A DISCOVERY OF MUCH VALUE

MEANS MUCH TO THE COFFEE TRADE

Wild Coffee Found—Interesting Information About the Matter is Given Out.

Jackville, Sept. 20.—Dr. Gresham, a prominent analytical chemist, of Florida, who has headquarters in Jacksonville, has discovered that the wild coffee bean can be put to practical use. This news should be received with interest, for the weed has hitherto been looked upon as a pest, and the disease growth, so often noted on untilled lands, has seemed a waste of energy on the part of nature and the work of clearing such lands made more irksome by its presence. The wild coffee bean seems to thrive in the soil of Duval county, and any person taking a little ride to the suburbs, or going out beyond the city where the unworked fields are seen, can notice areas and acres of these weeds, growing so close that one with dim eyes might see them through them. They reach a height of six or eight feet, and each plant is now fairly covered with the bean pods, each holding six little beans.

Tremendous Crowd Was Present for Robinsons Show and Everybody Enjoyed It.

Robinsons big circus on last Saturday drew a tremendous crowd to the city from all adjoining counties. Every business firm was packed and packed and the Lancaster & Chester Railway had to take a return trip as far as Rehoboth to bring the people who were waiting at the depot. It is estimated that over 10,000 people were present at the show. The circus was a grand success and everybody enjoyed it. The show was a grand success and everybody enjoyed it. What is generally regarded as the first official visit of a train to the area in Chester county has been made by Mr. John L. Miller, of Cornwall, R. F. D. 1, who is conducting for the Western coal mine and who cultivated his acre according to the directions furnished by Dr. S. A. Knapp's co-operative demonstration movement, for which Mr. R. L. Cunningham is the agent in this county. The committee, appointed to measure the corn, found that Mr. Miller made 22 1/2 pounds in the bush. The land was surveyed by Mr. James McLaren and re-surveyed and re-measured by the committee that weighed the corn.

Death of Mrs. C. F. Schulte.

Mrs. Margaret C. Schulte, wife of Mr. C. F. Schulte, died Saturday at about noon at her home on the York road five miles from the city, from the effects of a stroke of paralysis, the result of the kind that she had suffered since Jan. last. The funeral services were held at 10 o'clock Sunday by Rev. A. E. Holler, and the remains laid to rest in Capers Chapel graveyard.

Mrs. Schulte was about 45 years of age and leave, in addition to her husband, five sons, Messrs. W. D. A. W. J. C. S. B. and E. B. Schulte and one daughter, Miss Beulah Schulte. She deceased was a consistent member of the Methodist church, and was highly esteemed and loved by a large circle of friends and acquaintances.

Two Negroes to be Tried.

Mr. Henry Gibson this morning took two negroes Crockett and Mag Beard down to Magistrate J. R. F. Gibson, of Ribburg, to be tried for murder to answer to the violation of a labor contract and the woman to answer to a charge of petty larceny.

A scandalous piece of devilry was the bring on Col Leroy Springs, Capt. S. E. White and others, near Lancaster, S. C., as they were returning from a party to his store and the cotton seed business in which he is now engaged.

As Opl. Leroy Springs, Capt. S. E. White and a couple of ladies were returning Thursday night from a moonlight ride in the colonel's touring car, the ride was shot at a few miles above here on the Charlotte road. The bullet, supposedly from a rifle, came from the direction of a camp of what appeared to be Gypsy or other horse traders in the woods. Fortunately no one was hurt.

Sheriff Hunter went up to the county yesterday to investigate the party.

The presence of Capt. White in the party makes the outrage seem all the worse. Capt. White is old and feeble and such a thing is calculated to excite the nerves of the former's visiting friends here and in Concord for the first time in 14 years, and such a conclusion to his trip is not an encouragement to venture again against Charlotte News.

Spartanburg, Oct. 2.—Dook Foster, who is held in the county jail under suspicion of having murdered his wife Martha Foster, was buried last Tuesday in a woodland on the suburbs of the city, submitted to an interview today, but would answer few questions.

"God knows I am an innocent man," he repeated time and time again. He has not explained his movements on Tuesday night, nor has he produced any one other than himself who saw Mrs. Foster in a back with a negro and a white man Tuesday evening. Foster was last seen with his wife Tuesday afternoon in the woods where the body was found yesterday morning.

CITY MATTERS

MEET TONIGHT

License Bill to be Discussed. The Mayoralty Will Also Have Attention

City Council meets in regular monthly session this afternoon at 6 o'clock in the council chamber. Some matters of importance will likely occupy the attention of council this evening.

The license bill will be introduced and get first reading. The proposed schedule will be read and will attract a lot of attention. The committee, Messrs. T. H. White, W. W. Brier, and R. B. Moffat, have drawn up a tentative license and will make their report to council this evening.

The mayoralty matter will likewise occupy a share of the proceedings. The charter of the city calls for another election to fill the vacancy and what council will order an election immediately or wait some time is not known. The election will be to advertise three weeks and whether there would have to be a new registration is a matter which the city attorney will inform council this evening. Pending this, Mayor Harris is discharging the duties of the Mayor's office.

Laundry in New Hands

Mr. C. T. Bell, of Charleston, who was here a week ago to look over the plant of the Chester Steam Laundry, has decided to buy the plant and will be here in a few days to talk it over. He has had some twelve or fifteen years experience in the laundry business and promises to give Chester what she has long needed, a first class laundry. He proposes to remodel the plant from top to bottom and put everything in first class condition before beginning work, and he is getting a good party-line from surrounding towns in addition to all the local work. Mr. Bell is a married man and will move his family here sometime between this and the end of the year. While the laundry has had ups and downs, it is safe prediction that a man of Mr. Bell's capacity and means will make a success of it.

We understand that Mr. M. A. O'win, the former owner, will devote his time to his store and the cotton seed business in which he is now engaged.

Macon, Ga., Sept. 29.—A heated argument between Robert H. Brown, president of the Central Georgia bank, and Judge W. A. Fox, over the Cook-Pearry controversy today, led to blows, the judge using his walking cane with telling effect on the banker. The prompt interference of friends prevented an encounter that one time promised to be serious.

The banker insisted that honors should go entirely to Dr. Cook, while Judge Fox was equally convinced that Commander Pearry was the discoverer of the north pole.

When the judge questioned the banker used his opponent's argument that the banker used an outwitted word, it is said, which the judge resented.

New York, Oct. 2.—When a taxicab put on full speed after running over and killing Miss Elizabeth Bette, at Twenty third street and Ninth avenue, the chauffeur did not know that he was carrying his demise with him.

The sewing machine had reached Seventy second street, nearly three miles away, when it broke down and then, from the back springs stepped twenty third street and Ninth avenue, which witnessed the accident at Twenty third street and who caused the arrest of the chauffeur, John Bette, who while he was trying to repair the motor.
