For this purpose we would urge upon our friends and community to unite with us in this early experiment into the welfare of the state. It is early in the season. Let us now make a start in order to reap the fruits hereafter. It is to be hoped that the results will be satisfactory.

J. W. Heron, Chairman

In this connection we wish to refer to the late Mr. Kinsey, the great pioneer in this field. He was a man of vision and foresight, who believed in the importance of the work. He left us a legacy of $5,000, which we are now using to promote the cause.

The necessity expressed for a proper enquiry for the protection of the Sabbath is well-known. It is a matter of great importance and should be given the attention it deserves.

Do you want to attend a business college? If so, come to the American College of Commerce. It is one of the best in the country.

The governors of the United States have declared it to be one of the principal objects of the law to prevent the profanation of the Sabbath. This is a matter of great importance and should be given the attention it deserves.

S. J. Dunn, Wheel of the Senate.

The profanation of the Sabbath is a great evil and should be stopped. It is to be hoped that the results will be satisfactory.

In conclusion, we would urge upon all our friends to support this movement and to work for the protection of the Sabbath.

VICTORIAN COUNTRY.

The Fruits of Whisker.

The victory was a very cheering one, and the false accuser was completely discredited.

A party of tourists was taken on a pleasure trip on a steamboat. The party consisted of five men and two women. They were all well dressed and looked like gentlemen. They had a fine view of the country.

The pleasure boat was a small one, but it was very comfortable. It was decorated with flowers and flags.

The boat was steered by a competent pilot, who was very skillful. The boat was well built and could stand any weather.

The passengers were all well satisfied with the trip. They were all very much impressed with the beauty of the scenery.

The trip was a great success, and the tourists were all very much pleased with the trip.

Mr. C. R. Robinson, of Lockhart, and Mrs. W. B. Lynn, both of this city, were married yesterday afternoon at 4 o'clock. Dr. J. C. Bayley, of Lockhart, performed the ceremony. The wedding was attended by a large party of friends of Mr. Wagner, boss weaver at the plant, and Miss Janie Orr, of Orr Springs. Bradshaw was not satisfied and had a knife in his hand. We do not believe the situation was complicated on the wire, as the weather report showed it to be, but rather as the weather report stated it to be, the weather report showed it to be.

Let Others Praise Me

I believe all the people of Chester and surrounding counties are familiar with the many and diversified business enterprises of the late Mr. James A. Johnson. He was a man of great integrity and public spirit, and his memory is revered by all who knew him. His name will always be associated with the growth and development of this locality.
