The Semi-Weekly News

VOL. 4 CHESTER, S. C. FRIDAY AUGUST 17, 1917. NO. 66

NEXT CALL

List of Those to Report for Examination Next Wednesday, Thursday and Friday.

Below will be found the names of 346 Chester county men subject to selective draft, who will be called for physical examination Wednesday, Thursday and Friday of next week.

The completion of this examination will make approximately 800 men who have appeared before the local board for examination. Approximately 100 of these men are quota for the National Army in 227 men. How many will be secured from those examined some time ago is not yet known but it is estimated that between 150 and 200 will be secured. The present charge is that only a few men in the call for next week will be required to go into the cantonments in September but those who pass the examination and are not discharged will be placed on the waiting list for the second call from the War Department, the date of which has not yet been set.

ARMY IN TRAINING

EARLY IN OCTOBER

First 687,000 Drafted Men Ordered to Camps in Three Increments.

Washington, Aug. 13.—The first 687,000 men comprising the first increment of the army draft forces will be under training in October. Under orders issued today the first 30 per cent of the quota of each district will begin entrainment for cantonments September 5; the next 30 per cent, September 15, and the remaining 40 per cent will be inducted as soon after that date as possible.

The plan to assemble the new forces in three increments distributes the task of furnishing supplies and equipment through September. It will also prevent serious shortages in any camp and will give the new officers from the training camps time to familiarize themselves with their duties gradually before responsibility for a great body of men falls on them.

The first issue today means that about 12,000 men will reach each of the sixteen cantonments soon after September 5. They will first be assigned physically by army doctors and finally accepted or rejected. This will take some time and the third lot will be furnished with temporary quarters and rationed while awaiting examination. If the full quota were assembled at one time, great confusion would result.

Presumably the first increment will have been organized into skeleton companies, battalions of regiments before the second arrival. The newcomers can be quickly absorbed by a going concern in that case, and the distribution of what was completed today and the board's personnel will be announced tomorrow. Detailed instructions regarding what will be made known within a few days.

Julius Barnes, of Duluth, an exporter, probably will have the new board's controlling wheat list.

The control of flour manufacture will be left largely in the hands of the situation.

Interests of the country's grain representatives are due here tomorrow to confer with Mr. Barnes. The men will explain in detail the proposed program for wheat control which includes licensing of elevators and the fixing of a price to be paid the wheat grower for his product.

WASHINGTON CROWD EGGS SUFFRAGETTES

Falls Headquarters and Tears "Kaiser Wilson" Banners in Fragment.

Washington, Aug. 14.—For two hours this afternoon there was an almost continuous roar or succession of disorderly proceedings between the east gate of the White House and the headquarters of the militant suffragettes at Cameron House in Madison Place, half a block away. Crowds gathered, and there were frequent rubes as the suffragettes in the effort to tear from their banners with the offensive slogan which addressed the President of the United States as "Kaiser Wilson."

Men in the uniforms of United States sailors were prominent in the attacking forces. They rushed the banner-bearers, and on one occasion held an offensive against Cameron House. The banner-bearers were thrown and windows broken. The police attempted to keep the crowd from entering Cameron House, but refused to permit the arrest of the women or the men who sought to destroy their banners.

"The men who were in the back of the line," says he served as an orderly under General Pershing in the Philippines, climbed up a ladder to the roof of Cameron House and tore down not only the suffrage banners, but the flag of the United States to permit the flag of the United States to wave over the house of an organization that would permit self-inflicted statements to be made against the President.

Gottlieb was arrested on the technical charge of taking down the banner from the roof, but there is a belief that he will not be severely dealt with.

John Lawless, Government clerk, took issue in custody in front of the White House gate after tearing down the banner, but there is a belief that he will not be severely dealt with.

The women went back to headquarters after their last banner had been taken down. They were met by a jeering crowd, which fell in line and carried bits of the banners on camp and sticks. By this time the police had gathered and unanimously recognized as just the thing. Such is a name may yet owe to us. It is possible that the French themselves may solve the problem.

"Perhaps something we shall do will give us our proper name. Until that time we are willing to be known as just plain American soldiers willing and anxious to do our duty. We have gotten along a great many years without a national nickname, and perhaps we can stand it a little while longer."

West Pointers particularly smile at the "Sammy" for "Sammy" has always been a nickname at the military academy for molasses. "Pass the Sammy" is an old table phrase.

Some of the rank and file have a picturesque way of expressing their indignation generally on every subject. "Sammy" is a name which is a little of four or five new masterpieces of rhetoric not wholly suited for table conversation.

It has been said that "Sammy" was that of a few soldiers say if the folks at home wish to call them such name they don't care. They will carry out in spite of any name or other obstacles which may be placed in their way.

BOARD TO CONTROL WHEAT

Washington, Aug. 13.—Creation of a wheat control board under the food administration to supervise the distribution of wheat was completed today and the board's personnel will be announced tomorrow. Detailed instructions regarding what will be made known within a few days.

Julius Barnes, of Duluth, an exporter, probably will have the new board's controlling wheat list.

The control of flour manufacture will be left largely in the hands of the situation.

Interests of the country's grain representatives are due here tomorrow to confer with Mr. Barnes. The men will explain in detail the proposed program for wheat control which includes licensing of elevators and the fixing of a price to be paid the wheat grower for his product.

NORTH CAROLINIAN GETS INTO SUFFRAGE TROUBLE

Albemarle, N. C., Aug. 14.—Martin Dennis, a farmer, was arrested here today by government agents on charges of making threatening statements to the president and other officials in connection with the draft law. He was placed under \$2,000 bond for his appearance August 24 for a preliminary hearing.

PETITIONS URGE DRAFT OF ALIENS

Washington, Aug. 13.—Hundreds of petitions were signed to petition of David Foley through Senator Kilgore, that the draft law be amended to include aliens.

FRIDAY, AUGUST 17.

"The wrongs against which we now array ourselves are no common wrongs."
"The world must be made safe for democracy."
"The right is more precious than peace."

Woodrow Wilson

The suggestion offered by General Crowder that every community have its public farewell when the men chosen under the selective draft act enter active service September first is entirely fitting and it is to be hoped that Chester will not allow the first quota of men to leave our city without those left behind doing them honor.

"The act of the demonstration must be not merely to encourage those going to war, but to revive the patriotism of those left at home, to intensify the determination of us all to make our country worthy of so great a gift, and which these young lives offer in their devotion to democracy's worldwide cause."

Because Pope solemnly mentioned a peace few days ago the Charleston American, of Wednesday, comes out in an editorial, and says, "What new might profit any other section of the country, the South would most assuredly hugely benefit by peace. Only a few things that come down here produce can be favorably affected by a continuance of war."

"In other words, this supposed German agent, endeavoring to create a sentiment among its subscribers that the dollar is more precious to the patriotic people of the South than democracy. Why not direct to the people of the South that they allow that health German atrocity agency to be placed securely in the hands of the sake of a few paltry dollars."

This selfish aim goes on to appeal to the cotton farmers of the South with a particular reading. "We have predicted that as soon as peace is a fact and not a mere suggestion action will go to forty cents a pound." That may be true and no one is more desiring of seeing the farmers of the South secure forty cents a pound for their cotton than we are but to be perfectly frank we would rather see cotton go to "nil" than to see the glorious South ruled over by a barbarous German Kaiser.

The penalty for making false statements in connection with ex-empio's papers is very clear, and there is no reason why any man of ordinary intelligence should be unable to understand the law. The first prosecution, for a false statement in the master board, the joint paper, brought to our attention, was in Richmond, Va., where a man, his wife and his third party had affidavits that the wife had no outside income other than that provided by her husband. All three of the parties have been placed under arrest and will doubtless be required to pay the penalty.

While we have not taken the time to thoroughly investigate any Chester county cases, we are confident from what we have seen and heard, that several of the statements made statements which will not hold water. The fact that a man makes a false statement does not mean that he will be discharged by any means. Our local board is composed of men who are familiar with the circumstances of practically every family in Chester county and there is not much opportunity of any man making a false statement and getting away with it. Chester board members wish to make it, that our men who are subject to conscription, should be more particular in the making of affidavits, since in the making of affidavits, their affidavits is likely to get them into serious trouble. They not only get into the man, in the case, but also to the wife and the third party, who were required to make affidavits.

WHAT WILL YOU DO TO HELP?

The President of the Chamber of Commerce is calling every resident of Chester and Chester County to get together and pull off the biggest and best County Fair this fall. We have ever had, and the question, we want to put to you in this connection, is, what will you do to help?

Mr. Caldwell is perhaps better known as other man in the city or county, and yet he has given and is giving freely and unselfishly of his time and thought to the needs of the public and when he calls, it is his duty of every man and every woman who reads "The News" to be ready to help. We propose in the things that go to make a community great and prosperous to answer his call with a year, mind and a ready hand. These are serious days. Our nation is engaged in a death struggle with the mightiest, as well as the most unhuman aggression of the people of men that ever infested the globe, and it is absolutely necessary that we conserve our every resource and draw power as never before dreamed of, to bring about a victory that will be sure. This however does not mean we must draw up in our shells and deny ourselves the things that will do good, community life and progress and that bring about the consolation from the great strain under which we are laboring. Our great President insists that our country fight on as usual, and that "no Wilson is more of a fence rider than any man we have ever known."

Mr. Caldwell is not only a man of great vision and a ready hand, but a man of great courage and a ready hand. He is not only a man of great vision and a ready hand, but a man of great courage and a ready hand. He is not only a man of great vision and a ready hand, but a man of great courage and a ready hand.

Now what will you do to help make this fair this fall the biggest and best we have ever had? Get your thinking cap on and determine right now that you are going to do your part. You can get the money you admirably possess, the money that is yours, and you can get the money that is yours, and you can get the money that is yours, and you can get the money that is yours.

Those who assisted during the evening of the 14th, the 15th and the 16th, who admirably posed the characters: the serving girls from whom no one could refuse to buy, Miss Bernice Carter, Lucia Key, Sara Glenn, Miss Carter, Louise and Jessie McDaniel, Miss Rebecca James and Dr. Glenn, who can be recommended as door-keepers who give back no change; and the announcer of the pictures, Mr. Lex Klutz, who added to the entertainment by his attractive picture with which he introduced each tableau.

The receipts last night amounted to \$23,000. The merchants contributed the lemonade, while the rental for chairs and lighting was quite moderate.

The actors feel that a great part of their success is due to the soft lighting effects which was under the personal supervision of Mr. F. W. Lachotte, and the committee must thank each agency for their assistance.

The electric lights used on the lawn at the home of Mr. and Mrs. S. K. Mcadden last night when a historic lawn fête for the benefit of the local branch of the American Red Cross was held, were furnished by Mr. F. W. Lachotte, local manager of the Southern Public Utilities Company, without charge.

The congregation of Pure Presbyterian church of this city will next Sunday immediately after the morning service for the purpose of electing two additional elders and calling a pastor, if the way be clear. The special committee appointed several months ago to investigate and recommend a pastor gave notice two weeks ago that they were ready to report, and the meeting next Sunday will be held to hear their report and to act upon it. The Session of this church has asked that at the same time two additional elders be chosen. Every member of the church is urgently requested to attend this meeting. The Rev. W. A. Haffner, pastor of the Presbyterian church at Gaffney, S. C., and a brother of Messrs. R. H. and J. A. Haffner, of this city, will be present, and will be presiding at the session at the congregational meeting.

AMERICAN SAILORS
BODY WASHED
Queenstown, Aug. 14.—The body of James Henry Bush, a fireman on an American torpedo boat destroyer, was washed ashore here yesterday.

Exemption on the ground of a disability derived from the labor of war was granted that Frank and his wife made out that Mrs. Frank did not have any income independent of the money derived from the labor of her husband. It is charged further that Mrs. Frank has property which she derives from the labor of her husband, and that she has received approximately \$5,000. The policeman made a supporting affidavit, in which he stated his information and belief that the effect of the law was that Mrs. Frank did not have any independent income.

A SUCCESSFUL PARTY.

The patriotic lawn fête given at the home of Mr. and Mrs. S. K. Mcadden on West End last night for the benefit of the local branch of the American Red Cross proved in every way a delightful entertainment.

The programme of tableaux: as previously printed in the county papers, finished, sculptures, contemporaries and sandwiches were sold between the acts.

The first three scenes showed "The Ravager of War," "The Kaiser subdues Belgium," a French woman with her baby playing on a harrowing in the fields (all the men being away at the front) and a group of little children at the graves of their dead.

Patriotism of older days is shown by Joan of Arc and Betsy Ross, and we are brought back to present day affairs by Uncle Sam who comes to the rescue of the Allies.

France and John Bull welcomed him; the soldier leaves his rifle behind; soldier, sailor, and Red Cross nurse combine to lend aid. England, France and America respond to the outstretched arms and flags in defense of the Belgian woman and orphan, and a final peace triumph.

The tableaux were admirably well such care, and the scenes depicted with such nicety of detail, that each tableau was the perfection of its kind.

A horseman more splendid; a Betsy Ross more beautiful, girls more graceful, more modern, military army representatives more soldierly, a sweetheart more loving, little children more dainty would hardly find that these gathered together in patriotic assembly last night.

Nothing was lacking to complete the perfect picture, the Kaiser's sword, the harvester's scythe, the queen's coronet, Joan's horse, the Red Cross flag, all being present to do their part in the picture.

From the first scene to the last, the picture was a masterpiece of beauty and terror. Belgium is ruthlessly crushed under the heel of a haughty Kaiser, to the last where a greatly elevated "Peace" stands magnificently poised, one up and arms supporting a dove with outstretched wings—every picture pleased.

Those who assisted during the evening of the 14th, the 15th and the 16th, who admirably posed the characters: the serving girls from whom no one could refuse to buy, Miss Bernice Carter, Lucia Key, Sara Glenn, Miss Carter, Louise and Jessie McDaniel, Miss Rebecca James and Dr. Glenn, who can be recommended as door-keepers who give back no change; and the announcer of the pictures, Mr. Lex Klutz, who added to the entertainment by his attractive picture with which he introduced each tableau.

MYERS GOES AFTER SLACKERS, DISLOYAL ALIENS, PACIFISTS

Washington, Aug. 15.—Disloyal citizens, draft resisters, pacifists, I. W. W. members and others who endeavor to interfere with the conduct of the war are aimed at in a bill introduced today by Senator Myers, of Montana. The senator recently announced that his bill would be introduced in W. W. legislation. The measure today has wide scope.

When this country is at war the senator's bill sees it unlawful for any one "in the presence of others to utter disloyal, threatening, profane, ribald, scurrilous, contemptuous, seditious, abusive or sedition language" concerning the government, constitution, president, army, navy soldiers, sailors, their uniforms, the flag or the good and welfare of the nation.

Language that would bring any of these into contempt, scorn or disrespect is forbidden aid utterances "calculated to incite or instigate resistance to any duly constituted federal or state authority in connection with the prosecution of the war."

Also under the ban comes advising, urging or inciting "any curtailment of production in this country," the curtailment of anything "necessary or essential to the prosecution of the war, with the intent to cripple or hinder the United States."

Receipts from automobile licenses are within striking distance of \$100,000 by yesterday noon, the total amount was \$98,854.40. About 75 license numbers are issued daily which the members of the highway department regard as extravagant.

The total number of license numbers issued is 91,750. Previous records for the Commission for license called for 35,000. Believing that the number would be inadequate, quotas have been asked on 2,500 licenses for the year 1918 will be issued after December 11.

Comptroller General Sawyer and his assistant Clerk R. C. Osterman are in Chester yesterday checking up the books of the County Officials for the settlement of the taxes for the fiscal year 1916. The fiscal year in the Tax Department closes on June 30th of each year and so soon after that the comptroller, the Comptroller General or one of his assistants visits the County for the annual settlement. Chester for the year 1916, the settlement of the books of the County Officials in fine shape, and all cash balances properly accounted for by County Treasurer S. E. Wylie.

CAUGHT THROUGH "DECOR"
Allged Pro-German Plotters Are Nearly Landed at San Francisco.
San Francisco, Aug. 14.—Patrick J. Farnally, United States immigration inspector at Angel Island, who has been in the city for several days, is principal in an alleged plot to free German prisoners interned at Fort Jay, New York, in a Government de-loyalty. Farnally was detained today, with the arrest of alleged leaders of the plot, D. J. Harady, a well known dealer, and H. D. Dyer, connected with the Leader, a publication here. They were charged with conspiracy to liberate Franz Bopp, former German Consul General here, and his interned ally.

POISON IN RESERVOIR.
Can Be Discovered in Drinking Water Leads to Investigation.
Norristown, Pa., Aug. 14.—A can of paris green was found today at the bottom of a reservoir in the Reading Railway yards at Bridgeport from which the drinking water supply for probably 1000 railroad men is taken. A railroad reporter early this morning that the water, always as clear as crystal, was discolored. An investigation led to the discovery of the poison.

From under the bottom of the can it is believed that it did not get there by accident. An investigation will be made by the authorities.

Jos. Wylie & Company

To the People of Chester and Chester County:

The Chester Chamber of Commerce is going to undertake the operation of a County Fair again this fall, and I want to appeal to every man and every woman in the county to help us out in this undertaking. The Chamber will not get one cent out of the fair no matter how successful it may be, for every dollar taken in over and above actual expenses will be applied to the improvement of the grounds which is the purpose of the fair. We are therefore, I hope, the enterprise with no idea of financial gain. We may lose some money, but we can't make any. We are acting solely in the interest of the people of our city and county, and for this reason to help us out in this undertaking everybody in the city and county to lend us a helping hand. We want to make this fair the biggest and best fair we have ever had, and we can't do it if every one will help. We want you to know that we are counting upon your hearty and most enthusiastic support.

LIME

We have secured the Agency for the best ground Limestone made, and will take pleasure in talking to our Friends and Customers about this lime, and what it will do for your land.

Experts from the Government tell you that Lime is the cheapest and best thing you can use. It brings out the Potash that is in the soil, and as we cannot get Potash it looks like it will pay any one to use Lime this Fall.

This Lime is very finely ground, which is much better than a coarse ground Lime. We could have gotten a coarser Lime for less money, but you do not get as quick results with coarse Lime. Call and see us for prices.

LIVER DON'T ACT DIGESTION WAS BAD

Says 65 year Old Kentucky Lady, Who Tells How She Was Relieved After a Few Doses of Black-Draught.

Meadowville, Ky.—Mrs. Cynthia Higginbotham, of this town, says: "At my age, which is 65, the liver does not act so well as when young. A few years ago, my stomach was all out of fix. I was constipated, my liver didn't act. My digestion was bad, and it took so little to upset me. My appetite was gone. I was very weak. I decided I would give Black-Draught a thorough trial. I knew it was highly recommended for this trouble. I began taking it. I felt better after a few doses. My appetite improved and I became stronger. My bowels acted naturally and the head aches which were so much troubled with a few doses of Black-Draught. Seventy years of successful use has made Theodor's Black-Draught a standard, household remedy. Every member of every family, at times need the help that Black-Draught can give in cleansing the system and relieving the troubles that come from constipation, indigestion, liver ills, etc. You cannot keep well unless your stomach, liver and bowels are in good working order. Keep them that way. Try Black-Draught. It acts promptly, gently and in a natural way. If you feel sluggish, take a dose tonight. You will feel fresh tomorrow. Price 25c. We package—One case a dozen. Sold everywhere."

PERSHING FILM HAS ARRIVED

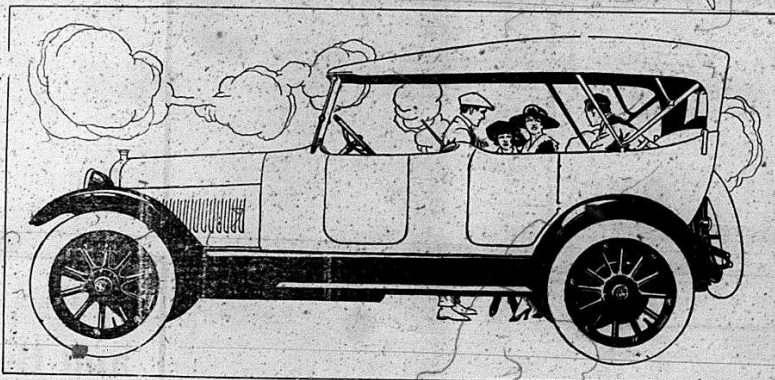

"Fishing in France" the special which we advertised would be shown yesterday but failed to arrive, arrived this morning and will be held over and shown Saturday together with the usual Saturday show and at the usual admission. We are very sorry that this disappointment occurred but it was absolutely unavoidable. We had to locate the picture and finally got Atlanta on the long distance phone late yesterday evening and they said, "It's simply a bone-headed stunt on their part. They failed to ship the film, but it is here now and will be shown Saturday at 8 and 10c."

CHANDLER SIX

Do You Know Why More People This Year Are Buying The Chandler Six Than Are Buying Any Other High-Grade Car?

Do You Know Why in Four Years' Time The Chandler Has Passed and Left Behind, One by One, a Long Line of Other Well Known Cars?

There are perhaps several reasons, all of which would appear very clearly if you had the opportunity or took the time to analyze the history and business policies of the automobile industry. But there is one big basic reason which to you as a motorist is the essential reason, and that one reason is this—that ever since the first Chandler car was designed and built and marketed four years ago last month, the Chandler has offered the finest of design, construction and equipment at the lowest possible price.

The Chandler today offers this excess of value, this dependability of service, just as distinctly as at any time in the four years past.

It took some little time, of course, for a great part of the motoring world to pin its confidence to this newcomer. Men recognized, indeed the whole trade recognized, that a new type of car which must make large appeal had come into the market. The trade knew that it was the product of men who know motor building and general motor car design and who were experienced in the best manufacturing practices.

Still—and remember this was more than four years ago—the trade said a newcomer could not win out.

Nevertheless, there were a few hundred Chandler cars manufactured and sold in those months of the summer and fall of Nineteen-Thirteen.

And how distinctly the Chandler

has won its place in the very front rank of fine motor cars is reflected in the Chandler sales records of Nineteen-Fourteen, Fifteen, Sixteen and Seventeen.

Month by month and season after season thruout these four years the Chandler has moved forward and forward, until today its leadership could hardly be questioned.

Your own observation of high-grade car service in almost any market in America would show you clearly how surely the Chandler has come into leadership.

This leadership has been built on the Right Car at the Right Price.

Back in 1914 men were very generally inclined to recognize that the Chandler was the right car at the right price and about two thousand of them had the courage to make sure of their convictions.

Those two thousand won thousands more to their convictions, so that in the year following nearly seven thousand men chose the Chandler for their car.

And the car went on making friends by its performance in the hands of these owners.

The whole country marveled at this wonderful motor, at its power, its flexibility, its life and get-away, and its endurance. The whole Chandler chassis came to be recognized as a great mechanism.

So last year, 1916, it was hardly surprising to those who really knew the Chandler that more than thirteen thousand motorists chose this

car for their car, more than twice as many as had chosen it the year before.

And now comes 1917, a year of some stress for all trades, a year above all years when the real worth in merchandise counts most. And what is the motoring public's answer in its discussion of high-grade cars? What is its answer in discussion of Sixes most particularly?

From coast to coast so far as our available records show, the Chandler is preferred above all other medium-priced cars, above all other high-grade cars.

Our own sales records show an increase of better than 55% in the first six months of this year as compared with the first six months of last year.

Records of registration of new cars, although available in only a few typical sections of the United States, indicate a tremendous public preference for the Chandler over all other cars in its field, in some instances as much as a two-to-one preference.

We realize that in some isolated instances, because of peculiar trade conditions, some other car may lead, but in the great markets where men have the choice of all makes of cars, where every kind and type of car is represented, sold and owned, motorists indicate their preference for the Chandler, and prove their confidence in the Chandler, by choosing the Chandler. Chandler leads because, starting

with the right type of car, the Chandler Company has stood firmly by this type of car. It has continued to develop this car thruout these four years until today it approximates perfection in construction and performance.

We cannot convey to you in the printed page any full conception of the superiority of the Chandler motor, but any one of nearly forty thousand Chandler owners could put you alongside him at the wheel and show you Chandler superiority.

We would be more than pleased to show you this superiority; we would be more than pleased to make clear to you the excellence of the Chandler car in all its details.

We would like to show to you what it means in satisfactory road performance that the Chandler motor is equipped with Bosch High Tension Magneto as is the Pierce-Arrow, Marmon, Locomobile, Winton, White, Stutz and the Mercer; what it means to you that the Chandler car is built with a big solid cast aluminum crank case extending from frame to frame and giving absolute rigidity to the motor mounting; that it is equipped with silent chains for driving the motor shafts and with annular ball bearings in transmission and differential and rear wheels.

We would like to show you what these items of design and equipment and many others, typical of the highest priced high-grade cars, mean to Chandler performance.
