Description of series and its contents:

This series contains mainly correspondence but also includes memoranda, telegrams, reports, statements and other related records pertaining, in general, to the various activities of the alumni Association, its relationship with the college, and its position in local, state, national and world affairs. In addition, to containing records relating specifically to the history of the college, there is a wealth of information concerning women's clubs in South Carolina and Winthrop's relationship with the community, such as the extension department. In using the subject file, one should look for related information among a variety of subjects. Most of the records exist between 1920-1955. The records are arranged alphabetically by subject and, thereunder, they are in general chronological order.
