Description of series and its contents:

This series consists of applications and correspondence between the President's office, the Business Manager, and students applying for employment and scholarships provided by the National Youth Administration (NYA). The NYA college student employment program was established in 1934-1935 and replaced the Federal Emergency Relief Administration (FERA). See Box 1-4, Folders 1-28. The application gives the financial statement of the applicant's family, including its 1) assets, 2) liabilities, 3) number of dependent children, 4) number of employed unmarried children, 5) accompanying letters of recommendation, and etc. There are also records relating to requests from college departments for student NYA employment. In most cases it was impossible to determine whether the applicant either received or was refused NYA aid. However, when possible this has been indicated. The series is in general chronological order with an alphabetical arrangement of the applicants within each year.
