If You Plant All Cotton!

NEWS

CHESTER, SC, FRIDAY NOVEMBER 16, 1917

SUPREME COURT

THERE WILL BE NO ROLL CALL ON THE BILL WHICH WILL BE TAKEN UP AT 2:30 P.M.

EXCLUSIVE IN THOUGHT

The Chester News will continue its exclusive in thought with its editorial writers.

THE CHESTER NEWS

Ancestral History

After the appointment of the Grand Master of the Masonic Grand Lodge of South Carolina, it was decided to hold a meeting in the Masonic Temple. The meeting was attended by a large number of Masons. The proceedings were opened with the laying on of the lodge, when the officers were installed. After the business of the evening was concluded, the lodge was closed.

U. Will B. Broke

Dec. 16, 1917

To the Editor:

The purpose of this letter is to bring to the attention of the public the plight of the unemployed and the needy. It is a shameful fact that in this land of plenty there are still millions who are suffering and in need of assistance. We, as Masons, have a duty to help those who are in distress. We must work together to alleviate the sufferings of the poor.

Sincerely yours,

U. Will B. Broke

 editor.

The Ancestral History of the Weevil

Miss Boll Weevil, daughter of Helen Destruction and U. Will B. Broke, has been the talk of the town. She has been described as a beautiful young woman with a kind heart and a sweet disposition. She has always been a credit to her family.

The Weevil Family

The Weevil family is a long line of hard-working and industrious people. They have always been known for their strength and determination.

Miss Boll Weevil

Miss Boll Weevil was born in the heart of the cotton fields. She was the daughter of a farmer who worked day and night to provide for his family. Miss Boll Weevil was a bright and enterprising young woman. She was always eager to learn and always ready to help.

The History of the Weevil Family

The Weevil family has a long and illustrious history. They have been involved in the cotton industry for generations. They have been known for their hard work and dedication.

The Cotton Industry

The cotton industry has been a mainstay of the South for generations. It has provided employment for many families and has been a source of income for the region.

Miss Boll Weevil's Connection to the Cotton Industry

Miss Boll Weevil has always been connected to the cotton industry. She has been involved in the family business from a young age. She has always been a hard worker and has always been determined to succeed.

The Future of the Weevil Family

The future of the Weevil family is bright. They have always been a family of hard workers and they have always been a family of dreamers. They have always been determined to succeed and they have always been determined to make their mark in the cotton industry.

FARMERS OF CHESTER COUNTY

The Boll Weevil has cut short your cotton crop this year. What do you expect for the coming year? Many farmers will diversify their crops for the coming year, and to do this you will need:

1. Turning Plows and implements for other crops.
2. Good seed for other crops.
3. Good fertilizer for other crops.

Remember the place:
Chester Dry Goods Co.'s Stand

Being Sold by The E. E. Cloud Company
The Gasoline That Delivers the Goods

Delivered service with its intangible steps and results, puts motor fuel to a severe test, especially in cold weather. Unless the gasoline is quick firing, valuable time is wasted away every time the motor has to be started. The alternative of allowing it to idle every time a call is made means wasting a necessary five cents, or more.

But there are other qualities that are desirable in gasoline besides the "plop" that proper volatility assures. There must be strongly pulling power for heavy loads, combined with low gasoline per gallon. The motor must have up to complete speed; that there is practically no half-hearted residue to foul the moving parts of the motor and choke the breathing off. Those properties of a well-balanced motor fuel are all possessed by "Standard" Motor Gasoline. It is an improved performance article which leads other gasolines in every important quality that makes for efficient and economical operation.

Work with your engine, not against it. Give it "Standard" Motor Gasoline for power and Petroleum Oil for lubrication.

STANDARD OIL COMPANY
(New Jersey)
