EXTRA!! EXTRA!! SCHLOSBERG STAGES WONDERFUL SALE Full Particulars on Inside Pages

LOCAL AND PERSONAL

Cotton 22.25
Miss Lucile Cassels spent the weekend in Charlotte with Mrs. B. Cassels.

Young Men, call and see the new Kuppenheimer sport suits they are showing at the S. M. Jones Co.

Apparently the shopmen who went out on strike at Hickory, N. C., at the same time the strike was called on other railroads throughout the country, have lost their fight. It will be recalled that the Hickory shopmen, who work for the Carolina & North-Western Railway, were not affected by the ruling of the labor board's decision but acted in accordance with the wishes of other striking shopmen. New men were secured by the Carolina & North-Western management and The News understands that none of the old men have as yet been taken back on the job. Some of them have left Hickory, while others have secured local employment. It is stated that the railway company has a full force of men.

Remember—Next Monday night at the Chester Opera House, Chester people will have an opportunity to see "The Bat," one of the greatest plays of the day. A part of the cast coming to Chester is the original New York cast. The show is strikingly refined and is drawing large crowds in all the cities in which it plays. The admission is as follows: Gallery \$1.00; Dress Circle \$1.50; Orchestra \$2.00, plus war tax.

Mr. R. L. Thompson was a Rock Hill visitor Sunday.

See The New trapes they are showing at The S. M. Jones Co.

Mr. John Walker, who recently went to Hickory to work in the Carolina & North-Western Railway shops has decided to move his family to Hickory.

Let Us Show Your Family. We can save you money. Wylie & Co.

About the happiest person. The News reporter has ran across in many months is Joe Jackson, colored, who has been farming on Mr. R. H. Hafner's plantation in the past year. Joe was in the S. M. Jones Company yesterday afternoon selling cotton and when he settled and was to leave school building fund, which now amounts to about \$4,000, which has been secured from various sources in the church. The Presbyterian Synod of South Carolina at the synod meeting in Chester recently, Mr. Melton is a young man who was in the employ of Mr. Simmons, who took the matter of a contribution to the Community Building up with Mr. Melton personally last week, with the result that a handsome check came forward.

Scene from Wagenhals and Kemper Production of "THE BAT" By Mary Roberts Rinehart and Avery Hopwood At The Chester Opera House, Monday, October 16th.

Mr. William H. Gladden has returned to Asheville after spending two weeks in Chester with his parents, Mr. and Mrs. J. Henry Gladden. He was accompanied by Mr. R. B. Townes, of Plum Branch.

Many Chester people are of the opinion that Judge Penitney gave and in all probability the office will now go to Mr. Z. V. Davidson when Magistrate H. H. Shannon's resignation becomes effective November first. Several names had been suggested for the place and yesterday the battle between Mr. Davidson and Mr. S. Churchill Carter was apparently approaching. However, The News understands that Mr. Carter withdrew from the field leaving the matter to Mr. Davidson. His appointment has already been taken up with Governor Harvey and word from that source is now being looked for.

See The New velour hats for men they are showing at The S. M. Jones Co.

The United States Civil Service Commission has announced its decision to be held at Chester on November 11, 1922, to fill the position of rural carrier at Fort Lawn. The minimum salary for carriers is \$1,800 per year. The examination is open only to citizens who are actually domiciled in the territory, who possess the necessary qualifications. Those who may be interested can secure particulars by calling on Mr. Robt. H. Clowney, at the Chester postoffice.

Many Chester friends and acquaintances learned with sorrow of the death of Colonel J. Rice Smith, father of Mrs. E. P. Calhoun, of Chester, which occurred suddenly in Augusta, Ga., this morning at five o'clock. Col. Smith became ill at 5 o'clock passed into the Great Beyond. He will be pleasantly remembered in Chester as having made an address here at the Confederate Soldiers' Reunion. He was seventy-six years of age. Mr. and Mrs. E. P. Calhoun, Rice Estate and Sarah Gaston, grandchildren of Mr. Smith, left this morning for Augusta to attend the funeral.

Stronger Than the Law. Sunday morning at six o'clock. Do not accept a substitute. They can only be had at Wylie's.

The Russian Symphony Orchestra, of New York City, will be heard at the Chester Opera House tonight under the auspices of the Women's Council of the Chester Chamber of Commerce. The orchestra, consisting of fifty-five men, furnished the music at the Made-In-Carolinas week in Charlotte, last week.

A marriage which came as a surprise to many friends was that of Miss Olive Crowder and Mr. Hugh D. Cochran, which was solemnized at the Presbyterian Church, Sunday morning at six o'clock. Dr. Flournoy Shepperson officiating. Mrs. Cochran is former manager of Dreamland Theatre and is one of the past year's most popular young women in Rome, Ga., has been in Chester for the past year as manager of The Texas Company's local business and has made many friends since coming here. Mr. and Mrs. Cochran will be at home with Mrs. Kitchland, on Smith street.

We Are Having the best dress displays in our history. Why? Wylie & Co.

MANY TO GANG.

Judge Penitney Sends Bootleggers to the Road—Some of Them Got Off With Fines—Much Interest Displayed.

The court house was crowded practically all of last week with many who were anxious to hear the sentences that Judge Penitney was to give the various bootleggers, some of which plead guilty and others who were convicted.

The sentences were held over until Friday afternoon and it was then that those in the dock knew just how much time was coming their way.

Those who were caught before August first were allowed to pay a fine in accordance with the agreement made by the Solicitor, but those who were caught after that date were given no alternative and were sent to the roads.

Those sentenced were as follows, all of them being charged with bootlegging:

John Wallace—6 months, or fine of \$100.00.

Boss Drummer—6 months, or fine of \$100.00.

Carl Wicks—One year, six months, suspended during good behavior.

John McDonald—One year, three months to be suspended during good behavior.

J. H. Featherstone, one year, nine months, suspended.

Rev. W. J. Haneycutt exchanged pulpits Sunday morning, Mr. Brown preaching in Great Falls, and Mr. Haneycutt in Cedar Shoals, where he has been assisting Mr. Brown in a series of meetings.

Miss Carrie Wren McIlwain, of Lancaster is spending a few days with her sister, Mrs. E. A. Ferris.

Mr. and Mrs. Otis Jackson left Sunday morning for their former home at Winder, Ga. Mr. Jackson has been one of the clerical force at the Seaboard Air Line Company's station, but received orders a few days ago to report at his old post at Winder Monday, October 9th. Mr. and Mrs. Jackson have made many friends in Great Falls who regret to see them leave.

We are glad to report that Mrs. James Gudelock, who has been a patient in Chester Sanatorium, has recovered sufficiently to return to her home.

MRS. ANNIE POWELL BITTEN BY TARANTULA

Anderson, Oct. 7.—Mrs. Annie Powell had a narrow escape from death Thursday when she was bitten by a tarantula. As soon as Mrs. Powell felt the sting she realized what had happened and caught her finger with her hand and held it tightly until a cord could be tied around it. The tarantula bit her. She took it off, and the terrible spider escaped. This kept the poison from going over her body. Mrs. Powell had pulled a banana from a bunch when the tarantula bit her. She took it off, and the terrible spider escaped. This happened in the Anderson mill cafe.

The brass-banded mahogany table deck belonging to Sir Walter Scott recently sold for \$150. At this desk, "The Lady of the Lake," "The Lay of the last Minstrel," and "Marmion" were written. "Walter Scott of Abbotsford" is inscribed on the brass border of the desk.

The manufacture of ammonia is carried forward on such an extensive scale in Egypt that many articles are unwilling to risk buying them and market for the genuine article has become practically ruined.

Great Falls News Items

Great Falls, S. C., Oct. 9.—Little Elizabeth Blackwell, eighteen months old daughter of Mr. and Mrs. J. Ross Ligon, died of pneumonia Saturday morning. The funeral and burial services were conducted by Rev. J. E. Brown at Rosville Sunday afternoon. We extend to the bereaved family our deepest sympathy.

Mr. and Mrs. E. A. Ferris spent Thursday and Friday in Columbia. They were accompanied to Columbia by Mrs. R. E. McIlwain and Mrs. J. B. Johnson, who remained in Columbia for a visit of several weeks.

The young ladies of the Teachers' dormitory gave an old-fashioned party Friday evening, complimentary to Mr. and Mrs. Otis Jackson who are returning to their former home, Winder, Ga. The guests were organized to deposit their dignity before entering the reception hall, and a number of games of "old" and "new" were delightfully enjoyed. Readings by Misses Bull and Shealy, and piano and violin selections by Misses Sutherland and Shealy, were delightful features of the evening's entertainment. A salad course was served, during which by Miss Collier and Mr. Watson. The invited guests were Mr. and Mrs. Otis Jackson, Misses Sarah Corry, Jennie McLaughlin, Logna Logan, Hester McGrath, Carrie Wren McIlwain, and Messrs. Taylor, J. T. Lewis, M. Greedy, Stoll, Harrison, Watson, Scott, Talbert, Seaman and Wineberg of Manning.

The Christian Endeavor Society of the local Presbyterian church went to Richburg, in response to an invitation from the Christian Endeavor society of that church, and rendered a program at 7:30 Sunday evening. The Great Falls society well represented, and an interesting program was given.

The Chester High School football team will go to York Friday afternoon where they will meet the York High school on the gridiron. It is hoped that Chester will be well represented and gain and their hearty support to the local boys, who showed up exceptionally well in the game with Porter Military Academy, of Charleston, when they met on the local grounds last Friday and in which the score was 25 to 0 in favor of Chester.

Mr. W. F. Marion, cotton statistician for Chester county, reports that up to September 25th, this year, Chester county had ginned 5,620 bales of cotton as compared with 5,800 for the same period last year.

Dr. W. R. Wallace, of Chester, has been appointed a member of the State Board of Health to succeed the late Dr. Walker, of York.

Coats, Suits and dresses arriving on every train. We are headquarters for ladies ready-to-wear. Wylie & Co.

The Hi-Y is again in session. At the last meeting the new officers were elected as follows: Rice Estate, President, Coleman Hill, Vice-President, Chas. Davidson, Secretary, George Dawson, Treasurer. This organization is making a study of the Old Testament characters under the competent management of Mr. Rufus Morgan. It asks for the prayers of the Christian people.

Reports from all over the cotton belt indicate that the Cotton Cooperative market association is functioning fine and all believe that those who are members and who have placed their cotton with the association are going to receive a remunerative price for it. The manufacturers and New York sales appear to be realizing that the deal is really a factor to be desired with all in all in all probability they will have to go to the association for their cotton as soon as the distress cotton is off of the market.

The Young Women's Club of Chester will hold its regular monthly meeting on Thursday evening, October 12th, at eight o'clock, at the Amory. Please remember that this is the time for the election of officers.

Creo-pine Shingles Show a Smaller Upkeep Cost than any other form of Roofing

Wooden shingles when properly treated are the ideal roofing material.

By the high power hydraulic process of creosoting Creo-pine shingles the undiluted creosote oil thoroughly penetrates the pores of the wood. Moisture, rains, frost, or sun cannot cause decay or rot.

Nails driven into untreated shingles rust and wear loose causing leaks in the roof. Nails driven in Creo-pine shingles do not rust and hold firmly for many years.

Roofs of Creo-pine shingles have been in service for fifteen years with no upkeep whatever, and at the end of that time were in good condition.

Creo-pine shingles are very little, if any, higher than heart pine shingles, cheaper than red cedar shingles and composition roofing and last much longer. They are cleaner to handle than dipped shingles and make a neat, attractive slate roof appearance.

Call on us and let us tell you all about the Creo-pine Shingles.

H. L. SCHLOSBERG
Twenty-eight years in South Carolina—28 years of value giving to the public—28 years of fair and square dealing—Mr. Schlosberg invites the public to attend Chester's greatest merchandising sensation.

Schlosberg Staging Great Merchandising Sensation

H. L. SCHLOSBERG is launching one of the best and biggest sales of up-to-date, reasonable merchandise for men, women and children ever known here. Mr. Schlosberg, proprietor of this well-known store, and who enjoys the patronage of people from Chester and all surrounding territory, wishes to state to the public that this is truly a wonderful saving event, and he cordially invites the public to come and inspect the wonderful values to be offered during this Carnival of Bargains.

Mr. Schlosberg has been very fortunate in securing such big concessions on high grade merchandise, and that's why this sale is possible. The public will receive the benefit of our lucky purchases from the big wholesalers and manufacturers. And Mr. Schlosberg wishes to state again that the same policy that has always been carried by this store will prevail throughout the sale. Any unsatisfactory purchase will be adjusted to satisfy the customer. Fair and square dealing is the motto of this store, regardless of sale or no sale. We do not conduct sales to the public unless we have put the merchandise to back it, and at this time we know that we are in a position to put over a sale of this kind. You will buy clean, up-to-date merchandise, in all the latest styles, fashions and fads, and at prices that are the lowest ever offered here.

We expect very large crowds from Chester, and we certainly expect our out-of-town customers and friends to come and visit our greatest showing of bargains since our establishment in this city.

The arrangement and decorations and displays of the beautiful lines of wearing apparel is under the direction of an expert decorator, and will be worth coming miles to see. This event will be long remembered after the final curtains are drawn. Please give this sale your closest consideration, and note the many values advertised in the advertisement. There is no obligation for visiting the sale, so be sure to come and see for yourself. I thank you. H. L. SCHLOSBERG.

Glad Chester Pastor Has Accepted.

It was our privilege to preach for our First Church people in Charleston last Sabbath and to be present at the rally and promotion day exercises in the Sabbath school. It has twelve elders and quite a number of deacons. The people are delighted that Dr. Phillips has accepted their call and will take up the work about the first of November. Rev. E. F. Griffith will moderate the call next Sabbath. There will also be an ordination and installation of deacons on that day. The officers of this church have a beautiful custom of assembling in the pastor's study a few minutes before the beginning of office service and invoking the divine blessing upon the minister and the services about to be held. We commend this custom to other churches. Our pastor will preach better—Associate Reformed Presbyterian.

INVITE GREEK ARMY TO EVACUATE THRACE

London, Oct. 7.—An official communique was issued late tonight after a full cabinet meeting, resumed at 9:30 o'clock to continue the long dispatch from Lord Curzon at Paris.

M. Poincaré and Lord Curzon reached an agreement this afternoon that the Greek army should be invited to evacuate eastern Thrace on the understanding that the allies should occupy the evacuated territory for a period of 90 days from the date of the completion of the evacuation of the Greek forces, in order to guarantee the safety of the non-Turkish population.

This agreement now must be presented to the Turkish representative at Madania on the understanding that effect thereto will only be given if the Turkish representative accepts the remaining conditions laid down the allied note of September 23, particularly respecting the neutral zones on both sides of the Bosphorus and the Dardanelles.

TUCKER HELD IN ABDUCTION CASE

Charged With Complicity With Jenkins in Whipping Club, He Held From Florida and is Traveling Auditor for Charles Broadway House.

Wilmington, Oct. 7.—F. A. Tucker, credit man and traveling auditor for Charles Broadway House, of New York city, whose home is at Palatka, Fla., is in jail here in default of a \$5,000 bond, charged with complicity with S. L. Jenkins, of this city, in the recent Taylorville assault and kidnaping case. Mr. Charles E. Webb and Jenkins were taken from an automobile and "the girl given violent treatment." Evidence implicating Tucker in the conspiracy was secured a day or two ago by the state attorney, for the Ku Klux Klan national organization, which is actively prosecuting a thorough investigation of the affair because the perpetrators adopted the regalia of the Klan to further their scheme.

The warrant upon which Tucker was arrested was issued from Alexander county. The date for the hearing has not been set, this awaiting the execution of five other warrants against persons in Ashe and Alleghany counties also alleged to be implicated in the kidnaping and assault. Tucker denies that he had any part in the assault at Taylorville, but he admits that he was in the vicinity of Taylorville on the night of the hold up.

It is reported that an inventor after 18 years of experimenting has succeeded in producing unbreakable glass. Some of the tests are throwing plates from a height of 12 feet to the ground, standing a temperature of 750 degrees and driving a nail into the glass with a cup. This means the saving of thousands of dollars each year in hotel equipment.

TO THOSE INTERESTED IN RADIO

The approaching six months will probably bring with them favorable weather for the reception of the extensive Radio programs that are being constantly broadcasted all over this great country of ours, and they are free to all those who are equipped for their reception.

You can make your own receiving set if you have just a reasonable amount of mechanical ingenuity and a little more patience or you can buy your set ready made and installed in your parlor or sitting room. In either case it will pay you in dollars and cents to consult somebody who has had actual experience along this line and can pay you much attention to the propaganda that is being constantly dished out to the public.

If you are going to buy outright you should make of acquaintance with that you can rely on or buy standard parts from a carefully prepared list in an ordinary standard apparatus that where already assembled or not will not only save you money but will reduce your possibilities of failure to a minimum.

About a year ago I like thousands of others became intensely interested in the subject and have used every available means to post myself as thoroughly as possible and since then have had considerable experience from both a theoretical and practical standpoint and the information that I have gained is for the benefit of any who may be interested. I am the authorized dealer in this locality for several of the most popular lines of Radio apparatus on the market in this country and can make your own Radio set. I will be glad to give any reasonable demonstration either in your home or at some accessible point in your neighborhood where this is required and it does not interfere with my regular duties.

I will appreciate a liberal share of your patronage.

Yours for service, J. M. BEAL.

CANCELLATION ALLIED DEBTS IS PROPOSED

Washington, Oct. 7.—Cancellation of allied debts to the United States was proposed unanimously today by three senators, McKinley, republican, Illinois; Spencer, republican, Missouri; and Harris, democrat, Georgia, in discussing their impressions of an extensive tour of Europe where they were American Peace union.

All three agreed on their arrival here that there was much suffering and distress in Europe, but that the American government should make no more loans there. They united in predicting that Germany would "kick her head out of her present difficulties."

As the league of nations, the two republican senators differed somewhat from their democratic colleagues. Senators McKinley and Spencer declared that the United States should not be in the loan business. Senator Harris said affairs both in Europe and Asia would be better today if America had become a member at the start.

ORANGEBURG NEGRO DIES FROM WOUNDS

Coroner's Jury Accuses Officers Who Shot Negro

Orangeburg, Oct. 8.—John Glover, negro bricklayer, died of wounds inflicted last Sunday by George W. Dukes and J. W. Spears, local officers, when he played ball with them in the New Brookland suburb of Orangeburg. Glover had been drunk all day Sunday, terrorizing his community by shooting his pistol, refusing to let some negroes go to church, took six men outside, tried to enter the home of a woman who was his neighbor, the trigger of his pistol while he pointed it at a negro, but it had been fired out. As the scene was beyond the city limits Magistrate Blackson, Constable Dukes and Special Officer Spears went to the home of Glover, who called to him to come along, and they were and Glover came out with his double barrel gun and level of it at the officers. About that time Officer Dukes fired a load of buckshot into Glover and Officer Spears fired a pistol ball through the fleshy part of the stomach.

The wounds were not in themselves sufficient to cause death, but some fifteen minutes were carried along the body by a bullet, which developed an infection, and caused death. The negro lived several days. The coroner's jury found that the negro came to his death from wounds inflicted by Officers Dukes and Spears in the discharge of their duty.

COURT RESTRAINS MARLBORO FARMER

Must Sell Cotton Through Co-operative Body. Injunction Granted Yesterday by Judge T. J. Mauldin at Columbia.

Columbia, S. C.—An injunction restraining John R. Pope of Marlboro county from disposing of any negro live stock except through the South Carolina Cotton Co-operative association was served upon Mr. Pope at this home, some eight miles from Charleston, yesterday, it was announced last night by officials of the South Carolina Cotton Growers' Co-operative association.

The injunction was granted by Judge T. J. Mauldin in Columbia yesterday on a complaint filed by Douglas McKay, state counsel of the co-operative association, alleging that Mr. Pope had disposed of some cotton bolls which were alleged to have been contracted to sell through the association. The complaint alleged that Mr. Pope had sold his cotton at Chester, Mayor Josiah J. Evans of Bennettsville is associated with Mr. McKay in the case.

Officials of the association stated last night that Mr. Pope was the only member out of the over 11,000 members of the association that it has been made to bring legal proceedings against. Not another allegation of violation of the contract has been made to bring legal proceedings against. Under the provisions of the special act passed at the 1921 session of the general assembly any member of the association violating the contract is liable to a penalty of five cents a pound on all cotton sold outside of the association.

"The great majority of the farmers who signed the contract did so because of its binding features," said Mr. J. K. Kamm, president, general manager of the association, last night. "There is practically a unanimous sentiment among our members that the association will enforce the contract and that every provision of the special act passed at the general assembly will be taken advantage of in its enforcement. This we propose to do."

Officials of the association were brought against several members for violation of the contract. One of the members has voluntarily paid the five cent penalty and all others of them have been restrained from selling any cotton except through the association. Arkansas has reported the violation of the contract and Georgia also.

PSYCHOLOGY.

Many people, I find, are narrowly identifying psychology with psychoanalysis. This is, perhaps not surprising, in view of the extent to which public attention is being focused on psychoanalysis. But it is important to recognize that psychology is actually only one of the sciences which are being defined as the treatment of disease by mental means. Such treatment, it is not easy to see, is far and away the oldest form of medicine.

It was practiced by primitive man long before treatment by drugs or surgery was dreamed of. To our earliest ancestors sickness was an affliction imposed by angry or malevolent spiritual beings. To please them, or to invoke the aid of well-disposed spirits, various ceremonial rites were performed, and magic was made by the tribal "medicine man."

This was psychology in its first crudest phase. When "worked," as psychologists nowadays know well, "worked" through the impression it produced in the minds of those for whose benefit it was intended. Their belief in its efficacy liberally in their energy adequate to overcome the illness by which they had been afflicted. As regards the "faith cure" modes of psychology in vogue to-

and the good medicine it was, I had been having it three feeling when I got up in the morning. I would be tired and especially when I would have had taste in my mouth, but I didn't think so much of it till I began to feel stupid and didn't feel like eating—then I knew I needed medicine. It was then I began Black-Draught, and I felt all made over, ready for any kind of work, ready to eat and sleep. So, for any return of this trouble, I take Black-Draught and I feel all right. My work is constant, I am on my feet all I am out of doors, and fresh air and Black-Draught are all the medicine I need. I recommend it to others for I know it is good."
