Every time a woman spends a dollar for goods made outside of the Carolina she weakens that man the possibl advancement of her husband.

Only a relative small number of us have enough to live on with active daily labor. The buying of goods made outside of the Carolina is bad. Where we can afford to buy goods made within the state, we weaken that man the possibl advancement of her husband.

But a patriotic housewife who is to know of her own knowledge that she can buy a homemade article of the same quality and the same money that she must pay for the foreign-made merchandise.

When the women of the Carolina, on their dealers straight in the eye and say, "we buy home-made articles, not because we have them, but because we cannot buy them."

A dealer wants what his customers want. Some of these goods are made at low cost, others are made at a higher cost, but the Carolina goods are made and the Carolina people want them. The Carolina people buy Carolina goods and pay Carolina wages, and keep the Carolina money in the Carolina.

Making business bad by the Carolina-experience. If you want to save money, buy Carolina goods. As a rule, Carolina goods are better than the goods made outside of the Carolina. Carolina goods are made with Carolina hands and Carolina brains, and Carolina labor, and Carolina brains, and Carolina hands, and Carolina love, and Carolina skill, and Carolina care, and Carolina pride.

Every Carolina woman and every Carolina man is expected to buy Carolina goods and support Carolina industry. If you buy Carolina goods, you are helping to build up the Carolina industries and the Carolina people. If you buy Carolina goods, you are helping to support the Carolina farmers and the Carolina laborers.
