FRIDAY, OCTOBER 15.

It is the duty, the patriotic duty, of every person not to waste dollars in the purchase of this country. That some people have not yet realized the first essence of patriotism is a plain and obvious matter. It is only necessary to take a casual observer. There are many people in this world who use a great deal of money, but who do not care for the shortage in various food stuffs, but they want the other fellow to do the "trimming," while they go on their way rejoicing. The government has painted a "Fresh Paint" sign with reference to the supply of food stuffs, but some people apparently cannot believe in the sign and must rub their eyes through the paint.

There is a good deal of opinion that there are a good deal of "haters" in the conduct of this war, and we will not argue the question with you, but we assure you that "haters" does not buy high priced paper. This being the case we respectfully call your attention to the fact that you are to date your subscription. You can then easily figure just how much your indifference is to us, and how much we are spending to let us have this money. We find that we can use it where "haters" won't work.

It is hard to believe that a Captain would subject a private to such treatment as he has recently suffered from Spartanburg, however, the information apparently comes from an authentic source. A letter inserted proves the Captain caused the private to suffer this unnecessary treatment. We hope that my officials will be justly treated. Because a man happens to be a Captain in the army does not signify that in order to fill the duties of that office he must resort to inhuman treatment, instead of being kind to those under him to greater things. A lesson should be made of this "preemptive" officer, which would show any officer who might have a beastly disposition that their duty in this war is to train and lead AMERICANS, and not cut throats.

Well, it's hard to believe that a few days ago the merchant of Chester did not have any meal for sale and that, according to our information, in the second time he had occurred within the past few weeks.

Just think of it, right there among the corn fields and still we are dependent on the Western farmer for our supply of meal. If we were to get our own food here, as we do out there, we could get it right across the river. To keep up in meal notwithstanding the fact that Jerry Moore, a mere child, has demonstrated that South Carolina soil will raise more bushels of corn per acre than an acre of Missouri land.

It makes us think about the few law who borrow a brand new car. The first time in twenty years and said, "All dressed up and still no where to go."
 Yes, the various committees are collecting subscriptions to the Liberty Bond and, if you have the money, it is your business to buy. Not merely a fifty dollar bond but it is your duty to buy. You don't want to see a man who has a Liberty Bond you do not give. Every one red cent that is applied to the government is an aid to the interest. The government gives you a receipt, which is the best collateral in this country. When a government bond loses its value that silver dollar you have in your pocket won't buy a package of "salt" anything, you can always borrow money on a government bond. Now you see that Sam is a liar. He says that you don't loan him fifty money, he will simply show his authority and take

it, and he won't give you a receipt for it. Of course, if you haven't got any money, or possibly owe some money, it would be better to give Uncle Sam, not pushing you. He wants you to pay your honest debts but when that is done you are expected to loan the old man a little money.

RED CROSS WAR FUND.
 In speaking of the Red Cross War Fund Mr. B. B. Caldwell, who has charge of the matter as far as Chester County is concerned, offered suggestions as to how to contribute. We had over 1700 subscribers, and the total amount subscribed was \$4781.31. The amount collected to date is \$1815.81. This means that there is still \$2965.50 to be collected. We will request all who have not yet paid in full to do so at once.

Payments may be sent to me by mail, or if more convenient, handed to me at my office. I can give you these days and am not of my office some times by my sister, Miss State. I will always be glad to receive your dear dollar banking hours, and will be glad to receive any, and all payments, but I will not receive any of the subscribers seem to think I will come or send after their contributions. But I am doing this work without pay, and I am not expecting my people to pay up in the same spirit of patriotism in which they have given their subscriptions.

The Red Cross is doing a glorious work among our boys and the soldiers of our allies and every dollar received in making this general subscription, I hope the patriotic men add women who helped gather these subscriptions will be glad to see their assistance in making these collections. The captain of each team has been appointed in making these collections, and showing the amount paid, and the balance up to the date the last was received. It will be interesting if they will punch up the delinquents for me and, in case they are not ready to do so, we will receive it and send it to me. I will list the names of the subscribers, Chester County did better than any other county in the general subscription, and I want to be one of the first, if not the very first, to get my money into Washington.

GREAT LEADER COMING.
 Karl Lehmann, of Chattanooga, Tenn., Southern States Secretary of the United Society of Christian Endeavor and Editor of the Diete Endeavor, will be in Chester on November 2nd, to speak in the Presbyterian church at 8 P. M.

Mr. Lehmann is the leader of 100,000 Christian young people in the churches of the South. Under his leadership 1200 new Christian Endeavor Societies and 40,000 new members have been added to the ranks in the last 18 months. During the past 12 years Secretary Lehmann has traveled more than 100,000 miles, which is the equivalent of 12 times around the world. He has spoken in 2200 foreign cities in every State in the Union and in Canada and the West Indies. Mr. Lehmann has delivered more than 1,000,000 addresses and spoken to more than 1,000,000 people.

He is a western man coming to the International Christian Endeavor convention and now on the South after five years work as Field Secretary of Christian Endeavor in Colorado and New Mexico.

The Missouri, Cal. Herald, reporting Mr. Lehmann's address said: "He was as witty as an Irishman, as tender as a woman, and as spirited as a St. John. He won the hearts of young and old."
 The Toronto (Canada) Globe said of one of his addresses in that city: "He is a rapid fire speaker and his audience gets no time to meditate while he has the floor."
 He ought to have a large audience where he visits us in this city.

NO RIGHT TO LIE.
 In spite of many attempts to make it the point at issue between the Government and people of the United States and all those from United States citizens down who find pleasure or profit in war in a plain and simple matter. There is no opposition to the war in this country that is not avowed in deliberate falsehood. Every stay of our wrongs, our resentments, our wrongs and our humiliations, leading up to our final resolution to enter the conflict with autonomy as the necessary basis of self-protection, has been misrepresented. It is a matter of this kind from Berlin, but in all our own mendacity nothing from that source has approached the calculated lies of our own citizens and anti-American party. This enemy has only asserted that we are a Nation of military worshippers and have had no right to be captives. Our own pacifist and pro-German citizens have boldly preached this and other, with obvious success in the camps, at the enlistment stations, at the place where the aged and old and wherever patriotic sentiment manifests itself. Knowing that they lie, these de-

ceptive when taken to task, for resistance to the law if they are only exercising the right of free speech. There is no right of speech justified by the violation of a Nation in arms, escaping standards intended to weaken its power, or giving preference to speaking impudently contrary to the interests of the Nation as a whole. In time of war, men who defame their country do their best to destroy their country.

This doctrine ought to apply to United States Senators as well as to laymen. It is the duty of the few who go on conviction the other way was sentenced to imprisonment for twenty years. New York World.

THE LIBERTY LOAN AND THE FARMER.
 We are in receipt of the following from Mr. B. F. Mangum, Secretary of Agriculture, Washington, D. C., with the request that we publish same.

It is every citizen's duty to purchase a Liberty Bond if he is in a position to do so. Every patriot will regard it as a privilege to participate in the Liberty Loan. He will thereby contribute directly and effectively to our successful prosecution of the war which Germany has forced upon us. The Nation's task is a serious one. At last, it is definitely back to such a point that we are. It is not too late for us to make our own defense. For grave changes in our institutions and to a radical reorganization of our life from what we had planned to live from 'war' which our forefathers died to defend and to live. We must definitely face the interference of the Prussian autocracy or bear permanently the intolerable burdens of military rule. We must have both men and money. I do not say every farmer wants to do all that is expected of him. We must try to rally, not only labor, but also the necessary foodstuffs but still more necessary to contribute to his means to make it possible for the men at the front to achieve victory. I am confident that the farmers of the country will not permit any other class to take the leadership in supporting the Government in this crisis, but it is our duty to be thorough.

We are at war with Germany, because German made war upon us, and our ships, killed our citizens, and violated against us the profoundest friendship. We were patient till the offense became so flagrant and intolerable that we could no longer be a question whether we would defend ourselves or not. We are no longer a freeman. We are now a nation.

We are defending our rights as a free nation. We are required to fight, and we have no choice in international affairs. What Germany's victory would mean to the world is plain. There would be no peace except, most peace as the price of humiliation to bitter to the hearts of the people of this world. There would be no dignity to a people, no solemnity to a covenant. With the dominance of Prussian militarism, the English would lose their freedom and their rights, and their Declaration of Independence, will have been in vain. It is to prevent this, to defend our rights, and to make possible an orderly and just peace in the world that we fight. The Nation calls for citizens for higher and nobler service. On some it calls for service in the field on others for service at home. It calls for financial support. I am confident that the farmers of the Nation will gladly respond to the call for subscriptions to the Liberty Loan.

SUSPECT FIREBUGS IN STOCKYARDS FIRE.
 More Than Half of Kansas City "Plant" Destroyed, with 14,000 Animals.

Kansas City, Mo., Oct. 12.—Reports that the fire which early today destroyed more than half of the Kansas City stockyards and resulted in the destruction of approximately 11,000 cattle and 3,000 hogs, was of incendiary origin, although discredited by officials of the corporation owning the yards. The loss is approximately \$250,000. "Fire" insurance was carried.

J. F. Marvin, Fire Warden, and John K. Bollen, Chief of the Fire Department, both believe the fire was set, but declare that the area is so devastated that no indications of an incendiary origin could be obtained. The fire was started by a private detective who was investigating the rumors of incendiarism. The work of clearing away the debris for the reconstruction of the destroyed yards and buildings has begun. Repeating and selling will be resumed in the morning in all class of live stock, except stockers and feeders in the cattle class. The cargo on this steamer will be necessary until next Monday.

The Kansas City stockyards were the second largest in the country. The fire raged for two hours. There were 37,000 cattle in the yards at the close of business yesterday. It was possible to liberate most of them. Some of the cattle liberated by the fire were...

UPRISING IN INDIA FLOTTED IN BERLIN
 German Councils Paid Conspirators in Opening, Government Condemned in Opening, Chicago Trial.

Chicago, Trial of Gustav H. Jacobson, Albert Wehle, George Paul Boehm and Heramba. The Government officials in India have begun a revolt. The trial is now being held before Federal Judge K. M. Laddin. Baron Court of Reichstag, who is now in Berlin, has been indicted with the others, but is in Germany. Jacobson is a wealthy Chicago real estate dealer.

Joseph R. Fleming, Assistant United States District Attorney in his opening declaration described the four defendants as arch plotters against the British Government for the German cause. He said the Government would prove that Jacobson had given \$100,000 in the former's home in Chicago and that various other sums had been paid to others. He stated that the alleged plotters were in the hands of the German Government. The entire plot, he said, was conceived in Berlin, and the instructions from Berlin were given to Mr. Fleming in the form of a cablegram. The entire plot, he said, was conceived in Berlin, and the instructions from Berlin were given to Mr. Fleming in the form of a cablegram.

The prosecution declared that Baron von Reitzing in May, 1915, paid \$20,000 to Albert H. Wehle to help in the Indian revolt and that \$25,000 was paid by the German Consul in Chicago to another man, in furtherance of the conspiracy. The evidence, according to Mr. Fleming, received \$1,500 from von Reitzing and immediately left for India.

John Singh, a Hindu, the first witness for the Government, said he was in South America at the time he was in India and saw the alleged plot. He went to Italy and later to Berlin where he attended meetings of the conspirators. He stated that the Indian revolution protesters were in the hands of the German Government in this crisis, and he stated that he was in the hands of the German Government in this crisis, and he stated that he was in the hands of the German Government in this crisis.

George B. Collins, General Manager of the stockyards, declared he believed the fire resulted from natural causes, and that the wind had blown sparks from the first fire starting the other two blazes. TWO MEN CRUSHED IN TROLLEY WRECK
 Sparta, Oct. 17.—Two men were killed and nine injured in a wreck tonight on the Piedmont and Northern line between here and Camp Wadsworth. One of the dead is Corp. Arthur C. Wright, Third New York Field Artillery, and the other W. J. Williams, driver, troop from the French and Belgian battle front for use in India.
 The prosecution declared that Baron von Reitzing in May, 1915, paid \$20,000 to Albert H. Wehle to help in the Indian revolt and that \$25,000 was paid by the German Consul in Chicago to another man, in furtherance of the conspiracy. The evidence, according to Mr. Fleming, received \$1,500 from von Reitzing and immediately left for India.
 John Singh, a Hindu, the first witness for the Government, said he was in South America at the time he was in India and saw the alleged plot. He went to Italy and later to Berlin where he attended meetings of the conspirators. He stated that the Indian revolution protesters were in the hands of the German Government in this crisis, and he stated that he was in the hands of the German Government in this crisis, and he stated that he was in the hands of the German Government in this crisis.

NEW FALL GOODS
 Our store is now full of new FALL GOODS. We have never shown a better selection in our history, and it is a well known fact that we have ways led in this market when it comes to style.
 You have heard a great deal about high prices, and there has been some advance on certain lines, but you will be surprised when you visit our store and shop around through the various departments to find how little our prices are advanced over last year. For instance, we can sell you just as good Suit, Dress or Coat as you have ever bought for the same money you have always paid. You can get an advance in our DRESS GOODS DEPARTMENT. We can sell you just as good Wool Serge for 50 cents, 75 cents and \$1.00 as ever. Our shoes were bought nearly a year ago. You will be delighted at the price, both in children's and grown-up shoes.
 All week is an inspection of our FALL STOCK. Come in, look around, get our prices. You do not have to buy unless suited. You are always welcome.

With Mrs. H. B. Malone as hostess, the Wednesday Luncheon Society

Club opened a meeting on Friday afternoon, Mrs. C. D. Brown, the president, presided. The subject for the afternoon was "Contagious Diseases," Mrs. W. F. Andrews read an interesting paper on "Prevention." A paper prepared by Mrs. R. H. McFadden on "Treatment of Diseases," was discussed by the club members, and a paper by Mrs. Claude Edwards on "The Advantages of More Frequent Inspection of Schools." The hostess demonstrated different kinds of disinfectants. Mrs. Marion Leckie assisted the hostess in serving a delightful salad course.

A lovely party of Wednesday morning was when Mrs. John Henry Hill entertained a large number of friends at bridge. The spacious living room and dining room were very attractive in quantities of cut flowers, here tables were arranged for the games. At noon when cards were laid aside, and the card tables spread with dainty covers, a delicious salad course and coffee was served, the hostess being assisted by her sister, Miss Rita Witherspoon, of York. Messrs. Margaret White, Ellen Hamrick, Betty Hemphill and Richard Thompson of town guests present were: Miss Curry, of Utah, and Mrs. Dabney Carr, of Florida. Mrs. Hemphill entertained again in the afternoon. Forty-two friends were enjoyed by a number of friends.

Very and daughter, Miss Dorothy, of Wilmington, N. C., and Mr. Harry King, of Portsmouth, Va., are the guests of Mrs. S. D. Scarborough, on Lucy Street. Having come to Chester to attend the marriage of Miss Hazel Thomas and Mr. S. P. Jones tomorrow at noon.

The movement of South Carolina troops from Camp Jackson, Columbia to Camp Sevier, Greenville, commenced Tuesday and will continue through the day. Practically all of the boys sent from Chester will be among those who are being transferred to Greenville. The object of the change is to retrain the National Guard to war strength. Several of the Chester men do not approve of the change, stating that they believe same will mean that they will go to the front much sooner than if they were allowed to stay in the National Army.

Mrs. William James, of Pineville, N. C. is the guest of Mrs. Bessie Walsh.

Times Past amusing this morning, about the time it started raining, to notice the city sprinkler being sprinkling the streets. The man did not stop, that one might ask his idea but it is presumed that he was just trying to outrain himself. Poor fellow, he has a hard job to weather in order to get the streets sprinkled.

Among the recent social events was a Forty-two party given yesterday afternoon by Mrs. E. P. Callahan at her lovely home on Foote street. After a number of interesting Forty-two games were enjoyed, a delicious sweet course, was served. The hostess being assisted by Messrs. James H. Heyman and W. A. Corliss. Mrs. W. A. Corliss, in a charming manner, presented gifts to the honor guests, Miss Hazel Thomas, a bride-elect and Mrs. Bruce Saunders, of Darlington, in behalf of the hostess.

MUCH INTEREST IN COUNTY FAIR

(By The Chamber of Commerce)

With the interest growing daily there is every indication that the 1917 Chester County Fair will be a record breaker in exhibits and attendance.

The interest in this year's fair is not confined to Chester County but is spreading throughout the surrounding counties, and thousands of visitors will be present on the four Tenth days from September 24th to October 3rd. Tent indications point to an attendance of over 50,000, including the school children who will be the guests of the fair on the last day.

Work on the new exhibit building is being pushed and it is hoped to have the building ready by the first of the month so that applications will be given for the preparation necessary for the arrangement of the exhibits of the different departments that will be housed in this building. New cattle barns will also be erected for the protection of the cattle to be shown and this exhibit will surpass by far any cattle exhibit in this section of the State.

Attention has also been made regarding the entering of agricultural products.

A feature of this year will be the Mercantile and Manufacturers exhibit, a large number of applications for space having already been made by the local merchants. While a completed canvass of the merchants of the city has not yet been made it is highly probable that the larger and better than last year.

This exhibit, a feature of the year's fair, was commenced upon by almost every store in the fair, and a number of prominent business men and state officials of this and other counties, advised the secretary that the exhibit was the best of the kind they had ever seen. A large silver loving cup will be awarded the merchant who exhibits the best exhibit this year.

The Board of the county schools are looking into the possibility of a day when they will be the guests of the fair and a conference held on Tuesday, October 23rd, at the home of Dr. K. K. Knox, Secretary Lloyd and Superintendent Carroll of York County schools. Superintendent Carroll is expected to give a holiday school in the county that will be to attend the fair. Tickets will be distributed to give a holiday school in the county that will be to attend the fair. Tickets will be distributed to give a holiday school in the county that will be to attend the fair.

While Dr. D. W. Daniel, of Chesnut Grove will make the address on Tuesday, November 9th—the opening day of the fair, and speaker will be secured and a most interesting program provided.

A Patriotic Call.

At a meeting of the presidents of the various Women's Clubs of the county, held at the Chamber of Commerce, plans were discussed in regard to the Food Conservation Campaign to be held in the county.

There will be a meeting at the Chamber of Commerce Tuesday afternoon at 3 o'clock to give a holiday school in the county that will be to attend the fair. Tickets will be distributed to give a holiday school in the county that will be to attend the fair.

Death of Mrs. Elizabeth E. Crosby.

(Special to The News)

Legis. Sec. Oct. 17, 1917.—Our community is greatly shocked by the death of Mrs. Elizabeth E. Crosby, which occurred at her home in Chester, S. C., on October 16, 1917. She was 62 years of age. She was a native of Chester and had lived here for many years. She was a devoted wife and mother and was well known in the community. She was a member of the Methodist church and was very active in church affairs. She was a kind and generous person and was loved by all who knew her. Her death is a great loss to her family and to the community.

She was a good neighbor, dispensing charity with a free hand when called upon. She was a fond and loving wife and mother. She loved her home and its surroundings, and it pleased her to have her children and grandchildren and friends around her. She was a woman of deep piety and a regular attendant when called upon. She permitted, as a devoted member of the First Baptist church, always taking an interest in church affairs and her movements for the good of the community.

She is survived by her husband, Mr. W. M. Crosby, and her children, Dr. C. A. Crosby, Mr. C. E. Crosby, Mrs. Thomas DeBarre, Mrs. Will McDaniel, twenty-five grandchildren and many other relatives in Chester, Fairfield and Union Counties.

The funeral services were conducted by her pastor, Rev. R. T. Wills in a very able and impressive manner, and just as the sun was sinking behind the western horizon, her body was lowered into the grave in the presence of many sympathizing and sorrowing relatives.

\$160,000,000 A DAY WAR COST, ACCORDING TO N. Y. BANK

Mechanics and Metals Also Shows Immense Superiority of Allies in Resources.

WAR is now costing the nation of the world \$160,000,000 an hour and \$160,000,000 a day, according to estimates prepared in a booklet to be issued by the Mechanics and Metals National Bank of New York. The United States is doing a present expense running to fully a fourth of the total amount, or \$40,000,000. This is a rate of expenditure greater than that of any other nation involved. Great Britain coming next and Germany third. A little less than a year ago it was calculated by the bank making these estimates that the world's total daily war cost was \$100,000,000; at the beginning of the war in August, 1914, the cost was placed at \$50,000,000.

The total war cost to the world, the booklet declares, will be \$125,000,000,000 by next August, if present efforts in the production of munitions are successful. Already the aggregate expenditures of the various nations have exceeded \$100,000,000,000, which all but a fraction has been invested in Liberty Loan Bonds and Government securities. Interest on public debt is now reckoned to be more than one per cent of the normal income of the German people, as compared with less than one-half of 1 per cent in the case of the people of the United States.

Altogether, 53,000,000 men are today actively engaged in the war. To what extent the Entente Allies have gained superiority over Germany is shown by the bank in striking fashion. With no more than 2,000,000 American soldiers engaged, the total military strength of the Allies is 33,000,000 against a total of Germany, Austria Hungary, Bulgaria and Turkey of 20,000,000. The population of fourteen Entente Allies from which the ranks of their armies may be replenished, is also more than 100,000,000 against a population of less than 130,000,000 in the Central European nations. The developed national wealth of the Allies is placed at \$600,000,000,000 by the bank, while that of the Teutonic Powers is given as \$130,000,000,000.

LETTERS OF ADMINISTRATION STATE OF SOUTH CAROLINA COUNTY OF CHESTER.

By A. W. WISE, Judge, Probate Judge.
 Whereas, Mrs. Cora H. Williams made suit to me to grant her husband's Administration of the Estate of said Joseph J. Williams, deceased.
 There are, therefore, no debts and demands of any kind against said deceased and creditors of the said Joseph J. Williams, deceased, that they ought to have, why the said Administration should not be granted. (Probate, to be held at Chester, S. C., Monday, October 22nd, 1912, next) after publication hereof, at 11 o'clock in the forenoon, to show cause, if any they have, why the said Administration should not be granted. Given under my hand, this 28th day of September A. D. 1912.

AN ENCOURAGEMENT TO SAVE.

In encouraging the people of America, G. says, it is believed that the Liberty Loan Bonds are going to perform an important function in our national life. The small denomination of some of the bonds renders it possible for the ordinary wage earner to purchase one. With these bonds in the hands of the banks of the country have been taken to provide for the purchase of these bonds in small weekly or monthly payments.

By devoting each week or each month to the purchase of Liberty Loan Bonds, the ordinary wage earner may save as much as \$100.00 a year. This is a very small sum, but it is a sum that can be saved in a very safe way. It is a sum that can be saved in a way that will not only save it, but will also increase it. It is a sum that can be saved in a way that will not only save it, but will also increase it.

GERMAN SOCIALIST PLEADS FOR PEACE

Ending of War Vital to the Workingmen of All Nations, Declares Party Leader.
 "Amsterdam, Oct. 16.--In his speech at the Wurzburg convention here, the President of the German Socialist party, declared that the conclusion of peace by the workingmen in all countries, and that the policy of the allied states would stop at the first sight of the horrors of the war.

"If a ballot were taken today," he said, "nine-tenths of the people would approve peace by agreement." Herr Scherger, referring to the "fact" incident, said unfortunately it could not be discussed in public. "The fact," he continued, "is that I wish to reach all who were connected with some incidents they would have to take action against my German comrades. Every day soldiers come to us with complaints and we have opened a special main thing is to investigate them. But our grievances but to combat them."

Hardly as Bad as It Seems.
 That a hospital building suitable for the tropics had been put up at considerable expense for the use of the soldiers engaged at Spartanburg, S. C., by our military medicine is not yet widely known. It is, in fact, a rather good building, and, presumably, the lack of discretionary power in the possession of some subordinate in the army or to their lack of ability on that subordinate's part to use the treasury power to his. Too much,

however, can be made and for that

reason, it is made of inevitable mistakes like these, for inevitable they are in a country like this. But they are neither fatal nor irreparable, and they are far from justifying pessimistic prophecies of "dreary things to come as the war goes on." Large bodies move slowly, particularly when they are democracies engaged in the performance of an unaccustomed task. And though a hospital building designed for the housing of sick soldiers in Panama, certainly should not have been erected high up in the South Carolina mountains, where there is real winter, even though we do think of South Carolina as part of the sunny South, the result will be discomfort for the doctors and nurses rather than danger for the patients. Tents were long since resorted to as a makeshift for the most of the winter months, and the result from keeping their patients in them, except for warm bed coverings, is not to be feared. The winter months are the best time to build a hospital, and the result from keeping their patients in them, except for warm bed coverings, is not to be feared. The country is at war, and it is now judged by circumstances that it would be practically, if not the best thing to do, to have control to do many emergency things in a very real way. That they would all be well done at first is to be expected, but the blame for the occasional ill-doing of the winter months cannot all be put on this or that department of the government. It is a final judgment probably, most of it should be laid on the shoulders of the government, from saying on the shoulders of Congressmen.--New York Times.

SELECTMEN REACH GREENVILLE CAMP

Men From Columbia and Atlanta Arrive at Camp.
 Greenville, Oct. 17.--Tired and dusty from their long ride and lagging heavy sacks containing their belongings which they will need at camp, but apparently glad to arrive to "see the place," nearly 6,000 soldiers from Camp Gordon at Atlanta, and Camp Jackson, at Colum-

STOMACH TROUBLE

Mr. Marion Holcomb of Nancy, Ky., says: "For quite a long while I suffered with stomach trouble. I would have pains and a heavy feeling after my meals, a most disagreeable taste in my mouth. If I ate anything with butter, oil or grease, I would split it up. I began to have regular sick headaches. I had used pills and rubics, but after a course of these, I would be constipated. It just seemed to fill my stomach all up. I found they were no good at all for my trouble."

his arrival and departed at Camp Sevier yesterday afternoon in less than four hours. From Camp Gordon came 3,704 Tennesseans, coming by the line of the Seaboard from the Georgia City, while approximately 1,000 men from the two Carolinas came from Columbia, S. C. The total number of 4,704 which Camp Jackson will be sent being scheduled to arrive in less than 1,000 for the next few days. Of the soldiers to come from Columbia, 3,704 will be from North Carolina and 5,892 from this State.

The men were unarmed and there were no military departures from the regulation uniform. In many cases, the hat cord of a soldier's branch of the service had been made to do duty about a felt hat of distinctly marked before a number of signals on which the names of various military units were painted, being directed to drop out at the station for men trained in their work.
