.**

Last year the nine cotton States produced 54,110,000 bushels of cotton, valued at \$25,000,000, against the eight Northern States of Pennsylvania, Michigan, Wisconsin, Minnesota, Kansas, the Dakotas and Colorado, which produced only 1,000,000 bushels. The cotton States of Alabama, Maryland, the Virginias, Kentucky, Tennessee, and Missouri, the last three important grass states, also produced more cotton than the cotton States in the foregoing calculation.

**Winthrop College Scholarship and Entrance Examination.**
