FRIDAY, AUGUST 20.

We all know that it has been raining for the past several weeks and each weather is calculated to put dirt streets in bad shape, but a number of the side streets, if you wish to term them so, are in a deplorable condition, and, to be plain, some of them are almost impassable.

The city, it can hardly be said, has had an opportunity to work on these streets, but as soon as weather conditions will permit, we see no reason why some good work should not be done. People who do not happen to be fortunate enough to live on the paved streets still feel that they are a part of Chester, and are desirous of some of the benefits to be derived from this money.

Unless we are mistaken a vote asking for a constitutional amendment will be polled at the general election in November providing that Chester may issue bonds for an amount exceeding fifteen per cent of the taxable valuation of the property within the town and if the election carries satisfaction of the proposal, assembly will then be necessary. If everything works through in its probable condition, Chester can hold an election, next spring to decide whether or not more paved streets will be built.

The News is heartily in favor of another bond issue for the improvement of streets and also the sewerage extension and I have that an election will be brought about. There will never be any "peace" in this town until all of the streets are paved.

As a matter of fact, people who are now living on the streets which are not paved and which will not be paved under the present bond issue, are "hiding" about their condition every day. There is but one way to remedy this permanently and that is to pave them.

Let's get busy and pave this town from end to end. The cost will be cheaper in the long run and life will be made easier for those who live here and who travel the streets, by say nothing of the city fathers who assume the duties of their office until they are safely placed in "Evergreen."

The News has never placed itself in a position as being dictator of the way its readers should vote. The News votes and supports those candidates it pleases and expects other people to do the same. However, the News does not straddle the fence.

GUARANTEED TO PLEASE

H. L. SCHLOSSBURG

when it comes to candidates for office.

We take this opportunity to advise our readers that we hope George Warren will defeat Ed Smith for the United States senate in the coming election. Mr. Smith has held the office for some twelve years and while he might have done many things for his state we believe Mr. Warren will do more. One of Mr. Warren's good points is his opposition to any further centralization of power in the federal government. Here we are with his tools and he is not. If the centralization of government in this country continues for the next twenty years as it has for the past twenty years we will be asking the government for permission to go fishing.

The News knows that it is necessary for us to have a national government but there are many things which should be handled by the States, and at the present rate we are getting away from States Rights very fast indeed.

George Warren is going to give Ed Smith a warm race and The News is cheering for Warren.

FIVE GOLD CHEVRONS FOR SERVICE ABROAD.

Lex Klutz, of Chester, Back From Overseas Only to Drive Six in Syria.

If Lex Klutz, of Chester, is not the only veteran in South Carolina entitled to wear five gold chevrons for service overseas, he is certainly one of a chosen few. Mr. Klutz returned only recently after thirty-one months with the American army in the Middle East, and now, after a short stay, he goes to Beirut, Syria, where he will be an instructor in a Christian school.

Mr. Klutz was in Columbia yesterday for the first time since "before the war," and received many old acquaintances. His special business was to have a conference on Christian Endeavor work with Wyatt Taylor, president of the state union, but he also found time to see some of his warm friends in the capital city.

It is only by chance that Mr. Klutz is not at present in Antwerp with the American Olympic team, for he was in his army outfit at St. Louis for the 440 and the 100, but after a trip across the Atlantic on a slow boat and a hard rail trip to Antwerp, he was not in the finest condition for the games. While he should have been getting into the "finest shape," he was not, and this was handicapped in the events. His friends, however, expect to see him qualify in the 1024 games.

Mr. Klutz, who is a graduate of Davidson College, and who made a fine athletic record at that institution, went across soon after the United States entered the war, and he was fortunate in seeing exceedingly interesting service. After the war, he was in the army chaplain, and in his work traveled in France, England, Ireland, Wales, Scotland, Italy, Germany, Austria, Belgium, Luxembourg, Switzerland, Poland and Czechoslovakia.

Mr. Klutz will return to Chester this morning, where he will be until he leaves for his new work with the Syria Christian College at Beirut. He was discharged from the army about a month ago, being at the time a sergeant—Columbia State, August 20.

APPEALS TO DEMOCRATS.

The Dollar Democracy Campaign is on in earnest. The State campaign headquarters of the State Democratic Committee continues to appeal to the Democrats to support the campaign for Dollar Democracy. The interest in Chester country is not what it should be. The campaign in Chester county is going forward in a satisfactory manner, but the progress from the county are very slow. So far about \$100 has been contributed. Next week the State office will begin the publication of totals by counties.

GOOD STREETS

Yes, good streets help the appearance of a town and are generally admitted to be a good investment.

Good stationery also helps the appearance of a business letter. To write a man a business letter on unprinted letter heads this day and time is a sign of "poor business."

THE EDWARD L. AYERS CO. OF GREENVILLE, S. C. BEGINS EXTENSIVE REMODELING OF MISS BESSIE M. WALKER STORE.

This Chester is to have a real city millinery store is a certainty. Work of remodeling the interior began today and will be pushed to full capacity in order to have every detail complete by August 31, which is the date for the intended opening. The Edw. L. Ayers Co. is looking in Chester to this city a powerful millinery organization, in fact, the largest of its kind in South Carolina. This company does a manufacturing, jobbing and retailing business of fine millinery at popular prices. Its retail department includes dresses, hats, and the following cities: Charlotte, N. C.; Greensboro, N. C.; Winston-Salem, N. C.; Greenville, S. C.; Spartanburg, S. C.; Pickens, S. C.; and Simpsonville, S. C.

The Edw. L. Ayers Co. offers to the retail trade a distinct advantage over the average millinery store, the reason being that all millenies' profits are eliminated by its large purchases which this company makes for its wholesale business as well as by its large output in its ten retail stores.

It is also interesting to know that nearly one-half of the hats which will be displayed in the store here, are made in its own factory, products of South Carolina milliners who are said to be on a par with the best of the metropolitan cities.

LADIES' REST ROOM TO BE ADDED

A store with a rest room is a feature which will prove very convenient to city and out-of-town shoppers—a rest room in the fullest sense of the word is to be fitted up in part of the store, where you will find comfortable chairs, writing tables and resorts to help pass the time away while waiting for waiting.

OPENING DATE, AUGUST 31ST.

The interior of the store is to be entirely remodeled and painted in white and French gray. A new front is to be put in just as soon as the glass glaze arrives from Atlanta, Ga. This front we are assured will be of the very latest design and the prettiest that Chester now has.

Miss Bessie M. Walker manages the store with the assistance of Mrs. Brice. The secretary, Mrs. L. J. Rev. C. W. McCally, of Sharon, S. C., is among those who will speak at the Sunday School Convention to be held at Reiburg August 27, 28 and 29. His address will be on "Practical Responsibility." Some of the other speakers at the convention will be Dr. Alexander Martin, Rev. J. E. Purcell, P. Ray Riddle. Fourteen Sunday schools of this section are to participate in the exercises.

CHANDLER SIX

Famous For Its Marvelous Motor

The Chandler Dispatch Car

It Offers So Much More For So Much Less

The Chandler Six was never in stronger position than right now, at the height of the 1920 season.

Chandler price has always, regardless of the demand, been based on cost of production plus a fair profit and nothing else. An oversold condition of the trade has never moved the price up. And today, the Chandler is, by long odds, the most closely priced fine car in the American market.

Chandler holds its leadership among Sixes so distinctly because it offers so much more for so much less. It leads because of its endurance and great motor, unsurpassed for flexibility of power. It leads because of its sturdy construction throughout and the character of service it renders to more than eighty thousand owners.

THE UNIVERSAL CAR

It will be of much interest to the people of Chester County to know that a new building, valued at \$40,000, is being erected on Valley street to handle the Ford car and Fordson Tractor sales and service for G. W. Bryant, the local dealer, which means that this territory will be one of the best represented in the State. The number of cars allotted to this locality will be twice as many as that of last year, which should be of great interest to prospective Ford buyers. The great shortage of tractors is to be eliminated. Orders should be placed promptly and demonstration dates asked for early. This increased contract includes all Ford products, namely the Ford Ten Truck, the popular Sedan and Coupe, the Roadster and Touring Car and the Tractor. Order above your orders promptly.

PONZI SWINDLED OUT OF MANY THOUSANDS.

Denies, Aug. 17.—An indication of the defense to be offered by Charles Ponzi, now in jail at the outcome of his financial dealings, was given today by his chief counsel, Daniel McLeases, who said that Ponzi had been swindled out of thousands of dollars through the forging and raising of five notes.

The attorney declared that notes valued at \$1,000 in some cases had been raised to \$1,000, and others accordingly, during the run on Ponzi's office.

At a hearing in the federal court today on petitions for receivership of the Securities Exchange Company of which Ponzi was the head, the position was vacated. Judge Morton took under advisement the receivership plea and also the question whether one or three receivers should be appointed.

GREAT BATTLE RACING UNDER WALLS OF WARSAW.

Paris, Aug. 17.—Warsaw is holding out well, according to the latest news received here tonight. The Poles, who were beginning to wear their old despairing cry of "Bóg" "God is too high and Eranc is too far," fortified by the counsel of France's expert soldiers, have again blucked up spirits with immediate effect.

While it is too soon to forecast the favorable issue of the great battle now raging under the walls of the capital, the Poles appear to retain the initiative they took Saturday and continue to hold the Bolsheviks in check. In the southwest, on the western Bug, they have scored notable success. Nevertheless the situation, with Warsaw threatened from three sides, undoubtedly remains serious and everything depends on the ability of the Poles to keep up their aggressive tactics.

It is considered significant in military circles that the Moscow wireless has been unusually silent today.

STATE CANDIDATES SPEAK TO PEOPLE OF GAFFNEY.

About Two Hundred Attend. The Meeting, Rotarians Entertain the Candidates.

Gaffney, Aug. 17.—About two hundred people assembled in the club house at Gaffney yesterday to hear the candidates for state offices present their claims for election. All of them received the closest attention and nothing unpleasant occurred. At the close of Mr. Shealy's speech in which he entered into an explanation of why Gaffney had not been provided with a shed at the passenger station, Representative Brown, of Cherokee, who was present at the meeting, explained that

the reason the bill requiring the railroad to build a shed at Gaffney did not become a law was because a member of the house from Lexington told Mr. Brown that he objected to the bill because Frank Shealy had asked him to do so. Mr. Brown said that he had no recollection of having made such a request. The speaking was over by one o'clock and all the candidates withdrew. They were accompanied by members of the Rotary Club; the candidates themselves enjoying hugely some of the puns which were indulged in. In the afternoon an exhibition of flying was given by the Gaffney Aero Club which was much enjoyed by the candidates and visitors from the county.

BULK OF WORLD'S WHEAT HARVESTED IN 90 DAYS.

Under the conditions prevailing before the World War, 35 per cent of the world's wheat crop was harvested in July, 25 per cent in August, 15 per cent in June, 7 per cent in April, 5 per cent in January, 4 per cent in May, 3 per cent each in March and December, 2 per cent in September, 1 per cent in February, and much less than 1 per cent each in October and November. The wheat harvest of the world may be regarded as being finished in December in South Africa, Australia, New Zealand and South Africa, continuing through January and substantially ending in February. India then begins and increases in activity through March and April. In April harvesting operations begin in such countries as Persia, Asia Minor and Mexico. In May activity is heaviest, for then the Indian harvest has been about completed, and the harvest season is crossing the Mediterranean from north Africa to southern Europe, where harvests do not become general until June. Late in May the harvest of the United States begins in June, July and August, about 75 per cent of the world's crop is harvested, the season progressing steadily northward during these months. By September harvest operations are nearly completed, Scotland, northern Russia and Siberia, the United States and Canada having a little left over from August. Very little harvesting of wheat is done in October and November.

ENROLLMENT FOR STATE IS 144,000.

Unusually Large Number of Voters Put Names on Club Books for Coming Primary.

The total Democratic enrollment for South Carolina is 148,002, according to reports from all the county Democratic officials, received by H. N. Edmonds, of Columbia, secretary of the State Democratic Executive Committee. Mr. Edmonds received reports from the last counties Tuesday morning. There are possibilities of very slight changes in the total, due to the request made by Secretary Edmonds for further data from Charleston county, though there is hardly any probability of the total being effected materially.

This total is surprising to party workers in the state, as it was expected that the enrollment this year would fall short of what it was two years ago. The total enrollment in 1918 was over 140,000, slightly higher than this year's enrollment. Due to the small interest in state politics, it had been expected that the rolls this year would show a great decrease in the number of names. Party officers are at a loss to explain the large enrollment, except to say that it must be due to publicity given by the press to the matter of enrollment and the general interest in elections, caused by the national political situation.

The Australian ballots will be sent out in a few days. The first primary is on August 31.

THREE IN ONE DAY!

Realizing the many benefits and the economy of using Electric Ranges, three Chester people bought Electric Ranges from us Wednesday.

Ask those who use Electric Ranges if they would go back to the old style way of cooking.

We are always glad to demonstrate our Ranges and cordially invite you to call any time.

"COOK BY WIRE"

IT COSTS NOTHING

It does not cost you one penny to list your property for sale with us, and we do not try to make you believe that we have a "buyer" just around the corner in order to get your property listed. We do business straight from the shoulder.

A man who will "trick" you into listing your property will "trick" YOU before he gets through.

If you list your property with us, at an attractive figure we will come around with the buyer.

Buick

ONE of the world wide achievements of the Buick Valve-in-head motor car is the complete motor car satisfaction that comes with Buick ownership.

Such an achievement has not been established simply through the miraculous performance of one particular model but overwhelmingly acquired by the daily use of over five hundred thousand Buick cars.

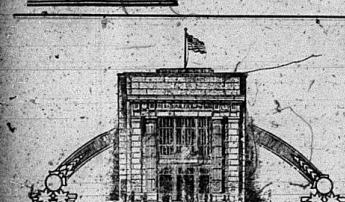

The Buick Valve-in-head motor car through twenty years of fine performance, has established a prestige that has completely won the confidence of mankind. Buick efficiency, economy, and endurance are qualities that give to the world an assurance of supreme motor car satisfaction.
