Guest Instructors To Hold Golf Clinic

A Golf Clinic sponsored by the physical education department will be held Thursday and Fri-
day, with Blast Bargon, associate profes-
sor of physical and golf science, as the in-
terpreter at the two-day program. Both in-
significant and advanced golfers are wel-
comed at the golfing event.

Two guest instructors, Miss Ed-
ith M. Smith and Miss Darlene An-
nerino, have consented to give a clinic at-
to the two-day program. Both in-
significant and advanced golfers are wel-
comed at the golfing event.

National Survey

Last week seniors and freshmen participated in a national survey conducted by the Office of Education in cooperation with a national survey of colleges and universities throughout the States.

There have been complaints from both faculty and student groups on various points. First, the timing of the surveys was said to have come in the middle of mid-term exams. However, it should be noted that the date which the tests had to be returned to the Wall was immediately prior to the exam. The information generated by this test was not in their content.

Another complaint about the test was that the questions were too general. It was strongly argued that she do so. Although each of the questions, the element of surprise seemed to play an important part in the test questions. Students had not been prepared to expect such a personal survey concerning their lives.

According to Dr. Charles S. Davis, an officer in the president, the tests were not available for reference. Hence the college was already obliged to proceed with the tests. He pointed out that the questions used in this test, other colleges and in national organization, is in better education far under the inconvenience and objections caused by these.

The results of the tests will be available next year in July after they have been compiled and analyzed. This is the practice of the President. They will be used here in the revival; they will be used next year in the test. This year the test has his aim, and for instance to show the improvement in education.

Parts of the questionnaires will be used in the survey of the house, fellowship and scholarship of the national government. They will be used in the test for boiling water. For instance, the amount of time students used for boiling water, etc.

Bicycle Theft

A growing concern for some students on campus is the disappearance of their bicycles for periods of an hour or more. At times the bicycles are never returned at all.

Students have been using bicycles for a salary of $10 each year the problem of “borrowing” has been a constant worry. It is not unusual for a common student to leave a bike parked outside a classroom and come out after a class only to find that someone else has ridden it off. A considerable amount of time must then be spent trying to locate it, often finding it at distant parts of the campus.

It is entirely possible that the students who take the bikes do so under the mistaken impression that they belong to the Winthrop Recreation Association. But WRA bicycles are clearly marked and are kept in certain stations. It would only take a minute or two to ascertain if the bike was a private one.

Special area to park bicycle, perhaps, would be considered for this year. Perhaps this would help to set a problem; certainly it would be better than the scheme of which many forget students
to take the bikes.

One major problem is the ability of the owners to have lock combinations. These locks are used fairly quickly and would give protection.

Both measures are necessary, although it is in a WRA bicycle, and locks should help to solve this problem.
Family Of Felines
Observe Campus Life

Western isn't all books and classes as you will find snow in your hair, brown belts in your pockets, and howl in your ears. We have four plucky blazesacin- culated around campus who feel that their owners are the most important people in the world. They are the wonderful princesses, Misses Carole and Caroline, members of the feline family. A true friend to all students, they are always willing to accept a nude apple in return for a good massage.

Freshmen put in Honors Classes

Dr. John B. S. Smith, chairman of the Honors Department, announced that all freshmen invited to participate in one of the college's Honors Classes have completed their course in freshman English.

KINGD AND GEMS - A life of campus cats is one of the most colorful and interesting features of the student life at Western. The students have a keen interest in their own campus cats, and are always happy to hear from their friends in other parts of the country. The cats are always on the lookout for food, and are quite skilled at catching mice and other small rodents.

JUMPERS ARE JUMPING

The Thanksgiving turkey is a symbol of abundance, but it is also a symbol of the coming winter. This winter, we expect to see a bumper crop of white-jacketed boys and girls. The white-jacketed boys and girls are those who have not yet been given a chance to show their true colors. They are the ones who will be the greatest asset to the college in the coming year.

MINDING PROGRAM

A musical program will be held at Baptist Student Union on Thursday, Dec. 5th at 8:00 p.m. to celebrate the organization of the Student Union in Columbus.

Carnegie Library Has Original Copy Of 'Dixie'

by PRISCILLA KITCHELL

The tune of the familiar song "Dixie" was written on the back of Professor Herman A. F. M. paper as they awaited Alexander Davis from his home to his home to his house in Montgomery, Ala., to his inauguration as President of the Confederacy. In the years following 1863, when Arnold wrote the familiar tune that has become a vital part of the Southern American Idiom. The importance of H.S. song at the time of its inception, may be seen in the present student generation. Carnegie Library contains one of the four original autographed copies of the musical score of the tune which was presented to the college approximately in 1865 when Arnold was asked to change the title of the song to "Oklahoma" in Montgomery, Ala. 1863 when Davis Ernest and his student received their degrees. For the first time, the full dimensions of opera on the stage. The highest opera house ever achieved will give you the exciting immediacy of the world-famous LA SCALA OPERA COMPANY presenting Puccini's
