LIME

We have secured the Agency for the best ground Limestone made, and will take pleasure in talking to our Friends and Customers about this lime, and what it will do for your yard.

Experts from the Government tell you that Lime is the cheapest and best thing you can use. It helps the Potato that in the late fall we cannot get Potato; it looks like it will pay any one to use Lime this Fall.

This Lime is very finely ground, which is much better than a course ground Lime. We could have gotten a course Lime for less money, but you do not get as quick results with course Lime.

Call and see us for prices.
