

CAPITOL BUILDING, HAVANA, CUBA

12457

The Capitol Building is a marvel of Engineering, Sculpture and Painting. Built at a cost of over sixteen million dollars, it represents everything modern in construction and is considered the most beautiful palace in Latin America. One of the greatest features in the interior is the enormous statue representing Cuba.

Havana - Cuba

Wednesday - 9th -

Cuba is exceedingly interesting. The sea plane trip was thrilling.

Cordially yours
