A man who has a father whose cells are thoroughly saturated with 'booze' and tobacco, could — and probably would — inherit a defective nervous system. But, he could not inherit if having drugs or drink.

Which suggests, of course, that a man born of a parent addicted to alcohol or morphine, may be so constituted that he is in special need of training in moral control. But given that training—or training himself, in later life—theafterwill which might impel him to seek relief, in some drug will no longer harry him.

As has been demonstrated in countless cases, assuredly, to justify the emphatic restatement that there is no fatal heredity to drugs, only at worst a neurotic predisposition which may be totally overcome.

STORY OF A $5 BILL.

Deposited in 1833, Yields $112 in 1912 and $138 in June, 1920.

On July 31, 1833, Horace Smith deposited $5 in the Dedham Institution of Savings, and in a long period of years this lone $5 bill went on accumulating interest. November 12, 1912, the holder of the bank book withdrew from the bank the sum of $112.47 and June 8, 1920, closed his account with the bank, taking out the balance of $134.46.

The only money ever deposited to that account in the bank was the original $5; all the rest grew from the interest that accumulated as the years passed, until the sum total in the bank amounted to more than 56 times the total of the original deposit. Had no money been withdrawn until the account was finally closed the sum that would have been taken out would have totaled $281.93. — Beaufort, Maas. Transcript.

HIGHWAY WORK IN AIKEN COUNTY IS UNDER WAY.

Aiken, July 15.—Work on the state highway from Aiken to Monetta has been progressing well. A new concrete bridge of 35 foot span, the first in Aiken county, will be placed over Given's Pond and a steel bridge, 100 feet in length, will be constructed over Shaw's creek. The latest bridge of 150 foot span, will also be of steel and will take the place of the steel bridge swept away at the South Edisto river last August. The work is in charge of Captain Richard Lowe, of the United States Revenue and Chief Commissioner Busbee, of Aiken. The stretch of road from Aiken to Monetta will be about 20 miles and the government has allowed $6,468 per mile, excluding bridge work.
Rather No Sale
Than A Bad One
That is why you will never find this store feat-
uring cheap shoes

We want you to be satisfied with your purchases after
you leave our store, and not only for the time when
you are being fitted.

Good Shoes are always worth Good Money

This is particularly true to-day when prices on every
thing are soaring far beyond what the public believes they
should be.

If you knew the facts you would realize that shoes
are perhaps one of the cheapest articles of attire at the
present time.

**IT COSTS NOTHING**

It does not cost you one penny to list your property for sale with us, and we do not try to make you believe that we have a "buyer" just around the corner in order to get your property listed. We do business straight from the shoulder.

A man who will "trick" you into listing your property will "trick" YOU before he gets through.

If you list your property with us, at an attractive figure we will come around with the buyer.
