Description of series and its contents:

This series consists of copies of stories that were sent out by the Information Service Office to publicize significant events on campus, such as faculty appointments, scholarship recipients and curricular developments. Also included are annotations and occasional clippings of photos and mats that were sent out to the media. There is a chronological index for each month's release located at the beginning of each month's folder, giving the title of the story and the number of dailies, weeklies, radio stations, etc. to which the story was sent.

The Office of Public Relations is now known as the Division of University Relations.
