It has been accepted for inclusion in The Chester Lantern 1904 by an authorized administrator of Digital Commons @ Winthrop University. For more information, please contact bramed@winthrop.edu.
The doctor of the old school, like that of the new, passed on with a sound of drum beat and roll. One path was filled with the drum beat's sound, and one with the roll. One path led upward, and one with the clouded skies. Who could count each burning light drop's tear, with sad, yet watchful eye, or understand this new method? This seems to us an uphill strain, the rheumatism or other causes, and a细细地,
THE LANTERN, PUBLISHED THURSDAYS AND FRIDAYS

A GREAT OCCASION.

The Memorial of Dr. Andrews gives "West of Shen." What's
now the price of a year in the market. As a matter of fact, it has been
noted that even the most enthusiastic of his friends are beginning
to wonder whether he will not be better off in another city. In
any event, it is certain that he will not be able to live entirely
on his literary earnings. The situation is very serious, and it
does not appear that any immediate relief is to be looked for.

To Make Your Friends & Sweethearts Happy

Irvin & Guldren

Think Of It!

The steel ranges make kitchen work pleasant because:

1. They are made of Malleable Iron and best open hearth Cold Rolled Steel, which differ from all other steel and iron in composition and strength.

2. They are made of Malleable Iron and best open hearth Cold Rolled Steel, which differ from all other steel and iron in composition and strength.

3. They are designed to suit every kitchen, no matter if you buy or not. The Drawing for this Carvin Range will take place on Wednesday, October 1st.

4. They are made of Malleable Iron and best open hearth Cold Rolled Steel, which differ from all other steel and iron in composition and strength.

5. They are made of Malleable Iron and best open hearth Cold Rolled Steel, which differ from all other steel and iron in composition and strength.

THE LANDSFORD FARM:

THE LANSFORD FARM

CATAWBA RIVER, Chester Co., South Carolina.

The Landsford Farm is situated on the Catawba River, and is one of the most beautiful and productive tracts in the state. The farm consists of 102 acres, and is divided into three lots, each containing 34 acres. The soil is rich and fertile, and the farm is well irrigated. The crops grown are cotton, tobacco, and corn. The farm is well stocked with cattle and hogs, and is surrounded by a beautiful forest of oak and pine.

NOT FOR PRIDE:

Several young people were accused of loitering and causing a disturbance at the public school in the town of Chester, South Carolina. The boys were caught on the Evidence of the delinquents, and were promptly removed from school. The principal of the school expressed his regret at the occurrence, and stated that the boys were not likely to be found at school again.

FOR THE PUBLIC GOOD:

This will interest every Resident of Chester.

Number 11—102 acres.

Number 12—63 acres, an island in the river.

For the public good.

Gentlemen:

Chester Co., South Carolina.

The present is an inviting time to visit the lands described below. The lands are situated in the vicinity of the City of Chester, and are surrounded by a beautiful forest of oak and pine. The soil is rich and fertile, and the crops grown are cotton, tobacco, and corn. The farm is well stocked with cattle and hogs, and is surrounded by a beautiful forest of oak and pine.

Certainly, a vigorous wenches would keep down the dwelling until remedies could be determined and applied, and the students treated again.

The Twelve Tracts:

- The smaller one, with smooth, sloping sides, was considered to be the most attractive.
- The larger one, with a grassy knoll and a pond, was considered to be the most scenic.
- The third one, with a rock outcrop and a creek, was considered to be the most rugged.
- The fourth side road was fenced and will be a valuable addition to the property.

PROPONENTS OF THE THREE VIEWS:

The three views presented are:

- The larger one, with smooth, sloping sides, was considered to be the most attractive.
- The smaller one, with smooth, sloping sides, was considered to be the most attractive.
- The third one, with a rock outcrop and a creek, was considered to be the most rugged.
