ADELIA WHITE MAN LYNCHED.

Washington, Dec. 13.—Effective food relief in Russia must be administered by congressional action. Secretary Hoover declared to the House foreign affairs committee to-day in asking an appropriation of $20,000,000 for the purchase of food supplies for starving Russia.

The question could not be solved by public charity, he added, explaining that voluntary contributions to Russian relief work amounted to $500,000. In urging purchase of twice the amount of grain recommended last week by President Harding in his message to Congress and as called for in the foreign bill to appropriate $100,000,000 for the purchase of 10,000,000 bushels of corn and 1,000,000 bushels of seed grain, Mr. Hoover said that the situation required it.

The supplies contemplated in the foreign bill, he declared, were inadequate. In addition to the grain, he said, 100,000 cases of condensed milk should be sent for Russia.

James P. Goodrich, former governor of Indiana, and Vennon Kellogg, of Washington, both of whom recently returned from Russia, where they studied the famine situation, joined the commerce secretary in urging that a $20,000,000 appropriation be rushed through Congress.

A HOT CHARGE

From W. I. Waters, Chester, we received the lead of the prison official that some of the jailers, in an effort to get his hand in a fringe on the death of one of the prisoners, the dead man's money, were tricked into placing it in the custody of the jailers, the jailers then taking it
in their own pockets. The trial is due to begin in the early part of next week, the jailers being charged with embezzlement.

SCHOOL HILLINGDONS

Every word of this abysmal cruelty is told, and only a few brave women were prepared to face therible truths that are found in this document. The whole story is told, and the whole story of the women's movement in South Carolina is told here.

SOUTH CAROLINA Women's Movement

We put behind it the whole strength of the whole womanhood of South Carolina, to the end that the Legislature shall provide adequate money for the continuance and development of the great work which Winthrop College is doing for the womanhood of the State. South Carolina—her homes and her schools.

WANT AD COLUMN

The Banker and the Grocer's Boy buy the same Gasoline

IF the banker could get better gasoline at any price, he would.

If the grocer's boy could buy more economically, he certainly would.

If either could find a motor fuel that would give witness starts in cold weather, better power on steep grades or on hilly roads, and easily controlled power in congested traffic, he would buy it.

Balanced gasoline excels in every test. Its sodium, potassium, and other elements start in cold weather, better power on steep grades or on hilly roads, and easily controlled power in congested traffic.

Standard Motor Gasoline is a balanced motor fuel that gives real assurance of efficient and economical operation.

That's why the banker and the grocer's boy both buy it. It is best for the motorist and best for the motor.

THE CHESTER NEWS

STANDARD OIL COMPANY
(NEW JERSEY)
Thieves made a blustery haul Tuesday night when they entered the J.T. Collins Department Store. The robbers broke into the Shannon blacksmith shop where they acquired some tools and with a brace and bit bored a hole in the rear door, after which they lifted a bar and broke a tackle.

It is impossible for Mr. Collins to state exactly how much was stolen but is certain that the thieves got at least six or seven suits of clothes (sweaters, sev'ral suits)

Where Is It?

Where is the gift you gave last Christmas? Has it been worn out, or is it run down at the heel, or has it been thrown away?

Why not try something different this year? Give jewelry, cut glass, a watch, or something of that nature which will be kept and prized for years to come.

Our goods are not only appreciated at Christmas time but for years, and years—they stay with you.

Come in and look over our large and varied stock.
