MEETING WILL

DRAW UP BILL

FOR SPECIAL LEVY FOR GOOD ROADS

Delegation and Committee Meet Saturday to Draw Up Bill for Legislature

Elsewhere in this issue appears a call from Senator P. L. Hardin for a joint meeting of the good roads committee and the legislative delegation in the Court House on Saturday, Dec. 11th, at 11 a. m. for the purpose of drawing up the bill to be presented at the coming session of the legislature to provide a fund for good roads in this county. It is important that each member of the committee and the delegation be present at the meeting.

It will be remembered that as the result of good roads agitation last summer a mass meeting of the citizens of the county was held at which it was decided to have a special levy of two mills and a commutation tax of 45 for good roads purposes, with other details, the bill being introduced in the York County law. A special committee of one from each township, consisting of Messrs. J. B. Hunt, M. E. Jordan, E. W. Gibson, H. W. Miller, S. S. McKewen, J. F. Carter, J. S. Stone, and J. R. Alexander, were appointed to assist the delegation in drawing up the instructions of the mass meeting in the form of a bill to be presented at the session of the legislature in January. It is for this purpose that the meeting is called and it is hoped that every member will be on hand.

This will mean much for the county as there is very little doubt but that the legislature will pass the bill. Chester wants good roads and she is willing to pay for them and the returns to the way of increased facilities and land values make the people well content to pay a little more taxes in order to get good roads. The meeting Saturday will be of much interest to the people of the county and the committee and the delegation will give the proposed bill their most careful attention.

Lindcoln Mill Burns

Lindoln, Dec 4.—The entire plant of the Michal Gheen Manufacturing Company, manufacturers of sash, doors, bins, etc. here was destroyed by fire at an estimated hour this morning. The machinery, building and raw material are a total loss. Insurance for \$7,300 was credited but the loss will reach higher figures than this. Mr. Victor F. Mott, of this place, was the principal owner in the company. The fire had quite a good headway when discovered about 3 o'clock this morning. This fact, together with the fact that the plant was out of reach of the fire fighting apparatus rendered it impossible to check the flames or to save any valuable property. The main building was built of wood and was 60x120 feet in dimensions. Only the brick walls of the boiler and boiler room are standing today of what was yesterday a substantial manufacturing plant equipped with the best machinery which is today a scattered pile of twisted iron and steel.

Williams-Graham

Mr. and Mrs. Barney D. Williams, of 218 Lincoln street announce the engagement of their daughter, Mabel Rowles, to Mr. Sumter G. Graham. The wedding to take place at their home at 6 o'clock on the evening of Wednesday, December 8th. Miss Williams is a charming girl, to whom a large number of friends are desirously attached. Mr. Graham, formerly of Chester, is a well known young business man of this city.—Columbia Record.

Milwaukee, Wis., Dec 3.—Two little girls, Annie Eubank and Lucia Leute, in escaping from the fire school, took a daring forty mile ride to Jefferson Junction clinging to the rods underneath a passenger train. The Smith girl is not expected to live as a result of her experience.

Wadesboro, Dec. 3.—Some time last night the home of Mr. S. P. Waddell, near Ansonville, was entered by a burglar and a check for \$100 and about \$125 in money stolen. The check was drawn on the Bank of Wadesboro by Mr. Waddell in favor of Will Robinson, colored. Both the check and the money was in Mr. Waddell's pants pocket. The pants were taken into the yard by the burglar and after the pockets had been rifled were left there. Nothing was known of the robbery until Mr. Waddell in the morning missed his pants. So far as is now known the identity of the perpetrator of the robbery.—Special The Observer.

Porpoise Fought with Boys in Boat

Ches-leston.—Tom Balgor and Lee A. St. user, young lads, had an exciting experience this morning with a big porpoise, and the fishermen, consisting of a couple of shells for the gun which one of the boys carried, prevented the overstriding of the boat and perhaps the death or injury of the boys. It is but fair to the porpoise to say that the boys provoked the attack. Balgor and St. user had been hunting manatees in a small bay and were returning to the city. In the middle of the river, a six and a half foot porpoise showed himself some distance ahead of the boat. The fish has a very peaceful reputation, but as is the case with many a man, the fighting properties can be finally aroused and this is what happened when one of the boys took a shot at the porpoise.

Being by the shot, the fish raised one head just high enough to get his bearings and then he made for the boys in the boat. The fish gave several hard slaps at the boat with his fins and did all but actually get into the boat after the boys. The young men saw their predicament and they knew now what it was a fight to the finish. Fortunately, there was one shell left and it was necessary to put the shot in the right place. This was done just under the right fin in one of the slaps that the porpoise made and then the fish lay quiet.

The boys wanted to exhibit their prize, and lazing the fish, they made the rope fast around it and then pulled for Freguall's shipyard, where the big fish was run ashore. The fish was not yet dead when landed and another shell put the finishing touch on the porpoise. The fish proved a little and powerful monster and he might have had serious ending for the youthful sportsmen but for the steadiness of the shot during the attack.

FATAL SHOOTING

NEAR CORNWELL

ONE NEGRO SHOTS ANOTHER WHILE HUNTING

Cornwell, Shooting Ground for Negroes—Fourth in Last Three Months

Friday afternoon, Jim Woodward, colored, was shot and killed near Cornwell by John Carter, also colored. The coroner's jury held John Carter for criminal carelessness and he is lodged in the local jail awaiting trial. It seems that the two negroes were out rabbit hunting on the plantation of Supervisor T. W. Shannon. Woodward was in advance when a rabbit was jumped and started in his direction. Carter fired at the rabbit and hit Woodward killing him almost instantly. Carter came here and gave himself up to the sheriff. Cornwell seems to be the shooting ground for the negroes as this makes the Woodward homicide in that section among the negroes in the last three months.

Phone Talk Will Be Measured in Chicago.

Chicago.—Chicagoans soon will have their telephone talk measured. For two years the commission created by the Chicago Telephone Company has been hunting for an accurate and effective meter, and it is announced to the world last night that it had been successful. In addition the commission has ordered the company to install a meter.

In the report of the engineers the following comments on the meter are suggested:

"Such a meter would be suitable for use to replace the service of the present nickel or toll box type given by the Chicago Telephone Company. It is a question of policy whether these meters should be placed on business telephones.

Which is the Best Beef Breed?
There is no best breed. The best beef breed is the one you like best. If you prefer Shortborns you may like them without fear of any one having a better beef breed than you have. If you fancy the Hereford you can rest assured that you have a breed as good as the best. If you prefer a polled animal you can take the Aberdeen Angus and no one will have better. But whatever breed you start with stick to it. If you try one breed and it does not do well don't lay it to the breed. No breed of cattle will do well without good feed and care. Those who have engaged in stock raising in the South have not generally found it profitable but it has been no fault of the business of the breed, but because of lack of proper feed and care.—Baltimore (N. C.) Progressive Farmer.

James Hamilton Bagot, a member of the editorial staff of The States, died at a hospital in Columbia Sunday night at 6 o'clock.

Columbia, S. C.—Trager, of Cincinnati, a liquor manufacturer, has agreed to pay South Carolina \$9,000 in restitution of graft which he is alleged to have received from the old state dispensary. The negotiations resulting in the payment of this "conscience money" have been going on for some time, but have not been made public. Trager sold the state dispensary liquor made by his house at a price averaging nearly 83 a case more than was paid by purchasers in Augusta. Some time ago the Bernheim Distilling Company of Louisville, paid the state of South Carolina \$30,000 in restitution for graft.

Boys Cast Lots for Death.
New York, Nov. 29.—Death was the stake for which two little boys cast lots yesterday afternoon.
Harold Van Houten, 9 years old, of Avenue L, and East Ninety third street, Canarsie, was Joseph Rhoda,

19, 129 Poytan street, Brooklyn, lost an old police pistol, brought into a restaurant by a burglar, who was unconsciously vied each with the other to see which should make the most of killing the loser, for neither knew that what they esteemed to be an innocent plaything was loaded.
Rhoda went west with his aunt, Mrs. Florence Leifig, to visit the Van Houtens. The boys were playing in the blocks when they found an old police revolver in a sidewalk drawer. A burglar case the night before had caused Harold's father, who is a policeman attached to the Canarsie precinct, to inspect his weapon.

"Let's play targets and one of us shoot at the other," said Joseph. "We'll count out to see who is it."
"Beats, beats, beats, no—you're it!" counted Harold. He took the pistol, cocked it and aimed at Joseph, who stood in the doorway.
A moment later Van Houten stumbled over the dead body of her son's little gun. Harold was dumb with fear. Dr. Hookway, from Kings College hospital, found a bullet wound in the centre of the child's forehead, and said that death had come instantly. Weeping, Harold was taken in custody by the Child Welfare Society.—Baltimore Sun.

Country Correspondence

Special to The Lantern:
Greenville, Dec. 1.—The ladies of the county valued their five dollar from their hot supper at Mr. John R. Stone's last Thursday night. The farmers are almost done picking cotton and some are now busy sowing oats.

Snow Ties Up Traffic.
St. Paul, Minn., Dec. 6.—Cold and snow are now delaying freight traffic on the Northern Pacific and some parts of the Great Northern rail roads more than the strike of switchmen, according to statements issued by the general managers of those roads tonight. According to General Manager Blaine of the Northern Pacific, freight is more or less tied up all along it except on account of the snow and especially in northern Minnesota and North Dakota. Passenger trains are from one to four hours late in St. Paul tonight.
According to an official statement the Northern Pacific has all the switchmen here that they need now and new arrivals are shipped west.
Fifteen switch engines were working at Tacoma and business is opening at Seattle according to Mr. Studebaker, President, however, of the switchmen's union stated that he had received word from several eastern points today to the effect that switchmen in those places are ready to strike on a moment's notice.

Special to The Lantern:

Redman, Dec. 1.—Thanksgiving was spent very quiet here. There was not as much hunting on that day as there usually is. There were several Turkey dinners around in the community.

Rodman as well as her neighboring town is a thrifty little village and is looking forward to the future. We have a high school here and several nice residences. Our able physician, Dr. R. L. Douglas, is located here. Waters Bros cotton gin and saw mill, several stores and a rural route, together with the S. A. L., which runs direct through our town. We invite all the home seekers to come this way and help to build up our little town.

Mr. John Lyle King is going to have a pretty cottage erected. Will begin work in a few days. Mr. John Gaston is confined to his bed and has been for several days. Mr. and Mrs. Bruce Waters and family spent Thanksgiving at Mr. Frank Gaston's on Richburg No. 2.

Miss Essie Hollis entertained quite a large number of friends one night last week. The Tennis club will meet the Misses Millen Friday night. Mr. and Mrs. Connie Steele and little son, Joe Connie, Jr., and Mr. Pink Neely of Waxhaw, spent Thanksgiving with their uncle and aunt, Mr. and Mrs. Porter Gaston. Miss Jane Dunlap does not improve any. Among those who went to Chester today on 53 were: Mr. J. G. Hollis and Mrs. Frank Gaston. Mr. and Mrs. P. T. Hollis have gone to visit relatives in Savannah, Ga., and also Columbia. The Messrs. Stroud, of Heath, visited here not long since. Fern.

Sale Of Valuable Farming Lands.

We will offer for sale at public outcry, to the highest bidder, before the Court House door, in Chester, S. C., on Saturday, December 11th, next, at 11 o'clock a. m., that tract of land in York County, on the waters of the South Fork of Fishing Creek, containing one hundred two (112) acres, more or less, bounded by lands of McElheeny, Witherspoon, Bratton, Stultz, Workman, Glenn, McAuley, et al, and being formerly known as the Mary L. Duffy lands.

Terms of sale cash; title good, and a good deed in fee simple, with the usual covenants of warranty and proper reconveyance of dower will be made to the purchaser upon compliance with his bid, and possession of said lands will be given to said purchaser on the 21st day of December, 1909, ten days after his compliance with the terms of sale.

WHITE BROTHERS, OF SAML E. McFADDEN, Chester, S. C., Dec., 1909.

Christmas German.

The following invitation has been issued by the German club: The Chester German Club invites you to be present at a German Christmas Tree To be Given Dec 29th, 1909.

Cul Barrett, colored, was arrested in Kershaw, S. C., for the killing of Charlie McNeely, near Monroe, six years ago. He will be tried at the January term of the superior court.

Second Crop Cherries.

Mr. John Whilson, who lives in the Wellridge neighborhood, sent to The Lantern office yesterday some second crop cherries. The cherries were full grown and ripe, and a delicious taste. This is from a tree which bore a full crop in June of this year. The possibilities of the Chester climate are marvellous and few counties in the south can show so many second crops as this in one year. This second crop cherry can't be beat in this section.

Good Roads Committee to Meet.

The good roads committee appointed at the mass meeting of the citizens last summer is called to meet with the Chester county delegation in the court house, Saturday, Dec. 11th, at 11 a. m. It is important that each member of the committee and of the delegation be present at that meeting. F. L. Hardin, Chairman of the Delegation.

Miss Emily Graham, Vice President.

The 14th annual convention of the South Carolina division U. D. C. came to a close at Newberry on last Friday afternoon. Mrs. August Kohn, of Columbia, was elected President for the next year and Miss Emily Graham of this city, was elected one of the Vice Presidents. Georgetown was selected as the next place of meeting. The Daughters endorsed the Confederate Home and acted upon other things of interest. The meeting was a very successful one in every detail.

\$10 IN GOLD TO BE AWARDED

The Piedmont Realty Co., of Greenwood, has purchased from Mr. J. R. Alexander the property on Center street adjoining the residence of Mrs. Oates. Mr. William S. Benton, representing the Piedmont Realty Co., of Greenwood, conducted the negotiations and has been busy arranging for a sale of this property on Thursday, Friday and Saturday of next week, the 16th, 17th and 18th inst. Full particulars will appear in Friday's issue of The Lantern.

This property, which is on the lower end of Center street is very desirable as a residential section. The company wants some suitable name for this property and they invite every lady to send in a name to them and to the one suggesting the most suitable name will be awarded \$10.00 in gold. It is important that each lady desiring to win this \$10.00 send in the name she suggests to the Piedmont Realty Co. at 107 Center street, Chester, S. C., by Friday noon of this week. The company will be the judges and will award the \$10.00 in gold to the lady suggesting the most suitable name. "Anderwood" is the present name of this property but the company wants to change this.

All persons attending the sale of this property will be given free rides to and from the city. Already cement side walks have been laid around this property and the city is under contract to put water and sewerage in. It lies well and is one of the most desirable residential sections in this city. No doubt there will be a great demand for lots as everybody will realize that this is their opportunity to get hold of a nice lot on which to build a house. The Piedmont Realty Co. is a well known organization and Mr. Benton is well up on his business. He makes friends easily and with him in charge here the sale is an assured success.

Remember that every lady is invited to suggest some name for this property and mail or send it to the Piedmont Realty Co., 107 Center street, Chester, S. C., and the one suggesting the most suitable name will be awarded \$10.00 in gold.

OPERA HOUSE

For the lover of musical comedy for whom the overwhelming approval of Chicago, Boston, New York, is satisfying endorsement, "A Knight For a Day" will be a popular visitor locally on Thursday, Dec. 9th, at the opera house, when the big musical gaiety success is seen. One of the spectacular effects of the production is an electric sea saw, said to surpass for sensational effect any prior device achieved through electricity for the enjoyment of stage pictures. This giant sea saw of a score or more planks, some of them forty feet in length, carrying a lot of romping college girls, is covered with a thousand miniature electric bulbs of many colors, and as the boards swing up and down to the music of the song "Life is a Sea Saw," the effect is said to be a revelation of the possibilities of electricity in modern stage pictures. This presentation is made under direction of Ben Falk, who has secured B. C. Whiting's stupendous production and brings here intact the company with which he this season played New York City. Seat sale at City Hall.

The battleship Vermont with a draft of apprentices from the training station, sailed for Hampton Roads Sunday afternoon to join the Atlantic fleet.

A Chester Boy's Success.

The proficiency of the Chester Graded schools is shown by the stand which the graduates take at the colleges after finishing here. This is instanced by the record of Carlisle White, who graduated here last June and who entered Erskine college in September. He has been chosen as one of the Freshman declaimers for the Semi-Annual celebration of the Episcopalian Literary society, which is an honor. Friends here are glad to know of the stand which he is taking and he gives promise of developing into a splendid speaker. Earlier in the session Mr. White was chosen president of the Freshman class and is one of the most popular young men in college. The Lantern is glad to see the splendid stand which Mr. White is taking and it reflects credit on the local schools and on Chester.

Miss McAlpin To Leave.

Miss C. V. McAlpin returns tonight to her home at Chester, Pa. She has been with Mrs. T. H. White for one and a half years and her services have been very much appreciated by Mr. and Mrs. White. Miss McAlpin has made many friends here who hate to see her go and she carries with her to her home the best wishes of a host of friends.

The above illustration is from a photograph of the Plant Industry Building, U. S. Department of Agriculture, Washington, D. C. It is located in the heart of the city and is covered with PAROID ROOFING. The Government also uses PAROID for stables, barracks, warehouses, etc. It uses PAROID because it finds nothing as economical.

PAROID is the ideal roofing for barns, stables, sheds, poultry houses, warehouses, outbuildings, etc. Equally valuable for roofing or siding. It is permanent, is easy to lay, is spark and cinder proof, slate color, contains no tar, does not crack, and does not run in summer.

What is good for the Government will be equally good for you. Call for free samples of PAROID and see just what it is. Book of up-to-date Poultry and Farm Building Plans free for the asking.
