GERARD COMES ON IMPORTANT MISSION

NEW YORK, Oct. 16.—When Mr. Gerard, the American Ambassador in Berlin, arrived in New York today, he was asked if he had a message from President Wilson. He replied that he had not sent a message to the President; that he was there to deliver a message from the President to the President of Germany. The President wished to learn from his accredited envoy in New York whether the government of Germany would keep its word in the conduct of submarine warfare, and whether Germany was preparing to resume the resumption of submarine attacks upon all enemy shipping.

Mr. Gerard had a conversation with Count von Berstoff, the German Ambassador at the Ritz-Garlon, and they did not talk about any diplomatic matters. They were friends of long standing, it was said.

Mr. Gerard also called on the President of the New York Times, who asked him if he wished to state anything on the occasion of his visit to New York. Mr. Gerard smiled and said: "Yes, I made that statement, not only to a representative of this newspaper, but also to a representative of the New York Times, who is with me today." He added that he had made the statement to the President today, and that he had also made it to the President of the New York Times, who had asked him if he wished to make any other statement on the occasion of his visit to New York. Mr. Gerard said: "I wish to state that I have no intention of leaving my country at this time if I am not convinced that the relations between my country and Germany are as friendly as possible and give every promise of continuing, so indefinitely."
