Camel Cigarettes

They Win You On Quality!

Your enjoyment of Camel will be very great because their refiner is both fragrant and of a deep tobacco flavor. You never need such a cigarette! They are prepared for immediate smoking and when smoked are free from aftertaste and harshness. Camel is a cigarette of quality, a cigarette that can be enjoyed in a large number of cigarettes, and the aftertaste is the same as the tobacco flavor.

Camel are made of an excellent Blend of Choice Tobaccos and are built to burn even and flame free. They are sold at a price that will not tax your pocketbook. You will enjoy this Camel brand to the fullest extent of its possibilities.

Imperialism!!
An annual gets up and goes off just whenever he feels like it, and stays as long as he pleases. When he gets back to his neglected post of duty he makes
his stupid and cowardly subjects pay him just the same. I have always contended that the kind of
imperialism is nothing more nor less than scientific and
diabolical graft, and whoever practised and tolerat-
ed in a free country becomes at once a playing evi-
dence of national decay.

For 300 years Virginia-Carolina tobacco has made good!

From the beginning, Virginia-Carolina has been the world's favorite tobacco. It has been cultivated and improved for three centuries. Today—five times more of it is smoked in cigarettes than all the foreign and home tobaccos combined. Only the lively taste and rich flavor of Virginia-Carolina tobacco can account for this. And only in a cigarette made entirely of Virginia-Carolina do you get the full flavor and all of that relish and zest.
