STATE TO GET

LARGE AMOUNT LIQUOR HOUSES HAVE TO RETURN OVERCHARGES Attorney Stevenson Says State Will Receive Tens of Thousands of Dollars.

Columbia, Sept. 28.—Further inquiry into the fact, as announced by the Attorney General last night, that the Barnheim Distilling Company of Louisville had made returns to the State in the sum of \$30,000 for "overcharges" through the efforts of Mr. Felder's law firm in Atlanta, develops that there is further important work to be done along this line to get other concerns to disgorge.

It is difficult to estimate how much is coming back to the State from these concerns when the court will be asked to come across, if they decline to do so peacefully, but it looks more and more probable that the State will receive tens of thousands of dollars.

The investigation has not gone far enough yet to get the actual figures with any degree of accuracy, said Attorney W. F. Stevenson today, "but what we have found out from the investigation is that the State has good reason to believe that the average of overcharges will not be below 30 percent of the gross sales which the State will receive. It is estimated that \$25,000 a year during the last few years of the old State dispensary. This would make about \$500,000 a year that the State is overcharged."

On Wednesday, Sept. 27, Mr. Joe W. Faris, of Catawba Junction, and Miss Anna Glascock, of Ranelle's Chester county, were quietly married by the Rev. W. H. Stevenson at Leslie. Only a few near relatives witnessed the ceremony. After the marriage the happy couple drove to the home of the groom's father, where an elaborate supper was served to a few friends and relatives. The bride and groom left in their morning gown and a half pair of the assistance.

Mr. A. K. Glascock is the second daughter of Mr. A. K. Glascock and one of Chester county. She is a very attractive young woman, and she has a number of relatives who join in wishing her much happiness.

When Plowing is Not Necessary. Breaking the land for the fall growing of small grains, and also frequently for the growing of peas, is often delayed more difficult by the hard condition of the soil at these seasons. Even though it is possible to plow the land, it may break up in part with others we have heard of.

Here is a telegram from papa. Says the sleeping bride. "He says for me to come right home and live with him and mamma."

Man—I'm going to have my life insured. Woman—Don't. It costs too much. Man—But what would you do if I'd die? Woman—Marry again.

The most ardent stamp collector would think twice before giving \$200 for a two cent blue Hawaiian stamp 1881-1882 with its right hand bottom corner torn off. I trust. Nevertheless, that record price has been paid in Paris for the little red mark.

We give the prescription the benefit of this tip from the cleared Anderson Mall: "It would have been better if Wylie had appeared before the jury as an unwilling witness and better still if he had not been put on the stand at all. The State could have made out its case without him, and the case would have been stronger."

Indians Poisoned their Arrows. Indians took a fresh deer liver, ladled it into a long, thin tube, and went to certain places where they would do rattlesnakes. The snake would strike at the liver with its tongue until its poison was all used up. Then the pipe was carried home and fastened upright, and the liver was made as dry as a bone. The liver was pounded in a fine powder and mixed in a buckskin bag. This powder would stick like glue to the snake's tongue and was used to poison arrows.—Field and Farm.

John Black on Trial.

Columbia, S. C., Sept. 29.—John Black, former member of the State dispensary board, was on trial today for having received a bribe of \$2,600 from John T. Early, representative of the State dispensary board. The transaction is alleged to have occurred in 1899.

There was sensational testimony from John T. Early, a member of the same board, testified that there was an agreement between the whiskey salesman and members of the board by which certain houses were to be favored. Wylie's solicited evidence his private memoranda alleged to have been made when the board was in session in March, 1899.

Attorney General Lyon put in evidence check for \$2,600 from John T. Early and for \$5,000 from M. A. Goodman both payable to Black. Defendant will try to show that these were for services as salesman before election on the board.

The Black case is the only remaining case of the State dispensary with alleged frauds in the old State dispensary which will be tried at this term. J. C. Farnum, the first defendant tried was acquitted Saturday on a charge of bribing the State board to purchase from liquor houses represented by him.

PROGRAM OF EXERCISES.

King's Mountain Background, October 7th, 1900. Assembly, at half past ten o'clock at Grand stand around the new monument erected by the United States Government, the several bands playing in succession.

Invocation prayer, by President S. C. Mitchell, of the So. Ca. University. The King's Mountain Centennial. Lyric written by Mrs. Clara Dargan Maclean. Music arranged by Prof. Liebhaf. To be sung by entire audience, led by the Yorkville band under the direction of Prof. R. J. Herndon.

Music—National Anthem. Toast—The United States of America. Response by Hon. D. E. Finley, member of Congress S. C. Response by Hon. K. Y. Webb, Honorable (long term) sung by audience with band accompaniment. Benediction.

PROGRAM FOR FRIDAY, OCTOBER 5th, 1900. Beginning at 9 o'clock on the morning of Friday, October 5th, the court will be held in the grand stand of North Carolina and South Carolina will demonstrate for the benefit of the public against the hostile of King's Mountain.

The specific allegation in this case is that Black got a rebate of \$2,600 and a bribe of \$2,600 from John T. Early, a liquor drummer, who has appeared before the grand jury and will testify for the State in this case. Whether Wylie will be used in this case is not made clear. He will be heard at the grand jury on the attorney general's office.

Among the interesting witnesses for the State will be several bank officials from Mr. Black's home town of Watertown, and it looks as if the evidence against him from this source will be similar to that presented against Farnum from Chester county.

Major Black is taking his forthcoming trial calmly. He says he never got any of the State's money except what came to him under the other contract, and he dedes the prosecution to prove otherwise.—Charleston Post.

Trials by Jury at a Fair.

It will be an everlasting shame and a disgrace to the State if any of the dispensary grafters and bribers escape. The faces of the men of low morals of course lie in the hands of the jury, and if these men allow those "higher up" to go free it will be a blow to the fair play and citizenship and a blow to the fair play and citizenship.

That Attorney General Lyon has performed fine service in these cases is generally admitted. In fact, he has done an effort to bring the thieves and rascals to the bar of justice, and The Record hopes that the jury will reward his efforts by verdicts which will be a rebuke to the thieves and rascals.

Since writing the above, a Richland jury has failed to convict Farnum, the boss king of Chadwell, who was the first one got on trial. And this is the only one of the grand jury testimony that Farnum billed Dr. Wylie.

That jury should have been closely watched, and that they got these 12 men should feel the power of the court. We are somewhat surprised that Judge Menninger did not summarily dismiss the grand jury, if they were to judge jury duty.

We wonder why it is considered necessary to hold court in South Carolina. Justice is a universal thing. It is a disgrace to the State if any of the dispensary grafters and bribers escape. The faces of the men of low morals of course lie in the hands of the jury, and if these men allow those "higher up" to go free it will be a blow to the fair play and citizenship and a blow to the fair play and citizenship.

MOURNS DEATH OF H. WESTBROOK

PROMISING YOUNG MAN IS DEAD Leaves a Large Number of Relatives—Other Life News

Special to The Lantern: Mr. Albert Ford, teacher of the Wylie Mill school, having vacated her school for a short while, is spending some time with her sister, Mrs. J. B. Marshall Westbrook, and Mrs. M. M. Walter, second music Sabbath morning.

Mr. Elliott P. Faris is very sick having chills. We hope for all a speedy recovery. Last Monday evening the sad news was received of the death of Howard Westbrook, of the death of Howard Westbrook, of the death of Howard Westbrook, of the death of Howard Westbrook.

Customers in the store of Menzies & Company, at No. 30 King street, were thrown into a temporary panic, while the young women clerks had mild hysterics at about 7 o'clock yesterday evening, when a horse, attached to a laundry wagon, walked jostly into this well known establishment. It was only because the wheels of the wagon held the animal back that he did not drag the laundry table wholly into the store.

It seems that the horse had slipped off his bride in some way, and took it into his head to make a dash for it. He was calmly walked into the store of Menzies & Company, but for his appearance caused an effect other than to be anticipated. Not a clerk offered to save him. On the contrary the women exhibited an aversion for him, and the customers sought refuge under tables and behind counters.

A policeman came to the rescue of the horse and with some help extracted the animal from the doorway, after he had done some damage to the front and awning. It was an incident that is not likely to be repeated in this street. The panic within the store soon subsided.—Charleston Evening Post.

Katydids and Frogs. There is a supposition lurking in the public mind that the katydid, an insect that is held by tradition to foretell the first frost, has fled on the 29th of September. These katydid sang their first song in the early part of June and according to current belief, they meant that the first frost would fall over the city of Columbia in the very early part of September. It is now the end of September, lacking but a week, and no frost has fallen yet in these parts.

Katydids! Look like it. At any rate, they have not made good.—Charlotte Observer.

Columbia, Sept. 28.—A lot of young men about town are having a lot of fun. For the last few days a big bundle of horse sales here, the bundle being returned to a girl who did not wish to have it.

There are thousands of them, some forty and fifty pages long and full of love phrases, starting off "My precious darling" and such.

Bluesied, W. Va.—An entire family of six persons were murdered and the bodies of all but one were found. They were burned with their homes at Hurley, Buchanan county, Virginia, early Wednesday. The motive was evidently to get the owner of the home, an aged woman known as "Aunt Betsey", was generally supposed to keep a large sum of money about the place.

The Necessity for a Good Seed Bed.

There is no point at which the average southern farmer fails to give the short of good farming than in the preparation of the seed bed for his crops. No man is there anything which he can do as his own expenditure, but he returns him greater profit than the better preparation of his soil before planting his crops. When the crops have come up they are in the way and effectively prevent the most economical cultivation of the soil.

The conditions which result in the ideal seed bed for any crop may be stated about as follows: The land has been broken deep when neither too shallow nor too deep. It has been thoroughly disced or harrowed until it is well settled and pulverized, and has then received a good rain to thoroughly compact the soil and apply the necessary moisture. A soil which has been freshly turned up to a depth of say two inches with a double-furrow harrow, it is in the ideal condition for seeding. It may be that the crop may be. It is that it may, at times be impossible to obtain such ideal conditions; but these exceptions are in the least, less the truth, or the importance of the fact that these are the ideal conditions and those for which every farmer should strive in the preparation of his soil for any crop.

Enough Sleep for Children.

Jean Williams, M. D., who has spent the last few years in his studies in the laboratory of the University of California, says in the October issue of "The Journal of the American Medical Association" that the number of hours of sleep required for children need not be as long as is generally supposed. He states that the number of hours of sleep required for children need not be as long as is generally supposed.

EVERY CITIZEN SHOULD ATTEND.
 Citizens in this issue appears a call from Mr. L. D. Childs for a mass meeting of the citizens of the city this evening at 7:30 o'clock at the court house to take some action in regard to removing the mayor. Every citizen is urged to attend and take part in this, a most important meeting.

Chester must show the world that she does not endorse her present mayor. He should be removed from office immediately and the citizens of Chester are urgently requested to be on hand at the court house this evening.

In a dispute over the Perry-Cook controversy in Georgia the other day one man "sawed" another. Fools are known by their folly.

South Carolinians have lost sight of the Perry-Cook controversy in the startling disclosures in the Dispensary Graters trials. They will look up the Perry-Cook business later.

The return of \$30,000 in overcharges to the state by that Kentucky liquor house which Jim Farnum represented proves that the fight of Lyon has not been made in vain. No one imagines it was "conscience" money for who ever heard of a liquor house having any conscience?

"The wonderful" to behold the amount of graft which prevailed in the palmy days of the Dispensary regime.

Did you read the "First of the Grates" editorial in the News and Courier last Monday morning. If so will you please tell us whether they endorsed or disapproved of the verdict of the Farnum jury?

INSURANCE COMMISSIONER MCMASTERS.
 TER.

Made Annual Inspection of Farmers' Insurance Companies and Praised Them Both Highly.
 State Insurance Commissioner F. H. McMaster was in the city yesterday and made his annual inspection of the Farmers Mutual Life Insurance Association and of the Chester County Farmers Mutual Life Association. He complimented both organizations for the manner in which they did business and it reflects credit on the members, the officers and the country. The Hall Association was organized last May and had little opportunity to do any great amount of business this year. However, it has \$100,000 of insurance was written. Losses were encountered to the extent of \$300, and the company holds good notes amounting to \$200,000. McMaster said that the books of the company were nicely kept, and its affairs well managed. He thinks there is a bright outlook for the association. Capt. J. S. McKewen is president, Mr. C. S. Ford, secretary, and Capt. W. S. Hall, treasurer. The directors are as follows: J. E. L. White, M. McMillan, T. C. Strong, W. H. Ferguson, H. W. Miller, J. Foster Carter, J. E. Daniel and J. R. Reid.

The Farmers' Mutual Fire Insurance Association, which insures dwellings and outbuildings against fire and wind, was likewise found to be in splendid shape. The company has about \$25,000 of insurance in force, and during the year found it possible to pay all losses with an assessment of only twenty-five cents on the \$100. There are also funds on hand amounting to \$1,627.58. The books are neatly kept, and the association neatly managed. Mr. McMaster declared it to be one of the most economical associations of the kind that he knows anything about. Hon. S. T. McKeown is president, and Mr. W. H. Simpson, secretary and treasurer. The directors are Messrs. T. C. Strong, J. W. Bigham, B. A. Bagnall, H. H. Ferguson, J. B. Bagnall, L. Abel, R. O. Atkinson and Alexander Wise.

Two Negroes Under Arrest.

"Don't stillness the same as silence," ravs the little girl next door.

By wire to The Lantern: Columbia October 1st. Judge Memminger today dismissed the jury in the Black case and ordered the jurist because Juror J. D. Perry had communicated through window with his clerk last night, and copy of paper containing account of trial had been thrown into jury room at hotel. Perry and clerk under arrest for contempt of court. No more graft trials this term. The Record.

MINISTERIAL ASSOCIATION ENDORSES CALL FOR MEETING

We desire to second the call for a meeting of the citizens this evening. The conditions demand an unequivocal expression of opinion. It is to be regretted that Mr. Samuels has not been able to see his way to a quiet resignation. By not resigning he makes it necessary for those concerned about the city to express themselves publicly and plainly. We therefore believe it is proper to call this meeting and trust that all good citizens will attend.

Rev. D. M. McLeod, Rev. S. J. Cartledge, Rev. D. G. Phillips, Rev. J. G. Snyder.

CALL TO THE CITIZENS.
 Editor Lantern—"We don't believe in jumping on a man because it is popular to do so, or to gratify some private grudge, or for some act in the past that he may genuinely regret, or as a means for correcting his life. It is never permissible in dealing with public questions to display personal spite. I therefore, preface what I shall say—and I shall say it as temperately as the occasion will permit—with the statement that there has never been any personal friction between Mayor Samuels and myself, either as mayor or as individuals, and my sole objection to him is his irreputable character, and my only object in what I shall say is for what I believe to be the good of my city. It is well known that but for an unfortunate combination of circumstances he would never have been mayor, and I deny the statement as made in some press dispatches that all the people who voted for him knew the depth of his degradation when they voted for him. They knew it only by common rumor. Now they know it by his own confession. In this section his opponents made no effort to impede him, but most assuredly their personal support toward good government, patiently bearing the reproach which they felt. But a disgrace is much easier to bear known only in one's family than when bared to the world and taunted in one's face by a justly outraged press. Now there are any number of respectable men who have had honor done him that his life had not been that it should have had and promise reform? No, he confessed to what he had done. And what a confession! That he had conspired against the state as an accomplice in bribery and graft, that he was a breaker of the laws of his state as a gambler; that he conspired to break down the purity of the home and the fire and the propagation of the houses of ill fame. That he himself was a whore-monger, and with that confession there was furnished to the world a cloud of disgrace over his head, but in fact, city like the stack from a rotting pit of strangled babies. He has outraged and betrayed the trust of a confiding people and brought disgrace upon a friend and friend alike. Does he offer any atonement? It was hoped for the good name of Chester, that after these disclosures, if he did not telegraph his resignation from Columbia, he would immediately and voluntarily hand in to the city council upon his return. He has been approached by some of our best citizens to voluntarily relieve the city of the disgrace, but he has flatly and master-

shamelessly says his attorney, advising him that there is no law to depose him and he will not resign, if all the people in Chester ask him to do so. Men of Chester, let us apply by and offer no protest and make no effort to rid yourself of this blot is to publish to the world that you have a mayor of your kind and preference and fix an irrevocable reproach upon your city. It is to say to your son that this moral prostitute is your friend, it is to say to your daughter there is no standard of virtue. I don't believe the men of Chester will do it.

A call for a mass meeting is issued for Friday evening, Oct. 1st, at 7:30 o'clock at the court house to take such action as may be thought wise. Record your position.

Respectfully, L. D. Childs, Chester, S. C., Sept. 30, 1909.

PROF. W. H. HAND COMMENDS WORK
 Praises Both the Richburg and Edgemoor High Schools— Satisfactory Work Done

Prof. W. H. Hand, of the department of High School work in this state, has been in the city the last few days visiting the high schools in and near this place. When seen yesterday afternoon he expressed himself as well pleased and gratified with what he had found. "He spoke enthusiastically of the good work done in Chester county. Among other places Prof. Hand visited the high schools of Richburg and Edgemoor. He said that the work at both places was found most satisfactory and running smoothly. Some of the people would have to be graded differently but the teachers of both schools are working a first class, and are bringing everything into good shape. Mr. Hand said that about 41 pupils were in the high school department between these two schools and considering that this is the first year for both places speaks volumes. Both of the schools have strong and experienced faculties and the pupils are possessed with a desire of getting the most benefit from their advantages. Prof. Hand returned to Columbia yesterday afternoon. He is doing a great work in the state in way of building up schools and has proved to be of invaluable assistance in this matter.

What Our Neighbors Say
 Samuels Should Resign.

As a sequel to the relations in Mayor Samuels' testimony in the Farnum case in Columbia last week the people of Chester and one of the newspaper men of that town, have arisen in their indignation and demand that Mr. Samuels resign as mayor of the city. Mr. Samuels has refused to take their demand seriously and declares he will still go to the limit.

It is interesting to note, however, if reports be true, that antipathy and pressure had been brought to bear upon Mr. Samuels to cause his retirement from the head of a building and loan association, and there is a rumor that he will resign as a director in a local bank. His connection with these institutions would hurt business, is evidently the argument put to him. At business can't be hurt. The honor of the town, however, is of secondary consideration. A man unfit to be a director in a bank or the head of a building and loan association, is equally as unfit to be the mayor of a city.

Mayor Samuels should step down and out.—Spartanburg Herald.

Chester's mayor says he will not resign and there is no way for Chester to get rid of him. The people elected him over one of the very best men in South Carolina. We hope they're enjoying the dose they prepared for themselves. Ex-Mayor Caldwell has won victory in defeat.—Rock Hill Record.

If a news dispatch to a Charlotte paper is true the people of Chester are talking of trying to oust Mayor Samuels from office. They are said to be incensed that the mayor of their city is so closely identified with the dispensary graters. Of course there is reason to feel humiliated over the revelations, but there may be some truth in the remark made by a gentleman a day or two ago—that the people of Chester do not know anything more about Samuels than they did when their reform made him mayor.—Fort Mill Times.

Mayor Samuels, of Chester, figures in no very pretty light in the graft trial. The people of Chester are asking for his withdrawal as Mayor of that thriving city. It would be a commendable thing for him to give back to the people the high honor that has been put into his hands.—Union Times.

SEE THE EXAMINATION FOR TEACHERS

Camdenland, Md., Sept. 25.—George Galloway, 66 years old, of Oakland, Md., died at the Western Maryland hospital here yesterday from blood poisoning. He cut his corns with a pocket knife a month ago and the fatal malady resulted. He was brought to the hospital about three weeks ago and a portion of his right leg was amputated below the knee. Galloway was a bachelor and had been a laborer.

On account of the mass meeting this evening at the Opera House, the service at the Presbyterian Church is called in. S. J. Cartledge, Pastor.

At a called meeting on Tuesday evening council accepted the bond of the Greer Filter Co., to protect the city against any infringement of patents and hence the work will go forward.

Rev. J. S. Snyder, the popular and beloved pastor of the Baptist church, is confined to his bed suffering from a slight indisposition. He treated very well last night and his many friends hope for him a speedy recovery.

Rev. E. W. Williams, of Commerce, Ga., who was announced to preach at the Baptist church on Sunday had a previous engagement at Greenville and will go on there. He was in the city yesterday.

Newberry, Sept.—The bridge over Indian creek, in Cromer township on Saturday fell in with a four mile team belonging to Mr. John M. Sober, an extensive and progressive farmer of this county, and did considerable damage. The wagon was loaded with 125 bushels of cottonseed on the way to the city. When the bridge fell in the team, wagon, and driver all went with it, but the broken timbers held them out of the water. One mule was so badly hurt that it will hardly be of any more service. The other three mules were plucked up and killed, as was the driver, though it is thought their injuries will not prove serious.

Miles B. McWeeney Dead.

Columbia, S. C., Sept. 29.—Former Governor Miles B. McWeeney, of South Carolina, who had been under treatment at Mount Hope retreat, in Baltimore, Md., since July 18 last, died at that institution at 1:30 o'clock this morning. For the past week it had been known that the former governor was critically ill and his wife went to Baltimore to be with him. She was present at the time of his death, which was his son, Eugene B. McWeeney.

The body will be brought tomorrow to his old home at Hampton, S. C., and buried there.

Former Governor McWeeney was a native of Charleston, S. C., where he was born April 18, 1855. He rose from a newspaper to be governor of the state, and held many political offices in South Carolina.

Slaughter Pen is Outside Limits.

Secretary of the Board of Health, informed The Lantern yesterday that the slaughter pen is outside the city limits and hence beyond the jurisdiction of the city board of health so he says. This does not remedy the matter and whoever has authority over this thing should see to its removal at once.

Langston—Sheriff E. H. Corley last week emptied 90 gallons of liquor and elder in the jail lot. This lot had been captured at Irano, about six weeks ago. The stuff was consigned to John Davis and was supposed to be for contraband. No inquiry was ever made by the supposed owner, and as the required time was up, the sheriff decided to get rid of the liquor lot. This is about the first case of this kind reported in the county, there being but few violations of the liquor law here.

Mr. Lee Helms, son of Mr. J. K. Helms, the well known successful farmer of this vicinity, met with a painful accident last Saturday afternoon. His left hand was caught in his father's gin, a portion of the forefinger being cut off and the others badly lacerated. The young man's injuries were dressed by Dr. B. C. Brown. —Lancaster News.

Monroe, N. C., Sept. 28.—As the outcome of a quarrel yesterday, Ben Tingle was last night shot and killed by his brother-in-law, Lonnie Rosting, on the public road near Wigata. The two men, it is said, had been drinking heavily during the day, and became involved in a quarrel which resulted in the shooting. Rosting escaped and has not yet been caught.

Arthur, the 6-year old son of Mr. and Mrs. Chas. Dove, who live on the Wix place near Woodward church, died Tuesday morning after a illness of three or four days from inflammation of the brain. The funeral services and interment were at Woodward church Wednesday afternoon.

Cutlery

Pocket Knives, Butcher Knives, Knives and Forks, and Spoons the best you can get at the price. Some people think that

SHEARS are SHEARS

But ours are different. They are not pot metal, which lose their points the first time they fall on the floor and are never sharp, but the best cutlery steel, that keep sharp, stay right, and cut clean, out to the very end. When you try them, you will thank us for telling you about them.

MEAT CHOPPERS. With cutting plates for fresh or salt meats, fish, fowl, fruit vegetables, nuts, etc. They are very cheap.
