They are interesting statistics, yet there is nothing remarkable in the facts disclosed.

The concern that advertises recognizes that advertising is the greatest and cheapest selling force we have today.

And moreover, the advertising is in itself evidence of business life. It is enthusiasm for quality and service bubbling out into print.

Each of the 24 congregations in the presbytery was represented by an elder at the fall meeting. Financial reports rendered by the various churches showed that each congregation was in good shape.

This is the Way to Make Every Buy a Bargain.

Buy advertised goods. Only good goods, fairly priced, can stand the spotlight of publicity. A merchant or manufacturer would not dare to advertise merchandise that is poor in quality, poor in make or that will not give reasonable wear. The penalty of such safeties is too heavy. No good man—and no business concern—can thrive under the weight of public condemnation.

When you buy advertised goods you get a bargain because they must be as advertised. So it pays you to read advertisements. Advertising protects you.

Read the advertisements in this paper and get the best of the bargain.
