TELLS OF TRIPS TO CHARLESTON

THINGS OF INTEREST SEEN IN THE CITY BY THE SEA

Excursion Much Enjoyed—Personal Mention—Other Matters of Interest.

Special to The Lantern:
Winnaboo, Aug. 9.—I presume the excursion to Charleston last week was quite an event with a number of people, judging by the crowd that went. I am sure they enjoyed the trip and as I was one of the number, I want to tell a few of the things seen while there. It was fortunate after getting to Charleston, to get into some form of the advantage of the gain made by the earned surplus. This bank was always open to advertising and stood still, or rather, overlooked. Its officers were men of personal and financial high standing, and its directors were men whose names were above reproach.

ADVERTISING ESSENTIAL

Startling Effect on Business of a Bank

Proof of Value.

The work of advertising an essential to the prosperity of any business. The balance of the evidence at the trial, the weight of argument, are in favor of the contention that it is an essential and not an incidental.

WEEK'S EVENTS

AT ORRS STATION

SCHOOL OPENS WITH FAIRLY GOOD ATTENDANCE

Enjoyable Time at Dinner Coming and Going Among the People.

Special to The Lantern:
Orrs Station, Aug. 7.—Heavy rains have fallen in our community since Monday. We trust that crops will not be injured to any great extent. The cotton especially is doing fine but the corn crop is rather sorry looking. Mr. John Hamilton has about the best corn in this section.

THE MYSTIC SPELL OF THE SOIL

From far and near one hears and keeps on hearing plaudits that run about in nooks and crooked streets to or against men whose acts and allowances have permitted this worst degree of beneficence or philanthropy to average itself a thing of so far above the average here that the call from times to time to be them away from stretches of ill-fated field and woods to some other place where the facility of enter the maze that evolved from hour to hour and find themselves flung "O'er Ways" with the threshold a plowman's dream and actual starvation only a thing of so much greater delusion and delusion.

CROPS ARE FINE AROUND HOPEWELL

DINNERS IN THIS SECTION BEST OF ALL

Number of Persons Visited Here and There—Other Interesting Matters.

Special to The Lantern:
White Oak Aug. 8.—Your correspondent spent last week with friends around Cornwell and Pleasant Grove. Found the crops in that section far superior to any I have seen on my rounds. While there I attended the three days' preaching at Hopewell Friday, Saturday and Sabbath. The first pastor, Rev. John A. White, had with him, Rev. Mr. Lummus, of Edgeboro. He preached five very able sermons to large congregations. While up there I was one of the guests of the Rev. Mr. Lummus, and musical festival at the hospitable home of my good friends, Mr. and Mrs. S. J. Curry. By 10 o'clock at night the Rev. Mr. Lummus had assembled about 25 people including the children of which there was about 10 from 6 months old up. They were all good and jolly day. Plays, games, eating fruit and buggy rides were enjoyed throughout the day. And Mr. Jim Wallace was there too with his graptolite and dispensed delicatessen which was much enjoyed by old and young. At 12 o'clock dinner was announced and such a one my feeble pen can't describe only to say it was one of the fine and cheap dinners that these good ladies in this section of your fine old country are noted for giving. Many more such my humble scribble have the pleasure of attending with those kind and big hearted people.

Increasing Demand For Southern Properties

Reports from all over the South indicate a steady and increasing demand for farm properties as well as much activity in the handling of business real estate in the large cities and towns.

Doings of Interest to the Neighborhood—Coming and Going Among the People.

Special to The Lantern:
Winnaboo, Aug. 4.—This section of the country has been visited by heavy rains. Most of the crops on water courses have been destroyed by the recent high waters. The hay crop on low lands has also been destroyed which will be a great loss to the farmers. The cotton crops of this section have improved greatly for the last few days.

WILKESBURG NEWS OF LAST WEEK

AN ENTIRE QUESTION OF AN ELECTRIC LINE

Doings of Interest to the Neighborhood—Coming and Going Among the People.

**MR. W. E. KOHLER
 WAS DROWNED**

Brother of Mrs. W. S. Taylor
 Lost His Life in Georgia—
 Body Not Recovered.

Chief W. S. Taylor, of this city, received information Sunday that his brother-in-law, Mr. W. E. Kohler had been drowned at Hazlet, Ga. Mr. Kohler is a brother of Mrs. Taylor and their many friends in this city will sympathize with the bereaved family. The body has not yet been recovered and the information in regard to the drowning is taken from yesterday morning's Columbia State. It will be noticed that The State has the place of the accident wrong. The account referred to follows:
 "The family of W. E. Kohler, who reside at 1203 State street, received information yesterday of his death at Laurelside, Ga. Saturday, Mr. Kohler was a bridge contractor and the direct cause of his death. The telegram to the family gave no details but the intelligence that he was in a boat which was overturned and that the body had not been recovered.
 "The family has resided in Columbia but a short while. The wife and five children survive, the husband and father, and one brother and three sisters live in North Carolina. The family here has been in attendance upon the Green Street Methodist church, and Rev. B. B. Thompson endeavored yesterday, but in vain, to get any information. Laurelside is between Savannah and Jessup and their wife was foreman of the Georgia and Florida steel bridge company which is bridging the Altamaha.
 "It is pretty hard on the south that everything it produces is unprotected and everything the rest of the country produces is protected. The protectionists of the north gets the south both going and coming. The south is what Carpet-knag Senator Patterson once said to South Carolina: "There is a bridge over the South Carolina river." The south is still full picking for our dear friends, the trusts and syndicates of north.—Farmers Sun.

The idea prevails that the farmer is more prone to suspicion than the other; but it is an unjust notion, if one may judge from the ease with which he is taken in by the wiles of the scoundrel. He is not suspicious enough, certainly not to the extent he has cause for being in view of the deceptions that are constantly practiced on him.—Farmers Sun.

Like all republicans President T. F. blundered about downward revision of the tariff and then promptly signed the upward revision Payne bill made in the interest of the trusts and against the consumer. These trusts can't care so high as their source and don't care to own it by those responsible for its election which is this trust and operations.

These trusts can't care so high as their source and don't care to own it by those responsible for its election which is this trust and operations.

Lloor Beat in The State.
 Columbia, Aug. 7.—Representative John G. Richards, Jr., of Kershaw, prohibition floor leader in the House and who got his bill through that body last year after a moral crusade and with a stubborn filibuster, will reintroduce his bill next session and though it will be identical the same Legislature, he is confident a State-wide bill will pass both houses this year.

"We are going to pass this time as sure as gun is made of iron," he said to a representative of "The Evening Post." There will hardly be two counties in the State which have August elections and over, and we will complete the job next winter in the Legislature by passing a State-wide act. These things have been hanging in various parts of the State a bout the act being unconstitutional, although how soon after the elections the dispensaries shall be closed, and all that sort of thing, are not worrying the prohibitionists who know the situation. We have got their floor beat in this State, and that is as well as we can expect.

Mr. Richards will not be a candidate for Governor next summer, as many people over the State have been excited in getting the stripes on the State official who have been stealing from the State," said he. "They are the people who did more than all others to destroy the State dispensary plan on Thursday."

There will be a picnic in the grove near Mr. W. E. Blair's on Thursday of this week. The ladies of New Hope will serve ice cream. Every body is invited to attend.

SPECIAL NOTICE.
 There will be a picnic at Leeds on Thursday of this week. All are invited to come and bring well dressed

**JERVEY J. BEWLEY
 WAS MR. LONG NOSE**

Man of Mystery, Captured Saturday by Detective J. Q. Hood in Klutz Street

Mr. Jervey J. Bewley, of this city, who journeyed over our streets under the pseudonym of "Long Nose" was made captive Saturday at eleven o'clock, by Mr. J. Q. Hood, of Klutz Department store. Regarding the particulars of the capture and his final rambles, previous to his capture, let the Man of Mystery write.

His story tells us that on the morning of Friday that great event terminated in the leading characters, often grog nervous and shake like a leaf in the grasp of the wind. Not so with your mighty figure of "mystery." I hurriedly made my way to riding down the curtain on my journey in Chester Saturday, even if I had been forced as I said, in Friday's Lantern, to take a position directly in front of the confederate committee facing the city hall, at 6 o'clock Saturday evening, and yell for some one to come and escort me to The Lantern office and answer the phone calls in government. I am delighted to say, was not to be. I arose early Saturday morning and went to the postoffice, opened my box, secured the mail, and mobilized on the hill. For stores was open at this hour, so I went over to Jones store and Havils Oats and I discussed baseball for some time. Then I journeyed to the Standard Pharmacy and had Lee Simple jerk me "dope." Made for the Southern railway, where I remained a while, then started to the Klutz store and asked if they had some time; finally I approached Mr. J. Q. Hood and asked for a hat. Before I had finished my asking, he bawled me with the last words, "You are the Mystery Man! Mr. Long Nose of the Chester Lantern!" I said, "Mr. Hood comes with me and get the five dollars in gold." We tramped down to the editorial sanctum of The Lantern office, and I witnessed the placing of the sparkling five into the palm of my captor's right hand. I realized that the readers would appreciate learning of Mr. Hood's detective skill in discovering me, so I pointedly asked him if he would breakfast when I noticed in Friday's Lantern that he had determined to allow me another opportunity at capturing you. I told Mrs. Hood Friday night as I perused your interesting article that I was going to ask everybody I waited upon Saturday if they were not Mr. Long Nose. So when you asked for the hat, he immediately on the proper course, I am sure, I believe I had asked an hundred men before you reached me. Nobody told me your name and this I state most emphatically. It is an honor to me, Jerry, and I trust no one will think otherwise.

So good readers my adventures are now a matter of profane history. Some of you wrote me to the effect that you didn't believe I had asked for Mr. Long Nose all the time, to which I want to say, once and for all time that I began as Mr. Long Nose, and remained same until captured by Mr. Hood. Of course, I realize, that "Thomas" have thrived ever since the Man of Gallies's day, still I can prove to anybody I want exactly where I was when I did and that during the night in my rambles, Mr. Hood was the only person to sprinkle the deadly words against my ear drum. It was a Kansas territory. If you have enjoyed my 81 days of rambling as much as I have, your life has been happily for my having dropped into the net. So with this, good friends, I bid you adieu.

Special Meeting of County Board.
 The supervisor and county commissioners held a special meeting Saturday morning at the headquarters, that was left over from the monthly meeting on Monday last. On motion it was decided that hereafter no matters in the county will be paid his salary unless his books are presented to the board for examination at least once a quarter as required by Section 1001 of Volume 1, Code of Laws, 1902.

The board on motion voted that the following described road be discontinued as a public highway: "The road leading from Sandy River station to Bear Run by the side of C. C. Cornwell and intersecting the road from south of Calvary church, and intersecting said road at Ed Witt's place, two miles in length."
 There was considerable discussion about the good roads rally that the board has decided to hold, and it is the earnest wish of Supervisors Shannon and Commissioners Grant and McGarity that all who are interested in this meeting be present at the court house on the date agreed upon, which is Monday, the 22nd inst.

WANTED.
 Three good men to work for the Singer Sewing Machine Co. in either Chester or York county. You can apply Saturday July 20th at the Singer Store, Chester, S. C. Floor 108-11. A. Purser, Manager.

MISCREANT ROCKED SPEEDING TRAIN

Reported That Southern Vestibule Was Rocked at Blackstock on Sabbath Night

It was reported in the city yesterday that, as Southern railway train No. 31, moving east, was passing below Blackstock on Sabbath night that a rock was hurled into the day passenger coach for which, crashing through a window and striking a lady who was sitting close by. The rock was plucked up and handed to the conductor by a passenger, while the train continued its way north.
 Mr. S. G. is a thorough train and does not stop at Blackstock. It was running at full speed just below Blackstock when the rock was hurled from the night into the coach. The lady said to have been badly frightened as "any one would have been. It was a very narrow escape. It was useless to hunt for the miscreant and the train kept on its way. The train was run at high speed when the act is alleged to have occurred.
 The above statements were told the reporter for The Lantern yesterday morning by a reliable party but on phoning the Southern ticket office in this city the gentleman who answered the phone said that he knew nothing about the alleged incident. It of course possible that if the alleged facts happened that the Southern Railway will make all efforts possible to ferret out and catch the criminal and punish him. There is a very severe penalty in this state against the perpetrator of such deeds, as they are dangerous to the public and make it miserable traveling on the trains.
 The affairs of the old Chester county dispensary have about been wound up. After paying all claims against the institution there will remain funds in the hands of the dispensary divided among the city of Chester, county of Chester, and the educational interests of the county as prescribed by law. Claims amounting to \$440.51, the majority of these being brokerage claims against different transportation companies, have not been collected, but with this exception all of the dispensary's assets have been converted into cash and form a part of the \$126.73 that is to be divided. Mr. W. B. West, dispensary auditor, in a letter to this office says that the management of Chester county's board of control: "Permit me to say that it is my impression that the Chester county dispensary board has given a fair, impartial and business administration, and that the books have been accurately, neatly and beautifully kept. Everything that has been entrusted to the care of the board has been accounted for to the last penny and the cash on hand is the amount of the profits ready to be disbursed."
 The Chester county dispensary board for the fiscal year beginning September 1st, 1909, has for its president, C. McAfee, chairman, B. D. Kefo and A. G. Westbrook. Mr. J. C. McCrear was the capable and efficient book-keeper.

Final Discharge.
 Notice is hereby given that J. J. McDaniel, executor of the estate of I. N. Jamison, dec'd, has this day made application into me for a final discharge as such executor and that the 9th day of Sept. 1909, at 10 o'clock a. m., at my office, has been appointed for the hearing of said application.
 J. B. McDaniel,
 Judge of Probate.
 Chester, S. C., Aug. 9, 1909.
 8-10-11

 Chester, Co., S. C., July 27, 1909.
 7-27-11

An Ordinance
To Provide for the Payment of Interest on Bonds.
 Be It Ordained by the Mayor and Board of Aldermen of the City of Chester, in Council Assembled, and by the Authority of the Same:
 "That, a tax of one (1) mill on the dollar be levied upon all real and personal property assessed for taxation in the City of Chester for the fiscal year beginning November 1st, 1909, for the sole purpose of paying the annual interest on \$20,000.00 of bonds of said city, and that said tax be collected by the City Treasurer at the same time and in the same manner as the property tax of ordinary municipal purposes. That said taxes shall be collected on the 1st day of the fund arising from said tax, and any balance thereof after the payment of the interest on July 1st, shall be paid into the fund for the liquidating of said bond of maturity."
 Done and ratified in Council this 3rd day of August, A. D. 1909.
 H. SAMUELS,
 Mayor.
 W. A. Lattimer, Jr.,
 Clerk and Treasurer.

GREAT SUCCESS IS THE RESULT

Educational Rally at Pleasant Grove Methodist Church Brings Good Results

The educational rally for this county is taking place at Pleasant Grove Methodist Church in the eastern section of the county today. A tremendous crowd is in attendance and the great weather conditions make everything looking lovely. County Superintendent of Education W. D. Knox is presiding.
 The list of speakers today includes Dr. J. S. Moffatt, of Erskine College; Hon. J. J. McMahar, of Columbia; and Messrs. J. K. Henry and J. H. Marion of this city. These speakers add much to the enjoyment and profit of the day and the tremendous crowd which is in attendance from all parts of Chester County and the eastern section of York County are well pleased with the speakers. Many orations were heard and movements were set in motion today which will be of untold good to Chester County.
 Standing out above everything is the awakening of the people to education. Supt. Knox and his board have worked hard for the success of the day and are highly pleased with the outcome. The good people of that community deserve special praise for the way in which the crowd was treated and the day has been one of unbounded success.

Some one has suggested that all women when they reach the age of to be allowed to vote. Such a regulation would at once settle the afrage question for all immortal women. They never attain that age.

JUST ARRIVED!

A Large Assortment of Fresh Turnip Seed.
JOS. A. WALKER, SR.

The Small Depositor is Welcome at This Bank
 A hundred small accounts make a bank stronger than a dozen large ones. This is one of our reasons for urging the man of limited means to transact his business with us.
 Large accounts are welcome too, for it is our purpose to serve ALL the people, whether their business be small or large.

Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by inflammation of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and if the inflammation is not removed, the result, and unless the inflammation can be taken out of the tube, hearing will be destroyed forever; hence cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give you the Hundred Dollar Cure for any case of Deafness (caused by catarrh) that cannot be cured by Halls Catarrh Cure. Send for circulars free.

Union, S. C.

The Bowery.

New York's famous street gets its name from a home. New York city's great east side thoroughfare gets its name from a thoroughfare through an ancient lineage that has come down through some 10,000 years, from the time that our ancestors, who planted the root that has grown into the well known Bowery, were in the East.

At the head of that street stood the home of Peter Stuyvesant, the Dutch governor of New Netherlands, and it was known as Stuyvesant's Bowery, which was another name for Stuyvesant's home—the grounds of which stretched southward toward Chatham square.

This word "bowery" came directly to us through the Anglo-Saxon "bowa," which meant to dwell. They also had the word "bawer," which signified chamber, a covering in which to conceal or cover yourself, and from this Anglo-Saxon came our Sanskrit and became "bowery," which meant to be, to exist, or the place where you were lived, and from that came "bhar-ana," a dwelling house.

The Anglo-Saxon "baw" went into the Icelandic, meaning a room, and into the Swedish, where it is used for cage. It appeared in the lowland Scotch as "baw," a cow house. So in all of the family of languages it came to mean a covering, a protection, a dwelling or a home, and where the last Dutch mayor of the New Netherlands lived and kept the Bowery.—New York Herald.

Nobody Spared.

Kidney Pills seize young and old. Come quickly with little warning. Children suffer in their early years—many of them die. Kidneys are tired, nervous, suffer with men, women, young and old. Men have lame and aching backs. Night sweats, and pale skin. Many are cured by the famous DeWitt's Kidney Pills. Cure all forms of kidney suffering. Dr. W. E. White, Buffalo, N. Y., says: "About five years ago I began to suffer from pains across the small of my back. My kidneys were very disordered, and the kidney secretion was greatly increased. I was troubled with my back and joints. I purchased DeWitt's Kidney Pills and used them. I am now perfectly cured." DeWitt's Kidney Pills have failed to give me relief when suffering from my kidneys, and I gladly recommend them.

For sale by all dealers. Price 50 cents. Beware of cheap imitations. DeWitt's Kidney Pills, New York, N. Y., sole agents for the United States. Remember the name—DeWitt's—and take no other.

Washington's Plague Spots. In the low marshy bottoms of the Potomac, the breeding headquarters of the malarial germ, the mosquitoes, the malaria germs, and the malarial fever, are abundant. The malarial germs, the malaria germs, and the malarial fever, are abundant. The malarial germs, the malaria germs, and the malarial fever, are abundant.

Best Way to Shampoo.

First and most important of the water you use. Hard water makes the hair brittle, and the hair falls out. It is the best way to shampoo with a soft water. Use a soft water. Use a soft water. Use a soft water.
