Campus Interviews on Cigarette Tests

THE LARGEMOUTH BASS

I'm a sucker for a left hook!

I'm a sucker for a left hook!

Always a sucker for a left hook, our aqua-tropic brother went off the deep end and got caught on the quick-trick cigarette hook! But he warned his way out when he suddenly realized that cigarette smoke can't be infused off soil lightly. Millions of smokers have found, too, that only one test of cigarette mists.

It's the simple test—the 30-Day Camel Mildness Test, which simply takes you to try Camel as your steady smoke on a day-after-day, pack-after-pack basis. No nasty judgments! Once you've tried Camel for 30 days in your "Z-Zone" (2 for Wetherly, 2 for Taste), you'll see why...

After all the Mildness Tests...
Modern Campus Swimming Pool provides Recreation And Fun For Students At Almost Any Time, Any Season

By JULIE PROTHRO

The indoor swimming pool at the Portland Recreation Center has some of the most complete facilities in the area. Equipped with a diving board, water games, fun, diving rings and rope swings, poolside chaise lounge chairs for rest and relaxation in and out of water, and facilities for outdoor activities, the pool is open every day for instruction and competition.

There is More Than Meets the Eye

The fresh, blue water you see in the pool is a marvelously clean one. Every 24 hours the water is completely cleansed through three filters. These 30,000 gallons of water run through pipes down to a tank below the basin and are cleaned by the powerful filtering machine. This process, therefore, keeps the water clean and at the right temperature, which is about 81 degrees. The pool is kept in excellent condition.

Choir To Give Special Program
