TUESDAY, OCTOBER 2

THE CHESTER NEWS.

Our readers will notice that the heading on this issue of the paper reads "The Chester News" instead of "The Semi-Weekly News" as has been the case for the past three and one-half years.

The present management of the paper has never liked the heading "The Semi-Weekly News" and that is one of the reasons for making the change. As a matter of fact we have found some to be a disadvantage in writing the name it consumes so much time and space.

TO OUR SUBSCRIBERS.
The expense incident to the conducting of a newspaper has greatly increased within the past eighteen months and it is a well known fact among newspaper men that more than one-half the newspaper through the country are now being operated at a loss.

While "The News" has not been losing any money the advertisement rates in this paper have increased so far that we are now costing us 125 per cent more than it did eighteen months ago.

We have written this explanation with the view of securing the attention of our subscribers to the settlement of subscription dues. To all such subscribers a statement of their account would take time and would cost a considerable amount of the way of stationery and stamps, and we would appreciate it if those who are indebted to us would either mail or settle their accounts as a check to cover which is just as easy as writing for us to mail a statement of the account.

THE CREAMERY.
A notice appears elsewhere in this issue with reference to a meeting next Friday, to be held at the Court House in Chester for the purpose of making definite arrangements about the establishment of the Chester Cooperative Creamery.

never had any experience in the creamery business but we do know that people in various sections of this country are making money out of the cattle and dairy business and what one man can do another man, if he goes about it right.

The establishment of a creamery in Chester will mean a market for the farmers of the county who can take advantage of it. A fair price will be offered for the farmers' products and if he can produce it for less than the price offered he certainly can make money. We believe the farmers of Chester county have enough business about them to be able to give milk as cheap as the farmers of other sections and in this case they now have an opportunity which they should not neglect.

While the recent war news has pushed the bull-wealth into the doldrums of the newspapers, it does not mean that the world is retreating. Instead, that past is still forging ahead and in all probability he will be in our midst before many months. When he does arrive the Chester Creamery will certainly be a blessing to people of this section.

It is to be hoped that a large number of farmers and others will attend the meeting, Friday, and give the creamery their hearty support.

ENTERTAINMENT FOR COLORED SOLDIERS (Continued.)

The following arrangements have been made by the colored Civic League for the entertainment of the colored contingent of young men to depart for Camp Jackson, Friday, October 5th, 1917.

Thursday October 4th, at 1:30 o'clock P. M. Dinner and other refreshment will be served on the court-house lawn to all conscripted men free of charge.

Friday morning at 9 o'clock the young men will be served with lunches and other useful articles just before boarding the train for Camp Jackson.

The public is invited to be present at all of these meetings and thus show their appreciation of what the boys are doing for our country.

Sweet Peace
We believe in peace, sweet peace. Peace is a glorious thing, but we do not believe in peace at any price. If we had our way, before the clock strikes twelve on January 1st, 1922 this great country of ours would be in a position to give a billion of those highly cultured, egg-headed boys across the ocean the warmest reception they ever had in their lives.

WANT CHESTER PEOPLE TO SIGN PLEDGE CARDS

Columbia, S. C., October 20th.—There are 6384 families in Chester county. The United States government is calling upon each and every one of these families to bid in winning the war by saving food. Every family—meaning men, women and children, white and black—must conserve the food supply because the last ounce may win the war.

During the week of October 21 to 27, great nationwide campaigns will be launched by Herbert Hoover, national food administrator, when all Americans will be asked to join in the food saving movement. Hundreds and thousands of workers will be in the field to sign up those who want to support the movement. There is nothing complimentary about the movement; it is simply a patriotic appeal to every man that loves Democracy.

The minimum number of pledges expected from Chester county is 3500. The campaign manager for the county will be very anxious in the field and an effort will be made to fill every home.

“Great window cards, showing that the family is a member of the food administration, will be presented to those signing the pledge cards.”

Get behind the government and help win the war. One slice of bread saved a day means just that much more food for the boys who are being sent to battle for Democracy in Europe.

DOLLAR DAYS

Of course Chester merchants have not on special sales before the war. The history of the town pays for a few days, at a time, to be given to the public.

Some large merchants are offering special bargains to the public on Wednesday and Thursday, October 10th and 11th and it is expected that hundreds of Chester county people will take advantage of these special offers to their liking.

Large signs have arrived and will within the next few days be tacked up on the various roads leading out from the city. An automobile trip in which about twenty-five cars are expected to take part, has been arranged and ten thousand circulars, each containing a list of the many bargains to be offered, will be distributed throughout the county.

The giving away of twenty-dollar bills in gold is a feature of the Dollar Days and already much interest is being taken in the matter, which promises to be very interesting. Any man, woman or child in the county who wishes to win the gold without spending a single penny.

BANQUET TOMORROW NIGHT.

The young men who are to leave Chester Thursday morning for Camp Jackson, will be given a banquet by the local chapter of the American Red Cross tomorrow evening at 6:30 o'clock. Moving of Civic Association

The regular meeting of the Civic Association for September was held Thursday afternoon in the rooms of the Chamber of Commerce. The program was a lecture course in the winter was cancelled.

It was decided to have a revision of the roll of membership for those who really consider themselves as belonging now to the organization. It is earnestly hoped that the number will be enlarged instead of diminished by this work. As many things that make for the good of our city would be left undone if it were not for the Civic Association, and needs to be a strong body.

The ladies in charge of the court house groups, varied bank list, and Foote Street school grounds, were highly commended for the great success of their work. We know others would have done well of other plans but for their able assistance.

Ladies were appointed to assist the Fair Association in getting up the exhibits of fruits, vegetables, etc.

The attention of the ladies is called to the fact that right now is the time to plant the borders of our estates in flowers. The grass is mowed and the ground is soft. Much complaint was made of the lack of neatness of our streets in the business part of town. Whatever the plan is now it does not face the place of the "Tide cart". Three benches are to be placed on the Durand street. The members of the Association have school grounds by the Association.

Mr. Cross asked to be released from the Presidency for the present. The request was granted with regret. She has proven an enthusiastic and energetic leader.

Mrs. J. J. Stringfellow, Chairman, Publicity Committee.

The entire community was saddened by the death of Mrs. Maude S. Darby, wife of Mr. W. G. Darby, of Lowville, which occurred Sunday evening. Mrs. Darby was a consistent member of the Presbyterian church and took an active part in church affairs. She is survived by her husband and three children also the following brothers and sisters: Mr. W. D. Anderson, of Chester, R. F. D. 3; Mr. Kraser, Anderson, of Washington; Lieut. W. J. Then and Now.

When we look back four or five years ago and recall life as it was then and compare it with what it is now we seem to have lived in a dream. Not a very long time ago, generally speaking, but in view of the tremendous changes which have taken place in the world of the earth...
