TUESDAY, NOVEMBER 6.

The forces in Pennsylvania, which supported Senator Hiram W. Johnson in 1920 again are preparing to back him against both Governor Finney and President Coolidge for the Republican presidential nomination next year, according to a statement by Ralph B. Strassburger.

Strassburger, who was one of Senator Johnson's chief supporters two years ago, is a prominent member of the Pennsylvania organization in Pennsylvania. Strassburger's statement says it is "believed" that Senator Johnson will announce his candidacy for the presidency "within next week" in response to calls being made on him by many Republican leaders in Eastern States and elsewhere," declaring "forward looking Americans are ready to endorse Johnson."

BIG GAME FRIDAY.

Chester High and Rock Hill Meet on local Gridirons, in Chester, at the Fair Grounds, next Friday afternoon—Game Will Decide Championship.

The real big game of the season in high school football will be that of next Friday afternoon when Chester High school and Rock Hill High school will meet on the gridiron at the Chester Fair Grounds at three-thirty o'clock.

This game is the big game in the Catawba Association and will decide the championship of the association. While it is true that both Chester and Rock Hill have other teams yet to play in the Catawba Association it is generally conceded that none of the other teams stand a chance of winning over either Rock Hill or Chester.

Rock Hill has Fort Hill to combat with and it must be admitted that Fort Hill this year has an excellent team and it may be that Rock Hill will meet its fate at their hands, but this is not generally assumed. Chester has already eliminated Fort Hill and if the local boys can down Rock Hill Friday it will again place them at the head of the list insofar as the Catawba Association is concerned.

Last year Chester went to Rock Hill where the game was seen by a large crowd, hundreds of them being Chester, folks who accompanied the boys. It will be recalled that Rock Hill defeated Chester by a lone touchdown in a hard fought game. Later Rock Hill was eliminated and Gaffney was proclaimed champion of upper South Carolina.

The team winning the game next Friday will have to play some other team, probably Thornwell Orphanage, for appropriate champion and the champion of upper South Carolina, then meets the champion of lower South Carolina and battle for State honors. Rock Hill has been making very little fuss so far this year as to her team, but those who say they know the team, state that Rock Hill has a good one again this year and if Chester wins the local boys are going to have a hard fought game.

This is the real game of the season and a large crowd of fans are expected to attend, among them will be a large force from Rock Hill.

The games starts promptly next Friday afternoon at the Chester Fair Grounds, at three-thirty o'clock. Admission will be seventy-five cents for adults and twenty-five cents for school children.

Manchester, England, Nov. 5.—Prime Minister Baldwin in his speech here tonight declared that drastic measures were required to solve England's problem of widespread unemployment. He had never been a doctrinaire economist and he regarded the economic system as one of expediency rather than principle but he added:

"The period of observation is past. I find myself here with my mind made up that if we are to attack the problem of unemployment we must of course take radical and drastic measures."

The Earl of Derby, British secretary for war, presiding here, came out strongly against taxing bread or meat, and declared he would welcome any possible dumping of raw cotton in England at the cheapest rate possible.

FOOTBALL AND CLASS WORK IN COLLEGES

Presbyterian College Boasts of Fact That Every Player is Bona Fide Student.

Clinton, Nov. 5.—In the personnel of the football team of the Presbyterian College of South Carolina one finds a negative answer to the oft-asked question "Is football taking pre-eminence over class work in the colleges of our state?"

The Blue Stocking football team does not contain a man who has graduated from the school or any who have been away from the institution and returned after a year or more of absence. Neither are any of the players married. All of them are genuine, bona-fide college students, pursuing their class work as a definite object and playing football because they like it.

College officials think it doubtful if any other football eleven in the state can boast of a similar record. In pointing out this they do not attempt to charge that "ringers" or professionals are being used at other colleges, but they do contend that the personnel of the local eleven is proof positive that every football player here is a bona-fide college student.

The average age of the students probably is less than of any other college eleven in the state. The youngest regular on the team and probably the youngest player on any varsity in the state is Ralph Campbell, a guard who hails from the Lone Star State. Campbell is a nephew of the pastor of the First Presbyterian church of Clinton and because of his relationship decided to enter the college here. His youth and his ability on the football field indicate that

he will be one of the most valuable men in the state before the completion of his collegiate course. Campbell is slightly more than 16 years of age but in many contests has more than held his own with opponents possessing more weight and experienced than he.

Ford
Four-Door Sedan

\$685 down fully equipped.

Inside and out, the new Ford Four-door Sedan shows improvements of far more than usual importance. It is lower and sturdier in appearance. New cowl, hood, radiator and apron add size and finish to the front. Sun visor, and wide, well-finished aluminum doors with handles perfect the design of the body.

The lasting lustre of the exterior finish is equalled in richness by the soft brown shades of the silk window curtains and the deep broadcloth upholstery.

Dame light, door locks, window regulators and handles, all finished in nickel, complete a refinement you would expect only at a far higher price.

Convenience, utility and economy have established Ford supremacy. The Four-Door Sedan adds to these factors greater Ford prestige.

While attempting to cross the street near Leake & Company's store last Saturday afternoon, Mr. George B. Minter, who lives about four miles from Chester on Route No. 3, was struck and knocked down by a motor car. Mr. Minter received a severe wound on the head, which led profusely. He was taken to the Bryan Hospital where he was treated and dressed and it was found that he was not seriously injured. Those near the scene of the accident state that the automobile which struck Mr. Minter, proceeded down Gadsden street without stopping, and none of the parties who witnessed the accident knew who was driving the car. However, several parties secured the number of the car and the highway commission has been contacted with and it was found that the number given was issued to a Rock Hill citizen. Officers are working on the case and hope to find the party who struck Mr. Minter shortly.
