TUESDAY, SEPTEMBER 18, 1923

On next Monday, September 24th, The Made-in-Carolinas Exposition will open in Charlotte. The exposition will run for a period of two weeks and every one in the Carolinas who possibly can, should visit this exposition and see the wonderful things being done by various manufacturers and others in North and South Carolina.

A surprise awaits those who have never visited the exposition. The average citizen has no idea of what is being done in the Carolinas until he visits the Carolinas Exposition. The exposition is conveniently located and no one need fear any trouble in finding plenty of parking space near the building. In fact those who wish to visit the show for an entire day can economize by taking their dinner with them. The admission to the building is only fifty cents, so it can readily be seen that a visit to the exposition is not an expensive affair.

The News would like to see hundreds of people from Chester County visit the exposition this year. It will be worth much to the individual and it will also be worth much to the community.

We Carolinians need to get the Carolina spirit into our bones and as we do so we will make our section more prosperous.

Let's go, September 24th to October 6th.

TAX NOTICE.

PREVENT SMUT IN GRAIN

County Agent Sandra Tella How to Prevent Smut in Wheat and Oats—Don't trust to Luck—Proper Treatment Will Pay Big Dividend.

Grain sowing time will soon be here and in the rush to get the fall work done, and trusting luck that the grain will not be attacked by smut, too many farmers will neglect to control smut in the date and wheat, at planting time, and find out too late next spring that from 10 to 30 per cent of the grain has been destroyed from this disease, which is easily preventable.

All seed oats should be dipped for ten to fifteen minutes in 40 gallons of water containing one pint of formalin which can be bought at any drug store. After dipping, allow the oats to dry by spreading on a floor, or they can be sowed as treated by opening the grain and allowing to make up for the swelling of the seed. This is a simple treatment which will add many bushels to your yield if you have the least trace of smut. Do not allow the seed oats to remain in the formalin mixture more than fifteen minutes, for this would affect the germination of the seed. In buying new seed oats, make inquiry regarding oat smut in same. If there is any doubt, give the seed the treatment.

A new treatment for smut in wheat has been discovered that is better than the formalin treatment, but this will not work on oats because the chemical cannot be used on the smut grain due to the covering on the oats. This treatment consists in putting one bushel of wheat and two ounces of copper carbonate and one old discarded revolving churn or concrete mixer and turning same for two minutes. The wheat can be resacked and sowed at will. If you do not have an old revolving churn or concrete mixer, one can make a cheap affair by rigging up an old box with tight lid, making a handle for same to go through the box, and allowing the sides of the handle to rest on the sides of any box larger than the one used in which to treat the wheat. As the handle is turned the box will revolve and the wheat will be treated. This is better because the results are greater than the formalin treatment and you do not have to deal with wet wheat. The Chester Drug Store has a limited supply of this new chemical on hand. There are perhaps other drug stores that have copper carbonate on hand.

Do not neglect to treat your seed grain. It will pay big dividends. There is no money in smut.
H. K. Sanders, County Agent

AUCTIONEERING

One ounce of gold pays wages for twenty hours work in the United States. Fifty hours work in Great Britain. ninety hours work in Japan, you have to sell. Merchants 100 hours work in France, 200 hours work in Germany. This means that Americans must maintain their past record for high output per man to guarantee prosperity which will mean work for all of us.

Get the highest price for the things you have to sell. Merchants' goods. Real Estate a Specialty.

A dispatch from York Saturday says: "E. Wilson and Emmett Jones were seriously injured and Aaron Tallent was slightly hurt at 1 o'clock yesterday afternoon when the automobile in which they were riding was struck and demolished by a south-bound freight train on the Carolina and Northwestern railroad at the Madison road crossing. In addition to severe contusions and lacerations sustained by all three, Wilson suffered spinal injuries the extent of which has not yet determined and which may make his recovery doubtful, while Jones had an arm broken. Tallent's injuries were of a minor nature. The automobile was taken to the Chester Sanatorium in Chester this afternoon. All are about 20 years of age and are employees of the Lockmore mill, near the Katoomba in which they were riding was dragged about 100 feet by the locomotive and crushed to splinters. Engineer-Smyre was at the throttle, it is said."

Young Men, call and see the new shape in sport hats they are showing at The S. M. Jones Co.

It is understood that the Rev. Edgar Davis, pastor of a group of Baptist churches in Laurens county, has accepted a call to the pastorate of three churches in Chester county, which are located in the city of Chester. Mr. Davis and family reside in Laurens and at present they are on a visit to City, N. C., the former home of Mrs. Davis, before coming to Laurens. Mr. Davis was pastor of the Baptist church at Ninety-Six.

Bids for the new gymnasium at the Presbyterian church were opened Friday. The Douglas state, which they were all too high and were rejected. The architect is now making some revision in his plans, and it is believed the price can be brought down sufficiently to enable the committee to let the contract before a great while. Between fifteen and twenty bids were submitted.

Miss Annie Witherspoon, a highly educated and accomplished lady, died at her home in that city yesterday afternoon of illness of two years. She is survived by one brother, Dr. M. R. Witherspoon, of Lancaster.

Last-Medium size Cameo, on Gadsden or Grier street. Hanged to J. A. Darby, at Southern Public Utilities Co.

Misses Annie Leckie and Leslie Traskie, of Rock Hill, spent Sunday in Chester with relatives of the former.

The price of cotton yesterday closed about ninety points higher than it did last Saturday. Dispatches say the bid of \$4.50 a bale was due to rains in Texas and Oklahoma. The fact that English interests have come into the cotton market very strong of late.

The fall meeting of Bethel Presbytery will be held this afternoon at Olivet church, at McCombville. The presidential sermon will be preached by Dr. Flournoy Shepper, of Chester. His subject will be "The Person of Christ."

Mr. and Mrs. Porter Gaston have returned to Grier street. Hanged to Mrs. Gae-Gaston Straits, in Rock Hill.

A dispatch from Adams, Mass., advises that the Rentrow Manufacturing Company at that place is preparing to open a new factory. The company manufactures cotton goods and the directors advise that they are unable to compete with the other cotton mills they employ about 2,500 people. According to the announcement the directors of the mill plan to move to the Carolinas.

Messrs. Chas. W. Price, S. E. Wyrwick, L. Brannon and Miss E. Margery Branton motored to Charlotte last Friday and spent several hours.

Mr. Means McFadden left yesterday for the University of South Carolina at Columbia, where he will study law.

CROSBY-DEITZ

A surprise to many friends was the marriage of Miss Lucile Crosby and Mr. F. M. Deitz, which was solemnized at the home of Mr. and Mrs. J. T. Collins, on Pine street, Sunday morning, Rev. W. G. Moore, pastor of the First Baptist church, officiating.

Mrs. Deitz is one of Chester's most attractive and popular young women and only recently returned from an extended European tour. Mr. Deitz is a native of Ohio and will reside in Chester at the time the R. M. Hudson Company was engaged in paving the streets. Mr. Deitz is now proprietor of the Carolina Contracting Company, which company is doing considerable road work in North Carolina.

Mr. and Mrs. Deitz have gone to Flat Rock, N. C., where Mr. Deitz has had headquarters.

RUMOR SAYS WILL MOVE.

Dispatch from Hickory in Charlotte Observer this morning from Hickory, N. C., says:

"Ordinary for the removal of the general offices of the Carolina and North-Western Railway company from Chester to Hickory finally have been passed—and the change ordered to be made at once, according to information received at the local shops here today. The rumor had current for weeks. The offices of the superintendent, directors and auditors are involved."

"About 10 years ago Hickory raised \$100,000 and secured the location of an office building to be erected on the company's property in Hickory."

A reporter for The News called at the General offices of the railway company in Chester this morning and was advised that no official information about moving the offices had been received.

It has been rumored for several weeks that citizens of Hickory were going to make an effort to get the Carolina and North-Western Railway Company to move the general offices to Hickory and it is probable that the dispatch in the Charlotte Observer comes from the rumor.

However, the agitation has been started and only the future will tell whether or not the offices will be moved from Chester.

It will be recalled that several years ago when the shops of the railway were destroyed in Chester by fire the citizens of Hickory got busy and raised \$100,000 which they gave the railway company to move the shops to Hickory. Chester did not take the matter seriously and let the shops get away.

Now, however, the agitation has been started and only the future will tell whether or not the offices will be moved from Chester but we have no reason to believe that Hickory will not make an effort if the citizens of that town think there is any chance of their securing the offices.

RICHBURG NEWS ITEMS.

Among the students off for College are J. R. Reid, Jr., Clemson; W. J. Bell, Jr., and Thos. Reid, Clemson; Roy and James Kilgo; Messrs. William Wylie and R. H. Gladden, University of Virginia; Amos Anderson.

FOOTBALL SCHEDULE.

Catawba Association Meets at Rock Hill and Arranges Football Schedule—Six Games to be Played in Chester—Oakley Hall Admitted to Association.

October 5—Winnaboro at Chester.
October 12—York at Chester.
October 19—Fort Mill at Fort Mill.
October 26—W. T. S. at Rock Hill.

November 2—Clover at Chester.
November 9—Rock Hill at Chester.
November 16—Kershaw at Chester.
November 23—Lancaster at Chester.

At a meeting of the Catawba Association Saturday morning at 11 o'clock at the Rock Hill Chamber of Commerce the football schedule for the Association was made. All of the schools represented in the Association were present except Winnaboro who notified us to go forward and make their schedule. The above schedule is for the Chester, High School. The schedule for the entire Association will be printed during the next three or four days.

Oakley Hall near Richburg was admitted as a member of the Association. We are glad to have this school come into our Association making three schools in Chester County that are now members of the Catawba Oratorical and Athletic Association.

A fine spirit of fellowship and good sportsmanship prevailed throughout the entire meeting. R. C. Lake of Kershaw was chosen as President of the Association, and F. M. Mack of Fort Mill as the Secretary.

Supt. M. E. Brockman from the Chester City Schools and Professor George C. Galphin from the High School represented the Chester School at the meeting. Some minor details relative to the foregoing were also decided which will appear in the next issue of the Association's schedule. Our policy will be to keep schools from breaking schedule dates. Our policy will be to keep this year to make every visiting team to the Chester feel at home and to have just as fine a time from a sportsman's point of view as possible.

We want our High School boys and girls and all of our people to every-where during the year as far as possible and to keep up good spirit and we want to encourage all things that will bring about good fellowship among the schools which we meet.

M. E. Brockman, Supt.

SIMPLY PREDESTINED.

You can't always tell what will happen. For instance here is the story of a man who determined the commit suicide, which is making the rounds of the papers. He went to the store and bought a rope, a can

of coal-oil, a box of matches, a dose of arsenic, and a revolver. He went down to the river and pushed his boat from the shore and waded down to where a limb hung over, and he got up into the bow of the boat and tied one end of the rope around the tree and the other around his neck. He sat down and smoked a pipe, and he took the dose of arsenic, pointed the muzzle of the revolver to his temple, pushed the boat from under him and fired. But the bullet glanced out the rope above him, and he fell into the water, putting out the fire. He got strangled and coughed up the arsenic and rose and walked out and declared himself a candidate for the legislature on the reform ticket.

Cops Old Sore, Under Remedies Won't Cure. The worst case in a number of hours of treatment, was cured by the wonderful, old reliable Dr. Williams' Pink Pills. It returned him to health. Write at the same time.

LADY GOT SO WEAK COULD SCARCELY STAND

After Suffering From Many Female Troubles This Lady Heard of Cardui and Took It, She Says, "Until I Was Well."

"SOME TIME AGO," says Mrs. Bessie McFarland, of R. F. D. 2, Bostwick, N. C., "I suffered a great deal with weakness common to women. I had bearing-down pains, my sides and back hurt, and my limbs drew. I would get so weak in my knees I could scarcely stand."

"I was very nervous, and could not rest. I didn't feel like getting, I grew thin, and did not have ambition for anything."

"I had been trying other remedies, but they did not get any better."

"Some one told me of Cardui, and what it was recommended for, I also took a Ladies Birthday Almanac and read of a case something like mine. I wrote my husband to get it and I would try it."

"I saw a great improvement after the first bottle of Cardui, so I kept it up until I was well. Now I am the picture of health."

"Thousands of other women have written to tell of the beneficial results obtained by taking Cardui, and to recommend it to others."

"Cardui has stood the test of extensive use, for more than forty years, in the treatment of troubles common to women. Try it."

Notice to Colored School Patrons.

The Colored Schools of Chester will open Monday morning September 24th at 8:30 o'clock. All patrons of these schools are asked to take note of this date and have children in the schools ready for work.

All pupils entering the first grade and all new pupils who have not attended these schools before will be required to register at the Principal's office in the New School building off McLure Street on Wednesday and Thursday September 19th and 20th.

Every new pupil entering must show a vaccination certificate against smallpox before they will be allowed to enter school. If you have not attended to this it would be well for you to do so now so that there will be no delay in securing a vaccination certificate.

It will be conducted at the two colored schools on Friday September 21st from 9 to 1 o'clock. The same hour will be observed for enrollment of new pupils at the Principal's office. Any pupils which conditions to remove on account of failures during last session will be required to stand these tests on Friday the 21st of September.

M. E. BROCKMAN, Supt.
Chester, S. C., Sept. 12, 1923
