In complement with an Act of the the complement of the Star of Sorth Carolina, approved on the 7 brids of Tebruary, 1992, we, the Jury Commissioners of Chester county, and State, do hereby prov-noitee that on Wednesday, Ortober 17, 1917, act 10 odock A. M., in the Office of the (Teck of Carr of Com-mon Pleas and General Session at Chester C. H. we will draw the fol-STATE OF SOUTH CAROLIN/ COUNTY OF CHESTER. W. T. McCandless and Hamilt McCandless, individually and Executors of John McCandle Dealing verse Those of us who have outgr our youth, who have reached point on life's highway where sometimes look back foward years that have melted into the soft see our own youth as somet and see our own youth as somethings er: part, are out always its tolerafts as we might by of the new yould that is growing up about us. Als irre, of course, that the knowledge that experience teaches makes, at four in some digree our sense of proportion and many of us are only able to look participation. If the but the al-the sense of this knowledge. In other works of this knowledge. In other works character back into our own youthfre character back into our own youthfre Pleas and General Sessions at er C. H., we will draw the fol-g jurors to wit:

gances back into our own yourni days which for the moment make u pariake again of long vanished joys we are more or less inclined to judge everything from a mature point o wiew and without making allowance

for the natural irrespon immaturity. Probably, if bilities Immuturity: Probably, if we were to induce our againon of youth - in ceneral, which to us means. the woung people of the preset day, we would be surprised, parhaps, to dis-to your day we give surprised and uncon-existing we give surprise the ben-ch in every participations, and uncon-existing we give surprise the ben-the in every participation of the ben-the surprised of the surprised of the floor early training and pattors much supprise to presentidgy train targ withink of our youthful mitter utilities on the surprised on the back-pectual our starway was back. As leas ind again pat ourselves on the back because our way was been A e leas po we think. We must not forget however, that here is another sid to the picture. It is all very well to prefer the sort of training we re-ceived when we were young an even to point to results at the been proof of our contention. but w even to point to react at the proof of our contention, but must not forget that the youth of present day are not at heart diff ent from what we were. It is only matter of different period of exn la

degrees in the emphasize the things that count encourage them to make the possible use of their advantage stead of misuaing them. It take tience, an inexhaustible source tience, an inexhapstible source of it to deal with many of the youn people of today, but their hearty ar in the right place, their impulses an feblings are healthy, they want to d right just as they diside to do wrong and if they find that life is in th

ng for them, and not in the

too: Patience is a long word to t average young person because you is naturally impulsive, and half t troubles that arise at this period life are traced to lack of patien These things are only learned la These things are only learned later on, however, and we cannot expect too much of the boys and girls who are 'yet playing in the singhthese. Their backs are still to the shadows, only blic skies are over them. After a shade the box and the shadows we had passes will have its trace of trophen and unrively of dispositioners, and 'huwrache that will never wear away. they will cut too will begin to wish that they could tel rvice by and

letting it learn its own le own way.
