The Lantern, Chester S.C.- January 15, 1904

Continued next week.

Beauty Only Sh'd Deep!—Beauty is only skin deep, but the fumes from the soaps and perfumes of which they are compounded have an influence on the system which is not to be despised. The most agreeable sounds in life to some are the peals of laughter of the young ladies as they pass along the streets. The odor of beauty and health is all around them, but the fumes are pleasant and the minds they affect are improved by them.

A Professional Swear.——In one of our neighboring counties, a lawyer was trying a case for a defendant who had been convicted of neglecting his business, and had been sentenced to a period of imprisonment for the term of six months. The defendant's counsel was a professional swearer, and the lawyer was trying to get the jury to understand that the man was not guilty of neglecting his business, but was only acting in accordance with the advice of his lawyer. The lawyer objected to the testimony, and the judge ruled that he could not introduce the evidence. The counsel then asked the defendant if he had ever sworn to a false cause, and the defendant replied that he had not.

The case was tried, and the defendant was acquitted.

How Do We Get a Cold?—A cold is a contagious disease which is transmitted from person to person by contact. It is caused by a virus which is carried in the respiratory tract of an infected person. The virus is transmitted to another person through the air, by touching contaminated surfaces, or by coming into contact with the infected person's saliva.

The symptoms of a cold include coughing, a sore throat, a runny nose, a fever, and in some cases, a headache or muscle aches.

A cold can be prevented by avoiding contact with infected people, washing your hands frequently, and keeping your environment clean.

The best way to treat a cold is to get plenty of rest, to drink plenty of fluids, and to take over-the-counter medications to relieve symptoms.

A Note on the Bible.——The Bible is a document that is sacred to many people, and is the source of much wisdom and inspiration. It is a book that is filled with stories, parables, and teachings that have guided people throughout the centuries. The Bible is a book that is full of love, hope, and guidance, and it is a book that is read and studied by people of all ages and backgrounds.
