NOT TO CONCENTRATE COTTON PURCHASING

Hoover Sets at Rest False Rumors Started by Those Who Wish to Profit.

Lexington, Oct. 15--So many rumors have come to Representative Lever to the effect that a movement is under way to concentrate the purchasing of all cotton for the allies into the hands of the food administration that he felt called upon to take the matter up by letter with Food Administrator Hoover. The following reply was received:

"My Dear Sir: I received your letter of October 6 with regard to the alleged purchasing of cotton for the allies by the food administration."

"I agree with you that the Food Control Act is a food and fuel law, and that it was never intended to bring cotton within its provisions. I assure you that it is not our intention to have cotton, and that there is no under consideration, by the food administration any plan leading towards the elimination of competitive buyers of cotton among the part of our allies."

"We are at present considering the promotion of certain cotton and regulations with regard to cotton seed and its products and this may have a bearing on the manner in which you speak in your letter."

"Trusting that this satisfactory answer your inquiry?" etc.

Mr. Lever expressed today the opinion that the rumors have their source in a desire to frighten the farmer into parting with his cotton at a figure below its real value, as fixed by the demand for it. He said: "There is no doubt that there is some obstacle in cotton. As there is there any doubt that the production next year can be very materially increased on the face of a shortage both in labor and fertilizers. The food control bill was never intended to apply to cotton, but simply to regulate pure and simple. It is true that at one stage in its passage in the senate cotton was included in the bill, but the members of the senate took it out. The food administration under the law, has authority to purchase cotton, and I am glad to see that no effort is to be made to concentrate the purchasing of cotton for the allies in the hands of the food administration. The farmers should not be frightened into turning loose their cotton until they are offered a price below the price of a lower figure."

MARRILL-FERGUSON.

A marriage of interest to friends throughout the county was that of Miss Mary Marrill and Mr. W. M. Ferguson, which occurred yesterday afternoon in Rock Hill.

The young couple, along with a number of friends, motored to York where they secured their licenses and then proceeded to Rock Hill where live oaks were planted by Rev. J. C. Epper, formerly pastor of Bethel M. E. church in this city. After the ceremony was over, the party motored on Southern No. 22 for a bridal trip.

Mr. Ferguson is a daughter of Mr. J. B. Harrill and is one of Chester's most popular young women. Mr. Ferguson is one of the best and most promising young men in the county.

SCOUTS WILL CANVASS FOR LIBERTY BONDS

The boy scouts of Troop I, Chester, at their regular meeting Monday afternoon laid plans to canvass the city for Liberty Bonds October 20-26.

When these boys approach our people in the interest of the Liberty Bonds they represent, President Woodrow Wilson who has urged them to do this work:

"Every one who signs the request for a bond of \$20.00, by more through a scout being made the larger demands of patriotism involved, also encourages the scout to do his duty. The money which will be given to each boy who secures subscriptions for bonds from as many as ten families."

"During the former campaign, the boy scouts of America sold Liberty Bonds to the amount of more than \$2,000,000 to 130,645 different people and 7,740 scout leaders. You give me money to the scout--I will sign your name as one who will support and defend the name of your bank. The scout will deliver the application at your bank and you will make your first payment of 1 cent at your bank not later than October 27."

"Help your scout--if you can, not get scarce--come across--buy a Liberty Bond."

C. C. HERBERT, Scoutmaster, Troop I.

Mr. W. H. Caldwell, who has been conducting a grocery store on lower Gadsden street, has decided to discontinue the grocery business and will devote his time to his farm in the Rowlesville neighborhood.

Mr. Wade H. Gladden, of Camp Jackson, spent the week-end in the city with relatives in the

BAN ON PUBLISHING ARRIVAL OF TROOPS

Guard Officers Who Have Called News From France May Be Court-martialed.

Washington, Oct. 15--Arrested by the publication in some parts of the country of private cablegrams announcing arrival of American troops in France, the war and navy departments today took steps to prevent a further repetition of the incident, which may result in the court-martial of officers who sent the message.

In one case, a former National Guard officer, a member of the State's troops, so far as it is known here newspaper in the vicinity observed the government's voluntary censorship request and did not print the cable.

In the other case, however, a former National Guard officer, the arrival of his regiment with a request that it be given full publicity. The government's office gave out the cablegram and many papers in the country followed the lead. This morning other newspapers published the dispatch and added the number and designation of the regiment; all in violation of the voluntary censorship.

The war department has most of the troops abroad now are under the federal control and no longer are under State control. By reason of this fact, the government can exercise control over the news of their movements.

RURAL POLICEMAN KILLS CORNER RICHLAND COUNTY

Were Retaining to City Wagon Driver, Only Occurred--Lynch Mob.

Columbia, Oct. 15--Jack A. Scott, corner of Richland County, was not a rural policeman. The shooting occurred about midnight at Archer's Tavern, a negro settlement about four miles below the city. The two men were friends and the city Sunday afternoon for a trip down the country. They were returning to the city and became involved in a difficulty, which resulted in the shooting of the driver of the wagon. The driver was killed and his limbs were crossed, one foot resting over the other. By the side of the dead man lay a 32 caliber Smith & Wesson revolver. One chamber had no cartridge in it, and the others had not been fired. Helms used a 38 Smith & Wesson military police revolver, and six cartridges had been discharged. Helms notified Sheriff McClain immediately and the officer was accompanied by deputy sheriff, Alex Helm, hurried to the scene of the killing. Magistrate Griffith made a return to a coroner, and the coroner's jury returned the body to the city. Details concerning the shooting were meagre. Helms is a member of the Sons of the Republic. Helms is a well known. He has a good record as an officer of Richland County. Jack A. Scott has been a rural policeman for several years. He is well known. He has a large circle of friends. He is a member of several fraternal orders. He leaves a widow and five children.

Magistrate Griffith will hold an inquest today.

Rural Policeman Helms was charged with jail at an early hour this morning.

Prosperity in the South.

As far as can be estimated, the total value of the South's agricultural output this year will be largely over \$4,000,000,000 or a gain of more than \$1,400,000,000 over last year.

The magnitude of this amazing agricultural wealth can best be understood when it is borne in mind that the total value of the agricultural products of the United States for 1917 was \$3,000,000,000. That the South this year will produce in its agricultural interests about \$1,400,000,000 more than the entire country produced seven years ago.

The value of the South's cotton crop for 1918, which can be used as a basis of comparison, is \$1,871,831,000, as reported by the United States Department of Agriculture. The total value of agricultural products for 1917, as reported by the New Orleans Cotton Exchange, was \$1,413,000,000. It is difficult to make an estimate which will be conservatively safe as to the value of this year's crop. In view of the uncertainty as to the yield and the wide fluctuations which have recently taken place, without the same loss of marketing the great possibilities in the value of

W. R. NAIL'S 5-10 25c and About \$1.00 Limit Store.

The inability to stick and the lack of attention to detail, coupled with the love of slumber, leisure and pleasure is still bringing about a great many bankruptcies in the mercantile world. The very moment, almost, these splendid, but careless fellows give evidences of decay, their mercantile bloodhounds armed to the teeth with the cool, sweet and eloquent Cash, are on their track, following them up in their winding ways. Before very long one can see the Red Flag of the sheriff and hear the melancholy song of the Auctioneer. From quarters like these we are constantly receiving Big Bargains for our many customers. You are arduously invited to visit our store and take a look at our new arrivals.

LADIES!

You are invited to call at our store any time during the week beginning October 15th, and receive FREE LESSONS on attachments of your Sewing Machine, REGARDLESS of what make of machine you are using. We have made arrangements for an expert lady operator to be in charge of our sewing-machine department during this week, who will teach you to do work you never believed possible to be done on a sewing machine. Remember there is no purchase required and no expense to you in any way. Free souvenirs, done on the FREE sewing machine, and free lessons.

EVERYTHING IS FREE

Clark Furniture Company

As far as we think, entirely safe to estimate the value of the crop of cotton and grain at \$1,700,000,000, with the chance of the value largely exceeding this, if cotton should command the prices mentioned as a minimum by the growers the total would exceed \$2,000,000,000.

The total grain crop of the South is nearly 1,600,000,000 bushels, which will probably exceed in value \$2,350,000,000.

The plants crop, sweet and white potatoes, will figure up between \$180,000,000 and \$200,000,000.

The hay and tobacco crop can safely be estimated at between \$450,000,000 and \$500,000,000, but even this would be a small increase over last year's value of hay and tobacco.

The total value of the live-stock products of the South two years ago was more than \$1,000,000,000 and with the high prices prevailing this amount may be exceeded by 20 to 25 per cent--Manufacturers' Receipts will figure up between \$1,000,000,000 and \$200,000,000.
